Bellefonte, Pa., August 5, 1927.

## NEWS ABOUT TOWN AND COUNTY.

—Miss Helen Bezer is a patient in the Centre County hospital, having been there for a week.

—St. John's Protestant Episcopal church will be open during the month of August, beginning Sunday, August 7th. Services at 8 and 11 o'clock a. m., conducted by Rev. Philip A. Dales, of Harrisburg. No evening service will be held.

—Two of the big DeHaviland mail planes, rebuilt at the Bellefonte aviation field, have been sold by the Post-office Department to the U. S. Agricultural Department and on Monday were taken on a flight to the southwest where they will be used in spreading bug dust on cotton fields.

—Mrs. Raymond G. Bressler, wife of the deputy Secretary of Agriculture, is in the Harrisburg hospital with injuries sustained in a motor accident, on Wednesday of last week, while on a trip with her husband from Harrisburg to Bloomsburg. The Bresslers formerly lived at Lemont, Centre county.

—At a special session of court, on Monday, Harry Stanton, of Julian, arrested on June 16th on the charge of having a small quantity of morphine in his possession, entered a plea of guilty and was sentenced to pay a fine of \$150 and imprisonment in the county jail for three months, to date from the time of his arrest and incarceration in jail.

—While patrolling the Penn Public Service corporation's electric lines from Philipsburg to Snow Shoe, last Saturday morning, John Supina ran into a den of three rattlesnakes. Securing a stout club he gave battle and killed them all. One measured four feet and a half and the other two three and a half. They had seven, ten and thirteen rattles.

—The carnival being held on the Haag house lot by the American Legion for the benefit of the Bellefonte baseball team will close with tomorrow (Saturday) night. The "big show" has been fairly well patronized but new features will be introduced tomorrow evening which will be worth seeing. As it is the closing night a big crowd should be present.

—The Bellefonte Camp No. 887, P. O. S. of A., will hold its annual festival on the Gentzel school house grounds, near the new aviation field, August 13th. The committee has arranged an entertainment for the entire evening. Music will be furnished by the Lemont band. Go and take your friends and enjoy the evening, as refreshments of various kinds will be served.

—The Undine fire company will hold their annual picnic at Heela park on Thursday, August 18th, instead of on Labor day, as in former years. Members of the company will canvas the town next week for contributions, and as they have been unable to secure the meal privilege cash will be appreciated, no matter how small the sum. A good program of sports will be arranged for the picnic.

—Leo Toner, acting manager of the Scenic since the illness of T. Clayton Brown, has an intimate knowledge of all the motion pictures made and the pick of the best of them are the ones he has secured for exhibition at the Scenic. Bellefonte people know this very well and strangers visiting in town invariably go to the Scenic when they want to see something good. Be a regular and see them all.

—As a means of future retrenchment in expenses at the Bellefonte plant of the Federal Match company two more local officials were released on Wednesday afternoon, W. Frederick Reynolds, who has been acting manager since the release of his father, Col. W. F. Reynolds, and Miss Blanche Underwood, the very efficient secretary of the local organization. Miss Underwood has been with the company for some years and being a very efficient young woman will probably have little difficulty landing in a nice position.

—John Baney, four year old son of Mr. and Mrs. Charles Baney, of Spring Creek, sustained a bad cut on the head and other minor injuries in a motor accident on Monday. He, with several other children, were playing on the bank of the public road as Dr. J. C. Rodgers, driving his own car and trailing another one into town, happened along. The Baney boy ran out into the road between the two cars and it was impossible to avoid hitting him. Dr. Rodgers promptly took the lad to the hospital and gave him the necessary surgical attention.

—After being associated with the Bezer garage for a period of twenty-four years John Porter Lyon resigned his position as manager two weeks ago. Mr. Lyon, by the way, was the pioneer garage man in Bellefonte and Centre county. Back in the days when autos were still in their swaddling clothes he took the Buick agency and purchased a two cylinder model. He later opened a garage in the Bush Arcade, in the room now occupied by the business office of the Bell Telephone company. In those days operating a garage was not a paying proposition and he finally closed out and later went with George A. Bezer, at his agency on north Water St.

