

NEWS ABOUT TOWN AND COUNTY.

The American Legion band, of Clearfield, returned home on Tuesday from its trip to France.

The Catholic Daughters of America have decided to hold their annual bazaar December 3rd.

P. M. Schuchart has been transferred from the Altoona office of the Bell Telephone Co., and made commercial representative of the company at this place.

Saturday and Sunday were the hottest October 1st and 2nd days recorded here in many years, thermometers registering from 82 to 90 degrees above zero.

A new marriage law which went into effect last Saturday forbids the issuance of a marriage license to girls under sixteen years of age, even though they have the consent of their parents.

For their game with the Academy here tomorrow Villa Nova is bringing twenty-six men so that she will have plenty of reserve material for what is likely to be a desperate football battle.

Woodsmen are reporting small game more abundant now than it was during the hunting season last year, but that is no certainty that hunters will find it plentiful when the season opens in November.

Mr. and Mrs. John Woods are perhaps the happiest parents in Bellefonte this week, over the arrival of a son, who was born at the Centre county hospital yesterday morning. The little lad is their first child.

An alarm of fire, on Sunday evening, shortly after seven o'clock, called out the fire department, but no fire could be found, although some automobilists drove down to Milesburg on the hunt of a conflagration.

The ladies of the Bellefonte United Brethren church will hold their annual chicken and waffle supper in the basement of the church on Thursday evening, November 3. Supper served from 5 to 7 o'clock. Tickets for adults 65 cents and for children 35 cents.

The Scenic is still doing business at the old stand, showing the same high-class motion picture shows that have aided so much in building up the Scenic's reputation. All movie fans patronize the Scenic when they want to see something real good, as that is the only place in Bellefonte where the best pictures are shown.

The strike at the Bellefonte plant of the Federal Match company was settled last Thursday afternoon and the entire force of employees returned to work on Friday morning. It is stated on reliable authority that the employees agreed to accept the bonus proposition of the company when the latter guaranteed that it will not mean a reduction in wages.

Israel Witten, the well known junk dealer of Bellefonte, has been a patient in the Centre County hospital for over three weeks, undergoing treatment for neuralgia of the heart. When taken sick Mr. Witten was confined to his room on the Race street side of the Bush house for two days before his illness was discovered, and he was then removed to the hospital.

Richard Holmes, who for several years past has lived in Bush's Addition and who recently sold his property there to J. R. Hogentogler, purchased the Miss Mary McQuiston home at public sale, on Saturday, for \$6700. The lot running from Thomas street to the railroad was bought by Guy Bonfatto for \$800. The household furniture and personal effects, also sold on Saturday afternoon, brought fair prices and amounted to over five hundred dollars.

The recent grand jury took occasion to recommend that better and larger apartments be made in the Centre county jail for the detention of female prisoners. At the present time four women are confined in the jail, in an apartment designed originally for two prisoners, and the result is they are not very congenial company for one another. In fact it is reported that several of the women staged a general fight one day last week and had to be separated and reprimanded.

Because of the protest made by members of the United Brethren church, of Bellefonte, against the assignment of Rev. J. I. L. Ressler as pastor for the coming year, the district superintendent has effected a change of pulpits whereby Rev. Ressler will go to Wilmore, Cambria county, and Rev. William Snyder, who was the original assignment to Wilmore, will come to Bellefonte, and will be here to begin his pastoral work on Sunday. Both Rev. Snyder and his wife are ordained ministers.

The Penn State football game, on Beaver field tomorrow afternoon, will be watched with considerable interest by State enthusiasts both at the College and in Philadelphia. It will be State's final game before the U. of P., at Philadelphia, on October 15th. Bucknell, under the coaching of Carl G. Snively, has been putting up a stiff game, and if State displays considerable superior strength it will mean that she will have a good chance against the Quakers, even though they have shown up remarkably well in the two games already played.

CRIMINAL COURT ENDS. CIVIL CASES THIS WEEK.

A Number of Actions Continued for Various Causes.

Among the last cases tried in quarter sessions court last week was that of the Commonwealth vs. William Houtz, William Emenhizer and Jacob Zong, indicted for neglecting and refusing to maintain a public road. Prosecutor, N. W. Williams. This case was from College township, and the defendants being the supervisors, were prosecuted for neglecting and refusing to maintain a public road leading from Lemont south towards the mountain. After hearing two witnesses the case was not pressed and the county required to pay the costs.

Russel Fleisher and Oscar Woelagale, who were prosecuted for stealing the money of Oscar Hanson, in Union township, an account of which was given at the time of their arrest, appeared in court and plead guilty and sentence was suspended and the defendants given six months to pay the costs.

