—In some portions of Bellefonte the young boys have already started Halloweening. While no damage has been done so far as known it is a nuisance that ought not to be permitted to continue. THREE YOUNG MEN KILLED IN CROSSING ACCIDENT.

Ford Coupe Hit by Passenger Train Below Howard Friday Afternoon.

Three young men lost their lives when a passenger train west-bound on the Bald Eagle Valley railroad, smashed into the Ford coupe in which they were riding, on the brick works crossing about half a mile east of Howard, at 4:21 o'clock Friday afternoon. The victims were:

Paul Diehl, aged 14, son of William Diehl, of Hartleton, killed instantly.

Leo Welch, aged 17, son of David L. Welch, killed instantly.

Cecil Calvin Smith, aged 20 died in Centre County hospital at 8:25 Friday evening.

Smith was the owner and driver of the Ford coupe in which the young men were riding. They had gone from Howard down to the home of David Hanna and were on their way back to Howard when the accident happened. The road they traversed parallels the railroad track for fifteen or twenty rods and the young men evidently gave no thought to the approaching train which was thundering along back of them. In any event when they reached the crossing they made no effort to stop but turned sharp across the railroad.

The engineer of the train threw on the air but as he was running about forty-five miles an hour it was impossible to stop the train and the car was hit full on the side. Both Welch and Diehl were thrown from the car and landed on the track, but were caught under the train, Diehl's body being picked up a hundred feet from the crossing. His skull was crushed and he was cut and bruised. Welch's body was found two hundred feet from the crossing. He had been rolled and dragged by the train and the body was badly crushed, many bones being broken.

Smith was found in the wreckage of the car which was carried on the cowcatcher of the locomotive several hundred feet. He was still alive, but suffered a fractured leg, a punctured lung, numerous cuts and bruises and internal injuries. He was brought to the Centre County hospital but died the same evening. Smith, who lived with and was the principal support of his grandmother, Mrs. Amelia Smith, who raised him from childhood, was a graduate of the Howard High school class of 1925. He had been in the employ of the Sheffield Farms company during the past year.

Leo Welch was a Howard High school student while Diehl, who was living with his grandmother, Mrs. Joseph Diehl, was a grammar school student. Diehl's body was taken to the home of his parents, at Hartleton, where burial was made on Monday. Welch was buried in the Schenck cemetery, near Howard, on Monday, and Smith's funeral was held the same day.

Corner W. R. Heaton, of Philipsburg, viewed the scene of the accident and exonerated the engineer of the train of all blame.

Railroad Rumors Running.

On Wednesday the Inter-State Commerce Commission granted the request of the Pennsylvania R. R. Co. to be permitted to abandon that part of the upper end of the Lewisburg and Tyrone branch between Fairbrook and Stover Station. Some years ago the part between Scotia and Fairbrook was abandoned and the rails taken up.

There is a condition, however, in the permit clause of the Commerce Commission's grant. It says, in substance, that before the road is abandoned and the tracks torn up it must be offered for sale as it stands so that if anyone else thinks they can operate the section to be abandoned they will have a chance to buy. This clause has started a lot of rumors. Some are to the effect that the Bellefonte Central is considering its purchase. What for? Well, your guess is as good as ours so we will venture none.

We do know that local interests have been buying into Bellefonte Central and there has been considerable speculation as to what it means.

There is no traffic advantage apparent in the acquisition of the L. and T. by the Bellefonte Central for at Tyrone it would meet the same terminal conditions it does at Bellefonte. We are inclined to think that if the local company is interested at all it is only for the 100 lb rails on the section to be abandoned.

American Legion Making Plans for Armistice Day.

The Brook-Doll post of the American Legion, of Bellefonte, has completed tentative plans for the celebration of Armistice day on November 11th. They provide for a public meeting in the Diamond at 11 o'clock, the zero hour, with music and prominent speakers. A big parade will be held at two o'clock in the afternoon when the new bugle and drum corps of the Legion will make its first public appearance. Later in the afternoon there will be a football game on Hughes field between the Bellefonte High school and Lewistown High eleven, and in the evening the Legion annual banquet in the Legion home on Howard street.

—Four hundred and seventy-one of the students at The Pennsylvania State College are sons or daughters of farmers.