## BOROUGH COUNCIL HAD BUSY EVENING.

Considerable Routine Business Discussed and Disposed of.

Just six councilmen were in attendance at the regular meeting on Monday evening, the absentees being Messrs. Reynolds, Brouse and Eckel.

Henry S. Linn again appeared in person and informed council that unless something is done immediately to prevent the drainage and sewage from Masonic Temple seeping into their cellar he would appeal to the State Board of Health. Borough manager J. D. Seibert stated that he would start work the next morning on laying a sewer pipe across Allegheny street, and Mr. Badger stated that the Masons would make connection as soon as the sewer pipe was laid across the street.

A written application was received from L. E. Harter for an appointment as borough policeman. It was laid on the table for future consideration.

The W. C. Krader Motor company presented a permit from the State for the installation of a gas tank and pump under the curb at their place of business on the corner of Allegheny and Howard streets. Several councilmen expressed the opinion that the street there is too narrow to permit the construction of a filling station and no action was taken.

In a written petition to council residents of Bishop street, between Allegheny and Spring streets, complained of inadequate sewer service. That during hard rain storms the present sewer will not carry off the water and that the surface drainage is not sufficiently sanitary.

Borough manager Seibert stated that the big sewer had been about one third full of crushed stone and dirt. That he had recently removed twelve tons of stone and it was now clean and clear and should carry away all the water during the hardest kind of a storm. The matter was referred to the Street committee to see that there is no further cause of complaint so far as the borough is concerned.

Theodore Haupt, contractor, presented a written request for a permit to erect a concrete block house on east Howard street for Raymond Ammerman, giving a detailed description of the house as well as location. After some discussion as to just how council should proceed in the granting of a permit the matter was finally referred to the Village Improvement committee for investigation and report at next meeting.

The Street committee reported cleaning out the big sewer on Bishop street, and also the one on Lamb street, near the armory, as well as various repairs on other streets.

Mr. Cunningham, of the Water committee, reported that the G. F. Musser company vacated the Phoenix mill property on August 1st, all but a shed in which they have two trucks stored and for which they will pay \$10 per month rent. The company owed for rent to August 1st \$260 and asked a credit of \$110 for an electric motor installed at the elevator and a heating plant, which was fifty per cent. of the cost of same. The committee had made the allowance and presented the company's check for the balance of \$150. Council approved the action.

The Finance committee asked for a new note for \$1000 to meet current bills, which was authorized.

The Fire and Police committee presented a check for \$77.25 a contribution of residents of Spring Mills, and the individual check of C. P. Long for \$8.00, as a good will offering to the Bellefonte fire department for the response of the Logans on the occasion of the recent fire in that town.

The Sanitary committee reported progress in connection with the complaint at the last meeting regarding the smoke nuisance from the milk station.

Mr. Cunningham presented five bids for furnishing pipe for the proposed water extension on Lamb and north Thomas streets, but some of the bids represented the price of the pipe per foot and others in tons, and the bids were referred back to the committee to get them all in price per lineal foot.

Residents of east Howard street are complaining about a bad odor up there caused by throwing wash water in open gutters. Referred to the Sanitary committee.

Bills amounting to \$1075.94 were approved for payment after which council adjourned.

## Bellefonte Lost to Jersey Shore.

The Bellefonte ball team lost to Jersey Shore, last Saturday, by the score of 5 to 4 in a ten inning game. The locals scored two runs in the first and second inning and this, probably, was their undoing. It looked as if things were going to be easy for Bellefonte but Jersey Shore proved a worthy foe and made a grand slam in the third inning when three runners crossed the plate. They tied the score in the 8th and the winning run was driven in in the tenth by a clean base hit by Nicholson. Having won Thursday's game Bellefonte was able to move up two pegs from the tail end as will be seen from the following standing of the clubs:

	W.	L.	Pe
Lewistown	3	0	1,000
Jersey Shore N. Y. C.	2	0	1,000
Williamsport P. R. R.	2	1	.667
Bellefonte	1	3	.258
Lock Haven	0	2	.000
Mill Hill	0	2	.000