Court convened on Monday morning and the following cases on the second week's list were disposed of:

Neal Graffius vs. Steve Sawkiw, being an action in trespass. Continued.

J. E. Weaver vs. B. C. Dotterer, being an action in trespass. Continued on account of the defendants being quarantined.

James E. Starrett vs. Harry Spector and David Swabb, trading as Williamsport Auto Parts company, being an action in trespass. Continued on the absence of a material witness.

M. I. Gardner vs. Highland Clay Products company, a corporation, being an action in trespass. Settled.

John C. Marks vs. Penn Mutual Fire Insurance company, of Chester county, being an action in trespass. This case went to trial on Monday on the convening of court, and grows out of a fire and destruction of the plaintiff's house and barn, most of his household goods; all of his implements and three horses, in Taylor township, on the morning of the 20th day of December, 1923. This was the second trial of this case, the first trial having been reported about a year ago. Verdict on Tuesday afternoon in favor of the plaintiff for \$2455.00, with interest from March 31, 1924.

Dr. Celestin Simr, Vice-Consul of the Consulate of the Czecho-Slovak Republic of Pittsburgh, attorney-in-fact for John Mintuch (John Mento), vs. National Union Fire Insurance company, of Pittsburgh, being an action in trespass growing out of a fire and destruction of his house at Ghemwood, in Rush township, early in 1926, the same having been insured by two different insurance companies. The consulate brought this action for the plaintiff to recover from the companies, the companies defending on the ground that there would be a pro rata between them, and that the property was not of the value as claimed at the time of getting the insurance and was not worth near the figure sued for. This case went to trial on Tuesday afternoon and was settled on Tuesday evening.

Centre County's Ballots Impounded by U. S. Marshals.

D. A. Gould, deputy United States marshal; John R. Colan and Henry Ott, assistant deputies, all of Scranton, arrived in Bellefonte on Monday morning and promptly got busy on the job of impounding the ballots cast at last November's election in Centre county. Charles Bullock, John J. Bower Jr., Joseph Herman and Gideon Payne, were sworn in as assistants, and George Jodon, George Est-right, "Toots" Wilson and Sam Caparelle were sworn in as truck drivers and the entire force got busy.

A consignment of sixty-four registered mail sacks were shipped to Bellefonte in which to put the ballots, which does away with the necessity of taking away the ballot boxes and later returning the same. When the deputy marshal discovered that there are sixty-five election precincts in the county he promptly ordered another mail sack, so that the ballots and all papers pertaining thereto of each election district are deposited in one bag, which is then locked and properly labeled. All the bags were brought to Bellefonte and deposited in the grand jury room in the court house, which was carefully locked, and where the ballots were kept until Tuesday night when they were taken to Williamsport.

As all the expense of gathering the ballots has been guaranteed by William S. Vore and William B. Wilson, the two Senatorial candidates last fall, and the two men interested in the election contest, there has been no cost to Centre county in the gathering of the ballots.

Big Buck Killed by Autoist on Sunday Evening.

On Sunday evening, about 9:45 o'clock, Harry Lucas, of Moshannon, started on a trip to Snow Shoe in his car. On Indian Grave hill a big four pronged buck jumped out in front of the car, was knocked down and its left front leg broken at the shoulder. Mr. Lucas killed and dressed the deer then notified game protector Thomas G. Mosier who went to Snow Shoe and brought the carcass to Bellefonte. The buck was unusually fat and dressed 159 pounds. The meat was turned over to the Centre County hospital.

Centre County Jail Delivery Nipped in Bud.

Suspicious actions of two prisoners in the Centre county jail and a quiet tip from another prisoner resulted in nipping in the bud, this week, of what might have resulted in an attempted jail delivery in the near future. The tip was given sheriff Taylor to watch the Molyneux brothers, two of the men who were caught in the act of escaping from Rockview penitentiary on the evening of September 15th. Consequently, on Tuesday, sheriff Taylor and Harry E. Dunlap made a search of the cell in which the brothers are detained and found that they had broken one of the legs from their iron bed and in some way had sharpened one end of the broken leg almost to a dagger point. Whether they had intended it for use as a weapon to fight their way to liberty or as an implement to dig out through the stone wall is, of course, not known. Nothing else, however, was found in the cell, but to frustrate any further action of like character the sheriff removed the iron bed from the cell and placed the mattress on the floor, where the men will have to sleep in the future.

