

NEWS ABOUT TOWN AND COUNTY.

The Woman's Auxiliary of the Centre County hospital will hold a rummage sale, in the room formerly occupied by Runkle's drug store, on the afternoons of October 19th and 20th.

Go to the Scenic when you wish to see the best and latest in motion pictures, as it has an established reputation for showing productions that cannot be seen anywhere else in Bellefonte.

The rain, on Wednesday, was sufficient to dampen all of the dry places in the county and do away with the water wagon in those sections where farmers were hauling water for their stock.

The borough of Howard is planning for a big Halloween carnival on Saturday evening, October 29th. Up to this time no move has been made for a celebration of any kind in Bellefonte.

Mrs. Homer McKinley, of Reynolds avenue, gave a children's party, last Friday evening, in honor of the fifth birthday anniversary of her daughter Jean. Two dozen little guests were invited and all were present.

Some unknown individual stole a spare rim and tire off of Frank Davis' Dodge car as it was parked in front of his house, on Bishop street, shortly after eight o'clock on Saturday evening. Mr. Davis was in the house only a few minutes and when he came out the rim and tire were gone.

One hundred people took advantage of the cheap excursion from Bellefonte to New York, on Saturday night, but they had a dismal trip of it, as it rained all day. Some of the excursionists never left the N. Y. station but those equipped for rainy weather made the most possible of their trip. Returning the special train reached Bellefonte at 1:30 o'clock Monday morning.

Philipsburg had a big Masonic gathering, on Thursday night of last week, when members of the order gave a testimonial dinner at the Hotel Philips to Thomas J. Lee, who was recently elevated to the thirty-third degree in Free Masonry. Over 130 guests were present, the gathering including six thirty-third degree Masons, one of the number being V. Harrison Walker, of Bellefonte.

Included among a car load of prisoners transferred from Pittsburgh to Rockview, last Friday, was Jack Morrison, of Bellefonte, sent to the penitentiary from Centre county on August 15th, for two and a half to five years for breaking into the pool room of W. W. Bickett on the night of May 25th and tapping the till of \$65, then stealing the Charles Fromm automobile and escaping to Erie, where he was captured two days later.

On Sunday Mr. and Mrs. Scott Stover, with their twin sons, Luther and Clair, seven years old, drove to Oak Hall to visit Mr. and Mrs. Ray Williams. After they had eaten their dinner the boys went out to play and strolled to the breast of the mill dam. Luther lost his balance and fell in, but Clair had enough presence of mind to grab him by the arm and hold his head above water until help arrived. Aside from getting wet the boy was none the worse for his experience.

The Sheffield Farms Co. has formally taken over the old plant of the Continental Condensed Milk company, at Mill Hall, which has been closed for several years, and are putting it in shape to open as a milk shipping station by November 15th. New refrigeration and other necessary equipment is being installed and when completed the plant will have a capacity of 2500 gallons a day, all of which the company hopes to get from the farmers of that section.

It is not generally known but it is the fact, nevertheless, that twenty-five per cent of the fliers who checked in at the Bellefonte field, during the recent trans-continental air derby, called for just the ordinary Texaco gas. Pilot Myers, who won first place in Class B, used nothing else in his entire flight. Certainly the Texaco gas must have "pep" and Texaco oils excellent lubricating qualities or an air man who was after a great prize wouldn't have depended on them to carry him through to victory.

At a meeting of Bellefonte business men at the Y. M. C. A., on Tuesday evening, plans were perfected for raising the amount of money necessary to maintain the Y as it should be during the coming year and also make it more of an attraction generally. To do this it was decided to fix up the swimming pool at an expenditure of \$3,000. For this purpose Bent L. Weaver, Samuel H. Shallcross and F. W. West pledged \$500 each; James R. Hughes \$450 and S. Claude Herr \$50, making \$2,000 of the sum needed. To maintain the Y for a year \$5,000 will be necessary and of this amount \$3,000 has already been provided for. It was then decided to put on a three day campaign to raise the balance of the money needed, \$2,000 for maintenance and \$1,000 for the swimming pool fund, the campaign to close this evening. The various committees are confident of success.

MANY SENTENCES METED OUT.