## Escaped Prisoners Captured Last Friday Morning.

Harvey and Fred Buck, the two brothers who escaped from Rockview penitentiary last Wednesday afternoon, are now back in the penitentiary at Pittsburgh with long terms ahead of them as the result of their breaking and escaping. The two men were caught on Friday morning up at Snow Shoe intersection through information furnished by Mickey E. Flynn, the night trick operator at the tower. When he wasn't hammering the key of his telegraph instrument or answering the telephone Mickey kept a watchful eye out of the window. Between four and five o'clock he saw two men trying to start the Ford car of Mr. Sommers, who lives near the tower. He called to them to find out what they were doing and grabbing a rain coat from the car the men ran up the railroad track.

Mr. Flynn had read a description of the escaped convicts and feeling certain that the two men were those individuals promptly called the penitentiary. Deputy warden W. J. McFarland and assistant deputy C. C. Rhoads quickly responded and found the fugitives lying on the ground fast asleep, about half a mile from the tower. They were captured without any trouble and landed in the Centre county jail. Operator Flynn will be entitled to \$100 for furnishing the information which led to the arrest of the escaped convicts. On a former occasion Mr. Flynn was paid \$50 for turning in the information which led to the arrest of an escaped prisoner.

The Buck brothers were taken before Judge Furst, on Saturday afternoon. He sentenced Harvey to serve an additional sentence of two to four years and Fred four to eight, following the expiration of their original sentence. Milan Dackrack, of Cambria county, who escaped from Rockview on July 1st and was caught the next day, and who refused to plead guilty when taken before the court on July 9th, for fear he would be sent to the electric chair, changed his mind and on Saturday entered a plea of guilty. He was given two and a half to five years, a duplicate of his original sentence.

The three men were taken back to Pittsburgh early in the week by sheriff E. R. Taylor and deputies.

## State Cop Released on Bail Charges Sheriff Taylor with Assault.

Corporal Glen A. Amend, state highway patrolman who was arrested and confined to the Centre county jail, on Monday night of last week on the alleged charge of aggravated assault and battery on the person of Robert Taylor, was released on bail last Thursday and later transferred from Bellefonte to Altoona where he has been assigned to duty.

His release followed a visit to Bellefonte of Lieut. J. M. Bender, of Altoona, who came here to make an investigation of the case. On his advice Amend went before 'Squire Woodring and made information against the sheriff charging him with assault; against Robert Taylor charging him with assault and resisting an officer, and against three other Bellefonte young men charging them with interfering with an officer in the performance of his duty. No warrants were issued for the arrest of any of the men, but all went before 'Squire Woodring and voluntarily entered bail for their appearance at court.

The Altoona Tribune, on Saturday, published a column story of the entire incident, as told by Lieut. Bender and Corp. Amend, and when the correctness of the story was disputed by sheriff Taylor a staff correspondent was sent here on Sunday with the result that the paper carried another long story on Monday giving the other side of the affair.

In the meantime Mrs. Taylor has recovered from her attempt at suicide and is back with her husband at Pleasant Gap. So far there is no indication of a settlement out of the courts and if the case is eventually tried some unpleasant truths may be divulged.

## Seventy Graduate at Close of the Summer Session at State.

Diplomas were awarded to 70 graduates at the fourth annual summer commencement of The Pennsylvania State College last evening, by President Ralph D. Hetzel. Fifty-six of these were given to graduates of four-year college courses and the remainder were advanced degrees to those completing work in the Graduate school.

The commencement address was given by Dr. Harold W. Foght, president of Northern Normal and Industrial School, at Aberdeen, S. D. He has been at State College for the past two weeks giving special courses in rural education to teachers of country schools. A feature of the evening was a combined concert by the orchestra and chorus of the Institute of Music Education.

The Penn State summer session, without doubt the best ever conducted at State College, closes today. A large group of county and district superintendents of schools is at the college this week for special conferences, addressed by prominent educators including Dr. J. A. H. Keith, superintendent of the State Department of Public Instruction, and many members of his staff.