The Molyneux brothers, Leslie and William, it will be recalled, were nabbed by penitentiary officials just as they and Hampton Boyd, of Philadelphia, and Floyd Goodstall, of Bradford county, crawled through a hole they had cut in the barred wire stockade on the evening of September 15th. Thus far the four men have steadfastly refused to plead guilty and as the grand jury had completed their work when the attempted escape took place they could not be tried at the September term of court last week.

The Molyneux brothers were convicted in Lycoming county on May 17th, 1927, for the robbery of Kingsley Bros. store, at Masten, just eleven days previous. The safe was taken from the store, hauled a mile away in a truck and blown open with dynamite, \$2700 being taken. Leslie Molyneux was given 5 to 10 years in the penitentiary and William 4 1/2 to 9.

Bellefonte Woman's Club.

The first meeting of the Bellefonte Woman's Club was held in the High school building, Monday evening, September 26th, with forty members present.

The work of the three departments, civic, educational and charity, were thoroughly discussed and plans made for the intensive activity in the club work for the coming year.

Appropriations were made for the library in the Y. M. C. A. building and for the Sea Shore House for crippled children at Atlantic City.

Mrs. Ebon Bower and Mrs. D. I. Willard were appointed delegates to represent the Club at the State convention of Federated Clubs, to be held in Pittsburgh October 10th to 14th.

A report of the meeting of the tuberculosis seal sale at Lewistown was given by Mrs. Shallcross.

The program committee is at work on a program which cannot fail to be entertaining to the club members.

A pleasant feature of the club meeting was the social hour enjoyed in the cafeteria, where a dainty lunch was served by Miss Helen Mackey, teacher of home economics, and her able assistants.

Penitentiary Would Not Take Mrs. Mabel Craig.

In the regular court report published in the Watchman last week mention was made of the severe sentence meted out to Charles Emel for inveigling his cousin, Catherine Emel, a minor and ward of the juvenile court, into marriage, and also Mrs. Mabel Craig and Harvey Walker as accessories, each sentenced to pay a fine of \$1000 and two to four years in the western penitentiary.

But the penitentiary authorities refused to receive Mrs. Craig, stating that they have no place to keep female prisoners, and the result is she is still in the Centre county jail.

The two men, Charles Emel and Harvey Walker, were taken to the penitentiary on Friday and officials there stated that it was the first time any one had been committed to that institution for the crime for which Emel and Walker had been convicted.

Huntingdon Presbytery Held Fall Meeting.

The fall meeting of the Huntingdon Presbytery was held at Bellefonte on Monday and Tuesday. Rev. W. C. Thompson, of Bellefonte, preached the opening sermon. Two ministers were released from Presbytery because of a desire to retire and two because of accepting calls in other Presbyteries.

Among the delegates elected to the annual meeting of the Synod of Pennsylvania, to be held in Chester were Rev. J. Max Kirkpatrick, of Centre Hall, and elder Charles Thompson, of Lemont. Rev. Walter K. Harnish was elected a trustee to fill out the unexpired term of the late Rev. R. M. Campbell.

The county conference of women's clubs will be held in Philipsburg Saturday, October 22nd. All women's organizations are asked to send representatives, with reports, to this meeting. Further particulars next week.

FARMERS NATIONAL OPENED SATURDAY.

Bellefonte's New Bank Starts Out Most Auspiciously.

The Farmers National bank, Bellefonte's new banking institution, got away to a most auspicious start, on Saturday morning, notwithstanding the fact that they were short on furniture and the bank books and check books did not arrive until some time after the doors were opened promptly at nine o'clock. But they had plenty of money on hand and as the bulk of Saturday's business consisted of receiving deposits the delinquency in the delivery of the check books was not such a serious matter.

As an indication of the faith of the public in the new institution is the fact that the deposits on Saturday amounted to \$75,000. Four men were kept busy most all the time, from the opening of the bank at nine o'clock in the morning until it closed at nine o'clock in the evening. The force included the bank's president, Rev. Reed O. Steely, Horace G. Work, cashier; Ben Sterling, cashier of the First National bank of Burnside, a personal friend of cashier Work, and who came over especially to help out at the opening, and T. Scott Root, a cashier in the First National bank, of Philadelphia, which will be the Farmers National city correspondent. Of course Miss Betty Musser was also on hand and was one of the busiest persons of the whole crowd. Vice president W. C. Smeltzer spent the greater part of the day in the bank but his duties consisted mostly in extending the glad hand. Favors for both men and women were distributed.

