NEW COUNTY OFFICIALS

SWORN INTO OFFICE.

Oaths Administered in Open Court Before Justice John W. Kephart of the Supreme Court.

The induction into office of Judge M. Ward Fleming and the new county officials, on Monday, was made an occasion of more than the usual ceremony incident thereto. Heretofore incoming judges and officials had almost invariably been sworn in at noon by the Recorder but Supreme court justice John W. Kephart was persuaded to come to Bellefonte to administer the oath of office to Judge Fleming and all the other officials took advantage of his presence to be sworn in in front of him in open court, hence the event did not take place until after one o'clock. The court house looked as if be-

decked for a festive occasion instead of one of considerable solemnity. Ten huge baskets of flowers adorned the rostrum and the auditorium was crowded to the doors. adjourned and the new Judge was kept busy for some time receiving the congratulations of his friends. Later he and Justice Kephart were guests at the Brockerhoff house at a dinner given by Senator Scott, at which sixty-five guests were present.

In retiring from the bench after a brief period of nine months Judge Furst carries with him the compliments of his friends for a work well dong. He was always prompt and courteous and kept the work of the courts as near up to date as possible, but at that Judge Fleming will soon find plenty to do.

As to the other officers, sheriff Taylor turned over to sheriff Dunlap a family of ten prisoners to start in with. The retiring county treasurer turned over to his successor less than thirty thousand dollars in cash. S. Claude Herr, retiring clerk to the county commissioners, turned over to his successor a set of books up to date with no unfinished business. Prothonotary Roy Wilkinson will be busy the next two or three weeks cleaning up his unfinished work.

The new board of county auditors organized on Monday soon after being sworn in and began their work of auditing the county accounts.

Jury commissioners James S. Condo and H. W. Frantz are at work filling the jury wheel for 1928, and in a few days all the county offices will be functioning about as usual. COURT APPOINTMENTS

He was also reported as having passed over Brookville, but the storm forced him down and he landed in the woods near Medix Run, on the Clearfield-Elk county line. Fortunately he was uninjured but it was at night and he could not find his way out of the woods, but he came onto a deserted cabin and spent the night there. On Monday morning about ten o'clock he was found in the cabin by Walter Cable and James Fox, trappers, who were looking over their trap lines.

Smith was half-frozen and building a fire in the cabin he was thawed out then taken to DuBois. A relief pilot and plane waiting there secured the mail and took it through to New York. Smith's plane was damaged when he was forced down and was later removed from the woods.

Smith reached Bellefonte on his western trip on Saturday night and was compelled to come down at the Bellefonte field on account of the storm. He left here Sunday morning and flew to Cleveland and it was on his return trip that he was forced down at Medix Run.

## Public Health Nursing Service.

The public health nursing service conducted by the Red Cross chapter offers the report for November and December as follows:

Visits to or in behalf of cases numbered 109 and were made in the interest of the prenatal, the infant, the pre-school, the school child, communicable disease prevention, and the care of the sick.

In addition to the routine activities one mental clinic was conducted in the Red Cross office under the direction of the bureau of mental health. One patient was accompanied to a sanatorium.

Assistance was also given Dr. Barlett, medical inspector of schools, with the examination of the children of the town schools.

The chapter was visited during the month by Miss Helen Erskine, field representative from national headquarters, who came in an advisory capacity to Miss McCauley, and the local work.

The local committee wishes to thank Mrs. W. J. Emerick and Mrs. Forrest Tanner for substantial donations of clothing to the loan closet.

\$12.80, and deposits \$19.25, with statements to the American Lime and Life amounting to \$30.50.

#### State Highway Offices Are Partially Moved to Clearfield.

While it has been known for some veeks that Bellefonte would lose the State highway offices the real loss in people and prestige was more fully realized when the force began to move last week. Three big moving van loads of furniture and equipment were sent over to Clearfield, the new headquarters, on Friday and Saturday, and that included the material from the drafting department only. there being no other nominations he farm agents' meeting and also the annual The office force and furniture are still in Bellefonte and will not be moved until the last of this week or beginning of next, because the office space over there is not yet in shape. In Clearfield the highway headquarters will be in the knitting mill

building, occupying both the second and third floors. The drafting department has already been put in shape on the third floor but the painters are still at work on the office rooms on the second floor, which has held up the removal of the office force. The building is not as conveniently located as were the offices in Bellefonte. It is on the opposite side of the river from the town and will mean a walk of from one-half to three-quarters of a mile for all the employees.

## In Society.