## NEW BELLEFONTE BANK IS GRANTED CHARTER

Will be known as Farmers National and Capitalized at \$50,000.

The United States Comptroller of Currency has granted a charter for a new bank in Bellefonte to be known as the Farmers National bank, capital and surplus \$62,500, full paid with quite an additional list of applicants for stock.

The board of directors chosen at the time application was made for a charter includes Dr. S. S. McCormick, William H. Brouse, Rev. Reed O. Steely, Van S. Jodon, W. C. Smeltzer, Jacob H. Weaver, John W. Garbrick, John P. Eckel, Frank P. Hockman, Dr. F. K. White, Edward F. Garman, Dr. S. M. Nissley and Willis M. Bottorf. The officers chosen from the above list are president, Rev. Reed O. Steely; vice president, W. C. Smeltzer; secretary, Willis M. Bottorf. No selection has yet been made for cashier although it is understood that the board has quite a list of applicants.

The new bank will be located in the building on the corner of Spring and High streets formerly occupied by the Centre County Banking company, which will be thoroughly overhauled and renovated, without any extensive remodeling at present. It is planned to have the institution open for business on or about October first.

While the new bank will be located in the Centre County bank building its interests are entirely separate and apart from those of the old institution, although every creditor of the Centre County will be given opportunity to subscribe for stock in the new institution.

The initial capitalization is only tentative. It could have been made \$100,000 and the amount would have been subscribed, but the limit was fixed at fifty thousand so that the creditors of the old institution would have the opportunity to join in if they so desired.

Before anyone else is offered stock in the new institution every creditor of the Centre county will be offered a chance to subscribe, whether it be for one share or ten. They will not be urged to do so, but if enough desire to do so the capitalization will be increased—so that they may be accommodated.

We understand that the new Company will take over the banking building at just what Mr. Eckel paid for it, plus interest on his investment. The banking rooms will not be greatly changed at once but the third floor will be converted into ultra-apartments so that the building will have an earning capacity that will make it an exceedingly profitable investment, instead of a frozen asset on the bank's books.

If the plans in prospect are all carried out there can be no doubt of the success of the new institution. In fact its final development might be the most substantial business organization Centre county has ever had.

## W. C. T. U. Convention to be Held at Port Matilda.

The Centre county Woman's Christian Temperance Union has announced that the annual convention will be held at Port Matilda, one day only, September 15th.

The county treasurer, Mrs. F. P. Knoll, reports that the books already show an increase of membership over that of last year. Almost every local reports a gain and there are several new or reorganized Unions. With over a month in which to collect dues and enroll new members the Unions will no doubt make greater gains before the convention.

The program of the W. C. T. U. is changing a little with new knowledge of the problem. The basic fact is now seen to be more scientific than ethical, resting upon the simple discovery that alcohol is a poison, a habit-forming drug; that the prevention of alcoholism is a matter of public health and sanitation. The eradication of the bootlegger is in the same list of public duties as the eradication of the typhoid germ.

Mrs. W. A. Broyles, of State College, is just completing the first year as president of the county organization. Mrs. Frank Fisher, of Centre Hall, is vice-president.

A large delegation from this locality is expected to attend the Port Matilda meeting. The evening speaker has not been announced, but an effort is being made to secure a notable minister for the occasion.

The Bellefonte Union, under the leadership of Mrs. E. O. Struble, reports a gain in membership over last year and a number of educational projects carried out. The local Union owns a fine property on High street, known as Petrifical hall, which is free from debt.

## Y. M. C. A. News Notes.

The Regular monthly meeting of the board of directors of the Bellefonte Y. M. C. A. will be held Monday evening, August 8th, at 7.30 o'clock. All standing committees will please report.

The older Y boys will go out today for an over night hike. Full information can be obtained from the secretary.

The "old-timers" bowling social held last Friday evening proved an enjoyable event for all who participated. One of the new men in evidence was Mr. Caum, local manager of the Bell telephone. Doc Williams made the high score, 210.
