

Bellefonte, Pa., April 22, 1927.

NEWS ABOUT TOWN AND COUNTY.

-You get free porch rocker tickets with each fifty cents spent with the Bellefonte merchants. 15-1t

-The American Legion minstrels are practicing hard every night for the performance to be given two nights next week, April 28th and 29th.

-Nineteen Centre county young men have already enrolled as candidates from Centre county to the citizens military training camps in July. The councy's quota is twenty-eight.

We have a very useful Auto-Strop Safety razor all done up in a neat little velvet lined metallic case, to a new subscription to the Watchman.

-Next week will be "American forest week" when every owner of waste land should plant seedling trees and extra care should be exercised by fishermen and others to prevent the starting of forest fires.

-On Wednesday evening of last week Rev. Homer C. Knox baptized five children and two adults and on Sunday he had the pleasure of taking twenty-six people into full membership in the Methodist church of Bellefonte.

in the Centre County hospital, having been taken violently ill on Sunday night with congestion of the bowels. While his condition yesterday was slightly improved his case is still regarded as serious.

-The Bellefonte Academy base-Freshmen, on Hughes field, tomorrow in their opening game, defeated the Juniata P. R. R. team 8 to 1. If you action go out to Hughes field tomorrow afternoon.

-George Windemaker, a twenty year old York county prisoner, made tiary, late Wednesday afternoon. He was a farm hand employed at one of the barns and managed to get away when nobody was looking in his direction. He is five feet six inches tall and weighes 147 pounds. He is of slender build and walks with a limp.

-And now it is announced that Samuel H. Wigton has been appointed postmaster at Philipsburg. In the civil service examination for the appointment Roy R. Rowles, former postmaster, had the highest rating, Mr. Wigton next and Wayne Kirk third. But Rowles and Kirk are Demoerats which likely put them out of the running and Wigton in.

ONE MAN KILLED

IN AUTO ACCIDENT.

Stephen Georges, of State College, a Victim of High Speed Driving.

Stephen Georges, an employee at the Nittany Quick Lunch restaurant, at State College, was so badly injured in an automobile accident on the state highway, near Rock Springs, last Saturday evening, that he died before he could be taken to a hospital; Furgys Buyers, a companion, was cut and bruised to that extent that he is still confined to his home, while James Harris, the driver of the car, escaped without a scratch.

The three men had left State College shortly after noon for a run to Tyrone. Returning about seven p. m. they flashed past "Tenny" Kocher on Wigton hill. When they passed the give to everyone who sends or brings him he remarked to his companion "I'll overtake them before they get very far." Whether that prophesy was his opinion that they would meet up with an accident because of their speed or whether he intended to speed up some himself we know not, but it came true. After he had reached a point just east of the Rock Springs garage he saw the Jordan roadster on its side. He and his companion were the first on the scene and when they got there Georges was lying under the car, crosswise, and the two other men were at either side of it. One pulling at his shoulders, the other pulling at -Edward R. Owen is a patient his legs in their effort to get him out, so excited that they did not seem to realize that they were tugging against one another.

Kocher and his companion, and others who had arrived by that time, succeeded in lifting the car so that Georges could be taken out. He was ball team will play the Bucknell living, but unconscious and a truck occupied by a lone fisherman stopped afternon at three o'clock. Admission, and offered to take the injured man 50 cents. Last Saturday the Academy to a hospital. Motorists contributed blankets and cushions which were used to make Georges as comfortable want to see some good ball players in as possible and the race to a physician began.

Dr. Woods, at Pine Grove Mills, was the first one visited. He examined the victim, advised hurrying on to his escape from Rockview peniten- a hospital, but expressed the fear that there was no hope and that death would come very shortly. It did just C. L. Goodling to Leave State College

Four Juniata Residents Injured in Auto Accident.

Four residents of Juniata, John Beichler, Harry T. Brungard, Herbert C. Ranck and James W. Funk, all members of Alexander camp No. 46, P. O. S. of A., on their way to Bellefonte to attend the Commandery meeting on Saturday night, were injured in an auto accident just west of Port Matilda, shortly before six o'clock on Saturday afternoon. Mr. Funk was driving the car, and owing to the slippery condition of the concrete road because of rain, he lost control of the steering wheel and the car crashed into a concrete culvert and hung there a mass of wreckage.

Ranck, who was sitting in front with the driver, was thrown clear of the wreck. Funk was pinned fast bemotorists brought the injured to Belleit was found that Beichler had sustain-

Lloyd Grubb Killed by Delayed Blast FEW LARGE CATCHES

Explosion.

Lloyd E. Grubb, of Coleville, an employee of George Rhoads' Sons, was so badly injured in a delayed blast explosion at Penns cave, about ten o'clock last Friday morning, that he passed away at the Centre County hospital shortly after being brought to that institution the same afternoon.

The Rhoads brothers had the job of building an outside lake and blasting a channel through the solid rock at the eastern end of Penns cave to connect the underground lake with the one constructed on Penns creek. The work was about completed; in fact the battery of three shots to be put off on Friday morning was the last of that kind of work to be done. After the holes had been drilled, loaded, fuses laid and properly tamped three of the men were picked to light the fuses. Lloyd was given the shot nearest the outside. The other two men lit their fuses and past out just as Lloyd applied the match to his, and the three men walked away to a safe distance.