Y. M. C. A. Drive Results in Ample Pledges of Support.

The drive put on last week by the business men of Bellefonte for a fund sufficient to support the Bellefonte Y. M. C. A. during the coming year proved a success. The men started out to raise \$5000, the amount needed for support, and at a meeting held on Friday evening the reports showed that the goal had been almost attained. In fact they were just \$400 short of the desired sum, and it is understood that this small deficiency has practically been made up.

In addition to the money raised for support pledges of \$2000 were made toward a fund of \$3000 for fixing up the swimming pool. Additional pledges of \$200 have been received since Friday evening so that the small sum of \$800 is all that is needed to guarantee the restoration of the pool as one of the big winter attractions at the Y. And the men who have been in charge of the drive feel confident that this amount will be forthcoming in due time.

With an assurance of ample support for another year secretary Heineman will be able to devote all his energies to injecting new lifeblood into the Association generally. He has already mapped out a program of winter sports that should prove quite attractive to the young of Bellefonte as well as some of maturer years. If the people generally would devote just a little of their time every week to the Association there would be no question as to its success.

This is a personal invitation to every woman in Bellefonte and Centre county, who is in any way interested in the work of the Y, especially as it effects the physical, moral and spiritual welfare of the youth of this community.

This call comes not from the board of directors nor from any official of the institution, but from the women themselves, and is the result of a preliminary meeting, at which it was decided to ask every woman of the community to attend a meeting to be held at the Y, on Monday October 24th, at 8 p. m., at which time action will be taken to effect an organization among the women to work in conjunction with the management for the good of the community. Officers will be chosen and a name by which the women's organization shall be known will be selected.

In view of the fact that the opening of the swimming pool is almost in sight, and that the scope of the work of the Y will be enlarged, the mothers and friends of the boys and girls feel that the time has come for all to take a hand and do their share to help make the Y. M. C. A. the real community centre of Centre county.

Council Elected Miss Sarah M. Love Borough Tax Collector.

Bellefonte will now make a try with its first woman tax collector, Miss Sarah M. Love having been elected to that office by borough council, on Wednesday evening, as successor to Herbert Auman, resigned.

Every member of council was present with the exception of Harry Flack, of the South ward, who is confined to his home with illness. When council convened secretary W. T. Kelly read the formal resignation of Mr. Auman and Bill Emerick, chairman of the Finance committee, reported that he had seen two of the county commissioners and they stated that they would be satisfied with whoever council would elect.

President Walker then announced the meeting open for nominations and Mr. Eckel nominated Miss Love. Mr. Badger nominated A. O. Kline, Mr. Brouse seconding both nominations. Mr. Cunningham moved that the nominations close and the motion carried. On roll call Messrs. Brouse, Cunningham, Eckel, Emerick and Garbrick voted for Miss Love and Badger and Reynolds for Mr. Kline. Miss Love having received a majority of council was declared elected.

President Walker then called attention to the fact that Miss Love already held the office of assessor in the West ward and it was against the law for a person to hold two offices at the same time, whereupon Mr. Eckel stated that he was authorized to present her resignation as assessor to date from Tuesday, and the same was promptly accepted.

John Kelly Must Face Court Trial for Causing Boy's Death.

At a hearing before justice of the peace John M. Keichline, last Friday evening, John Kelly, of Bellefonte, was held in \$3000 bail for trial at court for furnishing moonshine liquor to sixteen year old Russell Bryan, of Coleville, a week previous, thus causing the boy's death. On Saturday another warrant was sworn out charging Kelly with furnishing moonshine liquor to William Mills, a minor, and on this charge he was held in \$2000 bail. Not being able to furnish bond he was taken to jail.

—Among the applications which will be heard by the State Board of Pardons, at its meeting next Wednesday, are those of Charles Baney, Luzerne county, convicted of forgery and passing a worthless check, and John H. Walk, Centre county, sent to the penitentiary for breaking and escaping. The Charles Baney referred to is a native of Bellefonte and his conviction occurred less than a year ago.

TOWNSHIP HIGH SCHOOLS TO HOLD VOCATIONAL FAIRS.

Remodeled School Building at Port Matilda will Also be Dedicated.

Three township High schools in Centre county will hold vocational fairs during the ensuing week and in connection with one of them a remodeled and greatly enlarged school building will be dedicated.

