A Suggestion to Mr. Walker and the **Receivers of the Centre County** Bank.

Since the latest start at more litigation in the Centre County Bank case it appears to us that it is opportune to make another suggestion. We have made many since the beginning of the muddled affair. Any one of them, if it had been acted on, would have resulted in speedy and economical adjustment of the difficulties. Not one of them was accepted. That, however, doesn't phase us and we are herewith gratuitously offering another.

Starting litigation in this case is a good bit like the late Dr. Hibler's door knob venture. The porcelain knob on his front door was chipped so that it looked unsightly. When he went to replace it he found that the fixture was such an odd style that he had to buy an entire new lock. There were none to be had for front doors except rather ornate ones so the Doctor got one of that kind. Then he discovered that to get it fitted to the old fashioned door and frame a carpenter had to Two Bellefonte Boys to Become Codo a lot of cutting so that old mortises could be closed up. When the lock was finally in place the front door looked worse than it had with the chipped knob, for sticking out like sore thumbs were the inserts of new wood all around the lock. To obliterate that and that made the rest of the house look so shabby that he had to paint the whole structure.

Prayer was offered by Kiwanian Arnold, pastor of the Lutheran church. During the enjoyment of the eats, secretary John B. Payne read the resolutions for the second time, recommended by the board of directors, relating to the later when there was a recurrence of amount of the annual dues and the meal tickets which must be purchased for every meal. The music was inspiring as usual and Miss Freda Edmondson made a most satisfactory mercantile business, and bought the substitute for Miss Bernice Crouse, the regular pianist. A beautiful letter was received by Arthur Sloop from with much success up to the time of his Mr. Satterlee, of Lock Haven, acknowledging the receipt of the club's letter of sympathy to the Moquin family and the Lock Haven Club for the sad and untimely death of N. J. Moquin, the secretary of the Lock Haven Kiwanis.

JOHN S. FISHER IS NOW PENNSYLVANIA'S GOVERNOR.

Thousands Flock to Harrisburg to See Inauguration and Parade.

In the neighborhood of four hundred people from Centre and Clearfield counties, members of the Harry B. Scott club and others, went to Har-risburg, on Tuesday, to witness the inauguration of John S. Fisher, as Gov-

ernor of Pennsylvania. The delegation occupied a position in about the middle of the parade and were led by the Girls' band of Morrisdale, which drew rounds of applause along the line of march.

The day's events began at 11 o'clock when Lientenant Governor Arthur H. James was sworn into office. It was just 12 o'clock when the oath was administered to Governor Fisher by Supreme court justice Robert Von Moschisker. Immediately afterwards Governor Fisher read his inaugural address, which was one of the briefest ever delivered by any Governor of Pennsylvania. Chief among his recommendations were the following:

Enactment of more stringent measures for the safety of the highways and the protection of the people.

Such relief for capital investment in state-owned institutions as the public means will afford.

Expansion of the Department of Mines into two bureaus with separate jurisdiction over the anthracite and bituminous fields.

vice Commission should be organized, sustained and equipped to carry out its functions of assuring to the people adequate service at reasonable rates. At the conclusion of his address the Governor was driven over the route of the parade and then to the reviewing stand, where he stood for more than an hour bowing in recognition to the thousands from all over the State who marched in his honor. The parade was said to have been one of the biggest and most spectacular ever seen at an inauguration in Harrisburg.

In the afternoon the Governor sent to the Senate the names of his cabinet officials, all of whom were promptly confirmed, and a short time later were given their duly inscribed commissions and at once took charge of their various offices.

The retiring Governor, Gifford Pinchot, with Mrs. Pinchot, left for Washington early in the afternoon, immediately after the inaugural ceremonies.