Two of the shots went off but the one lit by Lloyd did not. All three men walked closer and looked but neither one could detect any sign of smoke and the natural conclusion was that the fuse had gone out. Lloyd walked up to the plugged hole and was in the act of stooping down to examine the fuse when the explosion occurred and he got the full force of it on his face, head and breast.

He was a son of Nelson E. and Bessie Henry Grubb and was born in Spring township on September 7th, 1905, hence was 21 years, 8 months and 8 days old. His entire life was spent at Coleville and vicinity. He had worked with the Rhoads brothers since early last December and was a steady, industrious young man. In addition to his parents he is survived by three brothers and three sisters, namely: Mrs. Henry Muirhead, of Coleville; Norman, Melvin, Elmer, Dorothy and Lois, all at home.

Rev. J. A. Mills had charge of the fneral services which were held at his late home at two o'clock on Monday afternoon, burial being made in the Union cemetery.

The entire cantata was accompanied by Mrs. Louis Schad, on the violin, and Mrs. Russel Blair, at the organ. At the offertory, "Ava Maria"-Schubert, was played by Mrs. Schad.

The silence and attention of the large audience which filled the church was proof that people are still eager for the better type of music.

ON SEASON'S OPENING.

No record catches of speckled beauties marked the opening day of the trout fishing season, and naturally every man who went out blamed it on the cold weather, the high water or the almost full moon. As usual quite a lot of Bellefonte fishermen went to Fishing creek hugging to their bosom the fond hope that by getting on the stream early they would reap a rich reward but even they were doomed to disappointment. The trout editor of the Watchman was among the number and he was persistent enough to stay on the job until Saturday evening, but had to confess when he returned that the best he could do was eight, which included what he had to throw back as undersized. And that was a sample of the luck the fishermen had who whipped the waters of Fishing creek. After writing the above, however, we learned that postmaster John L. Knisely caught twenty trout in two days, ranging in size from 81 to 11 inches, which is the best record heard of. Spring creek fishermen did not fare

much better. A number of Bellefonte dren. men spent four to five hours on this stream without getting a rise. Of course there were a few who fared better. Joseph Thal, one of the best fishermen in Bellefonte, put in almost the entire day on Spring creek and the hest he could do was eleven, and he admits that he never fished harder in his life. While the trout he caught were nice he had no unusually large ones, eleven to twelve inches being the

ty-two fishermen in a stretch of about Carlisle. two miles. John Nighthart was one of the Logan branch fishermen and was successful in landing seven. A young man by the name of Hoy went J. O. Heverly and Harry Monsell each landed eight.

Probably the best beginning of the day was made by Eddie Brown. He and Edward Owens had made arrangements to go up Spring creek and Brown, while waiting on Mr. Owens to get ready, decided to try his luck in the tail race leading from the from Mr. Cook's daughter, Mrs. R. H. Mc-Phoenix mill. Inside of twenty minutes he landed three trout, measuring now on their way home from Europe, ex-14, 16 and 18 inches. But when he went with Mr. Owens he didn't get a

Mrs. Margaret Parker Painfully Burned in Gasoline Explosion.

Mrs. Margaret Parker, mother of Mrs. Roy Wilkinson, of Bellefonte, was painfully injured in an explosion of gasoline, last Wednesday afternoon, and only her quick action and rare presence of mind prevented what might have resulted in a tragedy.

The Wilkinson family was away from home, having motored over to Philipsburg, and Mrs. Parker, who is seventy-two years of age, decided she would clean one of her little granddaughter's woolen dresses. Going out their daughter, Miss Margaret, will return under the grape arbor in the yard she emptied gasoline from a can into two buckets. After thoroughly soaking the dress in gasoline she was in the act of rubbing the collar of the dress between her hands when there was an explosion and the fire burned both hands severely, her arms almost to the elbows and her hair on the fore part of her head. She was wearing a woolen sweater and the sleeves of it caught fire.

With her burned hands she smothered the burning sweater, then kicked over the can of gasoline and with a stick carried the burning bucket of liquid down into the garden where she left it burn itself out. She then went into the house and applied Iocal remedies. Her fingers and portions of her hands were blistered from the hours but she is now recovering.

State College Bill Passes Legislature.

The Scott bill providing a total appropriation of \$4,234,500, including one million dollars for new buildings and plant repairs for the Pennsylvania State College, was given full approval by the Legislature in the closing days of its session last week. It is now on the desk of Governor Fisher awaiting his action within thirty days of the closing of the Legislative session.

The funds provided in the bill, in addition to the building item, include \$2,181,000 for general college maintenance, \$403,500 for agricultural research and \$650,000 for agricultural and home economics extension. These are the figures originally asked by the trustees in the Scott bill, and represent the bare minimum with which the work of the college can be continued for the next two years. They do not anticipate the addition of any new ac-

The building situation at the college is quite serious, as was seen at first hand by members of the house appropriations committee on a recent visit to the campus.

-Free porch rocker tickets given with each 50 cent purchase.
