Philipsburg Woman Celebrates 102nd Birthday Anniversary.

On Sunday Mrs. Mary Howe Mc-Clellan, widow of Ellis McClellan, of Philipsburg, was 102 years old and the momentous event was celebrated on Saturday with a family dinner at the home of her daughter, Mrs. Lydia Arnot, which also included a few intimate friends. Mrs. McClellan was born at Binghamton, N. Y., but the greater part of her life has been spent in Philipsburg and vicinity.

When Mrs. McClellan was born James Monroe was President of the United States, so that she has lived during the administration of twentyfive Presidents. At the time of her birth on February 13th, 1825, there were no railroads, no telegraphs, telephones or any of the present day conveniences. Four times she has seen her countrymen march forth to war, first with Mexico, then the great Civil war, the war with Spain and lastly the world war and each time they returned home conquerers.

Mrs. McClellan has five daughters living, Mrs. Harry Bell, of Tyrone; Mrs. David Sowers, Mrs. Esther Ebock, Mrs. Henrietta Freeman and Mrs. Julia Arnot, all of Philipsburg.

That remarkable woman, Mrs. Jonathan Bilger, of Pleasant Gap, was 96 years old last Friday, and, as has been her custom for a dozen years or more, had open house for the members of her church. Since this is one of the family and friends. Seventy-five guests gathered at her home during the State executive committee it is the afternoon and evening, most of which was a feature of the gathering. Still enjoying remarkably good health, despite her advanced age, Mrs.

Bankers Hold Interesting Meeting in Altoona.

All the banks in Centre county were represented at the thirty-second

annual meeting of Group Six, Pennsylvania Bankers' Association, held at the Elks home, in Altoona, on Saturday, with luncheon at the Penn Alto hotel. Following the scheduled addresses by M. A. Kendall, of Pittsburgh, and G. A. O'Reilly, of New York, T. C. Jackson, of the Moshannon National Bank, Philipsburg, gave a report of the meeting of the federal reserve board relations committee, of which he is a member.

R. C. Wilson, cashier of the First National bank, of Altoona, was elected president of the association for the ensuing year, and John D. Meyer, of Tyrone, was re-elected secretary and treasurer, which will make his fourteenth consecutive year in that office.

The roll call showed three less banks in the group this year than last, caused by the Beaverdale First National taking over the People's Deposit bank; the United States Savings and Trust company, of Conemaugh, taking over the Conemaugh Deposit bank, and the First National bank, of Millheim, taking over the Millheim Banking company.

Wild Life Pictures to be Shown at Moose Theatre.

A motion picture film of wild life in Pennsylvania, taken under the direction of the State Game Commission, will be shown at the Moose Temple theatre on Friday evening, February 25th, under the auspices of Camp No. 176 United Sportsmen of Pennsylvania, of Pleasant Gap. A representative of the State Game Commission will be present and give an explanatory talk during the showing of the picture, which will start at 10.30 p. m.

The Pleasant Gap camp is composed of sportsmen who have the interest of the good prices. Ton litter producwild game at heart. They are conserva- tion, which has as a goal a ton of pork tionists in every sense of the word, protecting the game during the summer season and feeding it when the snow lies deep on the ground in winter time. branch of the Izaak Walton league. First, they advocate an increase in the license for fish and small game to \$2.50 for residents and \$5.00 for non-residents; and for big game, such as elk, deer and bear, \$2.50 for residents and \$25.00 for non-residents.

They also want all license fees, fines. penalties etc., placed in a separate fund to be used only for fish and game propagation, and for the liquidation of claims for damage caused by wild

They also want a county game commission and township boards of appraisers whose duty it will be to appraise all damages done by wild game and see that the loser is properly remunerated.

There are various other provisions in their demands but the very first, that for an increase in the license fees, is likely to kill any other good points the bill may have. The rank and file of the fishermen at present kick on paying a dollar for a license and they certainly would put up a howl if the price were increased to \$2.50.

Call for 1927 Ton Litters Sounding.

Farmers of Centre county who plan to grow ton litters during 1927 are now entering their nominations with county agent R. C. Blaney. The ton litter season opened Feb. 1. Last year Centre county grew four of the 114 ton litters which won for Pennsylvania supremecy among the States. Those who grew the heavy porker families were the Pennsylvania State College, Claude Hoy, Bellefonte; John Thomas. Port Matilda, and A. C. Hartle, Bellefonte.

Every ton litter in Pennsylvania during the past three years has been produced at a profit, according to L. C. Madison, swine extension specialist at State College. Last year the average profit per litter was \$198.99. With such figures as convincing proof and the corn-hog ratio still favorable to pork production, many are expected to enter nominations for ton litters within the next few months.

Increase in the hog population of the United States is expected soon. There have been several seasons of low hog production, and stockmen forcast an increase soon. The wise farmer, therefore, will take advantage of per litter in 180 days, stimulates efficient feeding and marketing.