The first of the fairs will be held by the Walker township High school, at Hubbersburg, today. All the schools in the township will take part. There will be exhibits in agriculture, which will include corn, potatoes, small grains, fruit, poultry and eggs. There will be a canned goods and fancy work and an adult class for the farmers. There will also be games and various amusements under the direction of Mr. L. C. Heineman, secretary of the Bellefonte Y. M. C. A., a basket picnic lunch at noon, singing and brief talks in the afternoon, to be followed with the awarding of prizes and a game of volley ball.

Up at Port Matilda the Worth and Halfmoon township schools will join in holding a vocational fair at the remodeled school building, next Thursday, October 27th. The program will be identical in every way with that arranged for Hubbersburg today, and the prizes to be given will be worth going after.

During the afternoon a community meeting will be held at which time the new consolidated school building of Worth township and Port Matilda will be dedicated. The address will be delivered by H. C. Fetterolf, assistant director of vocational education in the Department of Public Instruction, at Harrisburg.

The Howard vocational fair will be held in the High school building at that place next Friday, October 28th. It will include the schools of Howard borough and township, and Marion township, and the Howard board of trade will lend its aid in making the affair a success.

A special feature of this fair will be the pig club roundup conducted by county agent R. C. Blaney. During the afternoon a special musical program will be given by the Howard Boys' band, which Mr. Fetterolf will be present and make an address. Prizes will also be awarded for meritorious exhibits.

John B. Payne, county vocational supervisor, will have direct charge of all the fairs and anyone desiring special information in connection with the same should get in touch with him.

Women's Clubs Conference at Philipsburg Tomorrow.

As announced last week, the annual county conference of Women's clubs will be held at Philipsburg tomorrow, in the parish house of the Episcopal church on Fourth street.

Dr. Mary Riggs Nobel, chief preschool division and agent federation of children's bureau of the State Health Department, Harrisburg, will speak on child health work.

Miss Anna A. MacDonald, extension librarian of Harrisburg, and Miss Beale, field representative of the American Red Cross, will bring messages regarding their plans and progress in their work.

Dr. Dunaway, of State College, will probably speak on racial origin of Pennsylvania population, and all will know what to anticipate when Mrs. Haller and Miss Vought, also of the College, are on the program. The reports from organizations must, of necessity, be very brief, and for this time should note only (1) the success in the development of special work; and (2) the surmounting of unusual difficulties in club life. The written complete reports should be given to the secretary.

The public is most cordially invited to hear this important program, which will team with the idea of "Myself and Others."

The Twentieth Century club and the Current Events club, of Philipsburg, will be hostesses to the conference.

The better road to Philipsburg at present is via the Triangle. Social hour at noon. Box luncheon.

HELEN E. C. OVERTON, President County Conference.

Lone Prisoner Escapes from Rockview.

Taking advantage of the dark and rainy weather, on Monday afternoon, Samuel King, of Armstrong county, made his escape from Rockview penitentiary. He was one of more than a hundred prisoners employed on the construction of the big dam in Nittany mountain and his absence was not noticed until late in the afternoon. It required a complete checkup in the evening, however, to determine the identity of the man. King was sent up for a year and a half to three years for entering and larceny. He is 36 years old, five feet five and a half inches in height and weighs 157 pounds. He was dressed in a light shirt, light blue trousers and blue overalls.

The Scenic 100% Program.

During our nineteen years experience in exhibiting we have never offered the theatre going public a more notable program than the one we have scheduled for next week.

On Monday and Tuesday we will show Paramount's remarkable spectacle "Metropolis." It is the camera marvel of the year, depicting, as it does, what life on the globe might be conceived to be a thousand years from today.

On Wednesday and Thursday First National's most popular feminine star, Billy Dove, will scintillate in "The Stolen Bride," a picture that is genuine entertainment all the way through. Lloyd Hughes supports Miss Dove in this splendid film-play.

To conclude the week, Friday and Saturday, we will show another First National success, "The Prince of Head Waiters," with Lewis Stone, Priscilla Bonner and Lilyan Tashman carrying the leads.

This constitutes what we call a 100% program. Few towns, anywhere, have the advantage of the consistently good pictures we are showing. "The Way of All Flesh," shown at the Scenic the fore part of this week as just part of the regular program, is really a screen classic and in other places might have been played up as a smoke-screen to cover up a lot of old and cheap pictures, but we don't resort to such subterfuge. We show good ones all the time and if you miss any you are likely to regret it as much as those who didn't see "The Way of all Flesh" have reason to do.

Come in, next week. See our 100% program and we guarantee you 100% pleasure.

L. J. TONER, Manager.