As has been stated frequently in the Watchman the new bank is occupying the old Centre County Banking company building which has been purchased outright and which has been completely done over and changed on the inside to meet the requirements of the institution. New furniture was purchased, although it did not arrive until Monday, but every arrangement has been made with an eye to economy, which augurs well for the success of the institution. One of the bank's main purchases was a bank bookkeeping machine, which is one of the very latest models and will do away entirely with the bulky and cumbersome bank ledgers.

In connection with the installation of this machine the bank has issued the following statement:

"In establishing a policy of using the most satisfactory methods known to the banking business, we have installed a new Burroughs multiple register bank bookkeeping machine. This machine might almost be called a mechanical bookkeeper, except that it does things that the old-time pen and ink bookkeeper could not do. It not only adds and subtracts automatically, but it posts ledgers and writes customer's statements. Then, just as a side line, it proves the accuracy of its own work.

One practical test of the new machine is to compute columns of figures both across the ledger page and up and down at the same time. In actual bookkeeping, this feature enables the machine to add deposits, subtract checks and extend new balances on each account, and simultaneously to carry totals of the deposits, withdrawals and new balances for all accounts.

We have installed this new machine with the earnest desire to give our customers the best possible service and the highest form of accounting protection."

Air Derby Officials Express Thanks to Bellefonte People.

Robert F. Hunter, who had charge of the arrangements for the national air derby at the Bellefonte aviation field, on September 19th, has received letters from Walter Evans, president of the executive committee that had charge of the derby, and Major John T. Fancher, managing director, both of Spokane, Washington, expressing their thanks for the interest taken in the derby in Bellefonte and the efficient way in which everything was handled by Mr. Hunter and his various committees. Major Fancher stated that all the pilots in the Class B derby who stopped in Bellefonte were greatly pleased with the treatment they received here and the promptness in refueling their ships and getting them off on the second leg of their flight to Cleveland.

Philipsburg Police Officer Sent to Jail.

J. C. Wedekind, a former police officer in Philipsburg and constable in the Third ward of that town, plead guilty in court, last week to illegal possession of liquor, driving an automobile while under the influence of liquor and resisting arrest, and was sentenced by Judge Furst to pay the costs of prosecution, pay a fine of \$150 and serve nine months in the county jail.

Officer Wedekind, during his career as a police officer, was quite active in arresting alleged violators of the liquor law but was caught, himself, when he fell by the wayside.

A number of civilian fliers passed over Bellefonte, on Sunday, and they must have been strangers in this section as one of them came down on Halfmoon hill on the hunt of the aviation field. Told its location the man took to the air and flew out to the field. Two fliers came down on the emergency field, at Woodward, and made inquiry as to their whereabouts.

Saturday's Football Games.

The Bucknell Freshmen football team threw a scare into the Bellefonte Academy eleven, on Hughes field last Friday afternoon, when they scored a touchdown in the second period and held the Academy scoreless at the end of the first half. But the strong Academy eleven rallied to the exhortations of coach Magee and in the third period put the pigskin over the goal line for three touchdowns, adding an extra one in the fourth, so that the final score was 25 to 12 in favor of the Academy. "Spooks" Temple, right halfback, was the Academy's star player and point maker.

The last game for the Academy eleven will be played on Hughes field, this (Friday) afternoon, at 2:30 o'clock. The Villa Nova Freshmen will make their first appearance in Bellefonte that day to try conclusions with the Academy Cougars. They are a very strong and well coached team, executing the Notre Dame plays to the letter. Last Saturday they went to Easton and defeated the Lafayette Freshmen. The Academy boys are profiting by their valuable experience in their first two games and are expected to show wonderful improvement in this coming contest. Owing to the expense involved in bringing the visitors here Mr. Hughes is compelled to charge \$1.00 for admission. The fans will get their money's worth, for the Villa Nova boys have one of the best Freshmen teams in the country.

Up at State College State defeated the Gettysburg team 34 to 13. The State team showed much better form than it did the week previous against Lebanon Valley, and supporters of the Blue and White are now indulging fond hopes that the team may prove a season's winner.

The Bellefonte High school opened its season on Hughes field, Saturday morning, in a game with the Howard High school, defeating the visitors by the score of 39 to 0. Almost every boy on the High school squad was put in the game for practice. Tomorrow the High school will go to Altoona to play the High school there, and that will be a better test of the team's playing ability.

Bellefonte High school, after a 39 to 0 workout against Howard last Saturday, will swing into real action this Saturday when they will attempt to put across the third consecutive victory over Altoona High school on Cricket field, at Altoona. Though several vital positions have been weakened through graduation and ineligibility of some half dozen likely looking candidates, coach Bream's charges are working hard to perfect a smoothly working combination which will be a credit to the local High school.