A special session of court was held on Tuesday of this week to hear pleas of guilty and pass sentences, and as a preliminary the court heard testimony on the petition of Mrs. Lida Sager for the appointment of a trustee to look after the financial affairs of her sister, Mrs. Lulu Thomas Howard. The court appointed the First National bank and fixed the bond at \$7000.

Frank Hall, of Hubersburg, was given a hearing on the charge of making threats against Dr. S. S. McCormick and T. A. Orr. Mr. Hall has been in jail since July 23rd and the court sentenced him to pay a fine of one dollar, costs of prosecution and imprisonment in the county jail for a period of three months, dating from

July 23rd. He also gave him three months in which to pay the costs and advised him to go away from Hubersburg and get a job.

Chester Squires, of Philipsburg, pleaded guilty to two drunk and disorderly charges and the court was somewhat puzzled what to do with him. He is only 39 years old and has a wife and eight children; also owns his own home and is a good workman. The court finally sentenced him to pay the costs, giving him three months in which to do it, and six months in the county jail, suspending the latter sentence upon condition that he report once a month to the probation officer and refrain from drinking.

John Knoffsinger, of Spring township, entered a plea of guilty to operating an automobile while under the influence of liquor. He is only 21 years old and helps to support his parents. The court sentenced him to pay the costs of prosecution, \$100 fine at the rate of \$10 per month and three months in the county jail, the latter sentence to be held in suspense as long as he makes his payments regularly and reports monthly to the probation officer.

Howard Evey, of State College, also pleaded guilty to operating a motor vehicle while under the influence of liquor and colliding with another car over at Boalsburg. He was sentenced to pay the costs of prosecution, a fine of \$150 and six months in the county jail.

Alice Beck, alias Knoff, pleaded guilty to abandoning her fourteen months old infant. The young woman is only eighteen years old and expressed a wish to get a home some place where she can support herself and her child. On the promise of the probation officer to endeavor to find a home for her the court suspended sentence and put the costs on the county, Alice being remanded to the care of the sheriff until a place can be found for her.

Oliver Brungard, Alice, his wife, and Bond, their son, of State College, pleaded guilty to illegal possession of liquor. The three were arrested by chief of police Yougel, of State College, who, on searching the house, found 24 gallons of home brew and two gallons and a half of moonshine. He also stated that the Brungard home was much frequented by students. Mrs. Brungard did all the talking for the family and stoutly denied having sold any of the stuff, saying they kept it simply for themselves and to entertain their friends. The court sentenced them each to pay a fine of \$100 and three months in the county jail, suspending the latter sentence on Mrs. Brungard and son pending their good behavior, but the father of the family had to go to jail, Clayton Krebs and Lawrence

Woomer, two young married men of near State College, pleaded guilty to the charge of adultery and enticing a minor female for immoral purposes and both were sentenced to pay the costs of prosecution, one hundred dollars fine and eighteen months to three years in the western penitentiary.

Krebs and Woomer were taken to the penitentiary on Wednesday and Mrs. Mabel Craig was taken to the Allegheny county work house to serve her sentence of two to four years imposed two weeks ago.

At another session of court, on Wednesday morning, district attorney John G. Love asked that the case against Bert Parks, charged with larceny, be not prossed because the prosecutor, Arthur B. Hannon, refused to appear against him. The nol pross was granted.

The district attorney also asked that a bench warrant be issued for Harry S. Horner, of Potter township, who had failed in the payments of support to his wife. The court granted the request.

Samuel Gordon, of Bellefonte, arrested a month ago on a bench warrant because he failed to make the \$25 a month payments to his wife, was brought into court and in his own behalf told Judge Furst that he had offered to provide a home for his wife but she refused to live with him, and he could not live with her people. The court discharged Mr. Gordon from the custody of the sheriff after making an order that he was to pay \$20 a month to the probation officer, \$15 of which were to go to the wife and five dollars to be applied to the payment of the court costs.

Annual Meeting of Centre County Hospital Corporation.

Just eighteen people attended the annual meeting of the Centre County hospital corporation, held in the court house on Monday evening.

Mrs. W. J. Emerick submitted the report of the Woman's Auxiliary for the year of June 1st, 1926, to May 31st, 1927, which showed that the Auxiliary had supplied all the bed linens, table linens and gowns used in the institution. The women also re-furnished several rooms in the nurses home, finished and furnished the meeting room in the new wing of the hospital and did other things for which they deserve universal commendation. The treasurer's report showed a very satisfactory condition of the finances of the institution.

The report of manager W. H. Brown showed that during the year 705 patients were treated at the hospital for a total of 9152 hospital days. The receipts included \$27,363.93 from patients, \$6,250 State appropriation and \$2,137.40 in donations, a total of \$35,756.33. The expenses were \$39,032.22, leaving a deficit at the end of the fiscal year of \$3,275.84. In this connection it can be stated that while the income last year was increased 30 per cent, the expenses increased only 25 per cent. Members of the board of trustees believe that the time will come when the institution can be put on a basis of self-support, with the usual appropriation allowed by the State.

The report of the building committee showed that all the changes and improvements in the old building will be completed in about a month and the community will then have an institution that will rank with the best in the State for its size. By that time the new X-ray laboratory will be fully equipped, and this it is claimed, will be more up-to-date and superior in every way to similar laboratories in most hospitals.

The terms of trustees Frank A. Carson, in district No. 3; William S. Shelton, in district No. 4; J. Thompson Henry, in district No. 5; Thomas A. Fletcher, in district No. 6, and David Chambers, in district No. 7, all having expired, the five men were re-elected for a full three year term.

At a reorganization of the board, on Tuesday evening, John Blanchard was re-elected president; J. Thompson Henry, vice president; Ralph Mallory, secretary, and Edward R. Owen, treasurer.

On Saturday night as William Yearick, of Centre Hall, was going down the mountain, the rear axle of his Ford car broke and the machine gained considerable momentum going down the paved roadway. Mr. Yearick steered the car into the side of the mountain, and while it was somewhat damaged he escaped without injury.

On the same night Mr. and Mrs. Fred Kurtz and Mr. and Mrs. Tucker, of Lewisburg, were going down the mountain on their way home from the football game at State College. A front tire blew out and the machine turned over, breaking all the glass in the windows of the car. Mr. Kurtz sustained a cut on his face and a broken rib. Mrs. Kurtz was badly bruised and shocked while Mr. and Mrs. Tucker escaped injury.

The Workman Family Now Sitting Pretty at Mingoville.

It is a rare occurrence, indeed, where husband and wife, or to be more exact in this instance, wife and husband, hold appointments under the United States government and both able to stay at home and fill them, but this is the situation at Mingoville (Hecla Park) where Mrs. Charles C. Workman is postmistress at a salary of \$1900 and her husband is her assistant at a salary of \$720 a year, and that is the reason why both are sitting pretty in their snug home at Hecla Park, and chickens did it.

There was a time, only about five years ago, when the Mingoville postoffice hardly paid enough to bother with. But Mr. Workman kept a little store at the park and as an accommodation he kept the postoffice in his store. Then the Hockman brothers started their chicken farm and hatchery. At first they hauled the young chicks to Bellefonte and mailed them out to purchasers at the Bellefonte office. In due time the chicken hatchery became a big industry and Mr. Workman went after the business which the Hockmans were willing to give him.

The result was the receipts at the postoffice grew by leaps and bounds and Postoffice Department officials thought they smelled a rat. An inspector was sent here to investigate but the first man failing to find anything wrong others were sent along until all told four inspectors had done a little investigating, and they all found that the phenomenal growth in receipts at the Mingoville office was entirely due to chickens.

In the meantime Mr. Workman's term as postmaster was about to expire and the department announced a civil service examination for candidates desiring the appointment. Of course the salary was stated and this brought out quite a number of willing pickers for the Mingoville plum. Just what might have happened is hard to tell had not Frank Hockman taken a hand which resulted in cutting the list of applicants down to three. When the civil service examination was over it was found that Mrs. Workman had scored highest and she was appointed postmistress, and her husband being next was made her assistant, and now their living happily ever after will depend on Frank Hockman and his chicken farm.

The farmer granted the request and the next day the young man enticed a small daughter of Mr. and Mrs. Auman into the orchard where he attempted to commit assault, then fed the county. Mr. Auman went before Squire W. S. Shelton and swore out a warrant for the arrest of Snavely but he has not yet been caught.
