

Bellefonte, Pa., February 24, 1928

NEWS ABOUT TOWN AND COUNTY.

John T. Harnish is reported as being quite ill at his home near Snow Shoe intersection.

Miss Marie Doll has been appointed clerk to business manager W. H. Brown, at the Centre County hospital, entering upon her duties there on Monday morning.

The annual concert of the Bellefonte community orchestra, under the direction of Mrs. Louis Schad, will be given in the court house Wednesday evening, April 11th.

A Lester Sheffer, of Milroy, is out for a third term in the Legislature from Mifflin county, and Amos G. Cole, of Lewistown, has also thrown his hat into the ring as a candidate. Both men were former residents of Bellefonte.

A meeting of the board of control of the Central Pennsylvania's Volunteer Firemen's association was held at Clearfield, last Friday afternoon, and August 1st and 2nd selected as the dates for the holding of the 1928 convention in Clearfield.

On her way to Graysville from Hollidaysburg, last Friday, to attend the funeral of her brother, the late Cyrus B. McWilliams, Miss Mary McWilliams, a guest at the Presbyterian home, fell at the Tyrone station and fractured a bone in her left arm. She went on to the funeral, however, and returned home on Monday.

Sam Gordon who had been sentenced to pay \$25 per month towards the support of his wife and family, failed to keep faith with the Court and was brought in yesterday and sentenced to one year in the penitentiary. The sentence was suspended, however, for as long a time as he continues to pay the \$25 monthly.

I. J. Dreese, of Lemont, is buying a plunger when it comes to racing automobiles. Within the week he bought an Erskin sport coupe for his daughter, Miss Miriam, and then, so that she would have nothing on her father, ordered a Studebaker President straight-eight sedan for himself. Both cars were bought through the Bezer agency.

Now that the new State theatre is open and the people of Bellefonte have had an opportunity to see what a wonderful place of amusement it is, it has been drawing crowds every evening. The pictures being shown there are all the best that can be procured and well worth the price of admission. Down at the Scenic pictures are shown at popular prices and meeting with the approval of all who see them.

While working at the Port Matilda brick works, on Friday afternoon of last week, George Gummo was painfully injured and will probably be laid up for some time. He was working on the end of a tramway when a small dump car ran down the track wild. Before Gummo could get out of the way the car hit him and pinned him against a bumping post at the end of the track. Deep gashes were cut in both thighs. He was taken home where his injuries were dressed by a physician.

Shortly after eleven o'clock, on Wednesday, Russell Hosterman, hardware dealer of Millheim, found it necessary to be in Altoona on short notice to meet a business engagement. There were no trains at that time and an auto would not get him there quick enough, so he called up Henry Noll and engaged him to taxi him up to the spot. He flew to Millheim, took Mr. Hosterman aboard and landed him in the Mountain city in time to meet his engagement. He also had lunch there and Henry flew him home early in the afternoon. The moral is, if you are in a hurry to go anywhere talk to Henry.

J. D. Mitchell, caretaker of the aerial beacon on Point McCoy, had a narrow escape from carbon monoxide poisoning, one night last week, and can still feel the effects of the poison gas. While sitting in the small cabin which houses the gasoline motor and other lighting equipment Mr. Mitchell experienced a sudden dizziness and other peculiar sensations and lost no time in getting out of doors into the air. He gradually recovered sufficiently to continue on the job but the fumes from the gasoline motor had been dense enough that he would probably have been overcome in a few minutes had he not gone out into the air when he did. As it was he was slightly ill for several days.

Dr. Ernest Smith, of Spanish Guinea, West Africa, who has been telling to crowded houses all over the United States, the thrilling story of his experience as physician and surgeon in the jungles, is to speak in the Presbyterian chapel, Bellefonte, on Tuesday evening, February 28th, at 7.30 Dr. Smith will have with him a number of fascinating African curios, one of them a four pound brass ring, worn as an ornament for many years by an African woman and taken from her neck by Dr. Smith after it had cut deep into her throat. Hand painted slides will illustrate the strange life and customs of the West African people. The general public is very cordially invited to come to hear Dr. Smith who is spoken of as one of the most interesting speakers on the American platform. A silver offering will be lifted.

TWO MOTOR BUS LINES MERGED INTO ONE.

Glenn M. Johnston, of Woolrich, Buys Emerick Motor Bus Line.

A deal was closed last Thursday evening whereby Glenn M. Johnston, of Woolrich, president of the Johnston Motor Bus Line, became the purchaser of all the equipment of the Emerick Motor Bus Line, operating between Bellefonte and State College, Milesburg and Lock Haven. The Johnston Motor Bus Line at present operates motor busses between Lock Haven, Jersey Shore and Williamsport, and application has been made to the Public Service Commission for its approval of the Johnston line taking over and operating the lines now covered by the Emerick company. Mr. Johnston did not purchase the real estate but has leased the same and it is his intention to move here as soon after the approval of the sale has been given as possible, which will probably be early in March. He will occupy the Emerick residence, on Spring street, adjoining the garage, now occupied by J. T. Storch and family. The purchase price was not made public.

It is understood that Mr. Johnston will retain the employees of the Emerick Motor Bus Line with the exception of J. T. Storch, who will continue in business with Mr. Emerick. Mr. Johnston has been operating bus lines since 1918, and has been quite successful, and under his supervision the traveling public will be given as good accommodation as it has received in the past.

Bill Emerick, president of the Emerick Motor Bus Line, started operations in Wilkes-Barre in 1912. In June, 1913, he came to Bellefonte and started the line here. In 1914 he was instrumental in starting lines between Altoona and Hollidaysburg and Phillipsburg and Oseola Mills. In January, 1915, a line was started at Clearfield which was later sold to the Fullington Auto Bus Co. In June, 1915, a line was started between Hagerstown and Sharpsburg, Md., and he also assisted in starting a line between Honesdale and Hawley, in Wayne county. He also operated a line between Barnesboro and Cherry Tree, but all these lines were disposed of prior to 1920, since which time most of his efforts have been devoted to the Bellefonte line.

In 1924 he filed an application with the Public Service Commission for permission to operate a line between Harrisburg and Reading, but protests were filed by the Reading Railroad company and the application was refused.

Mr. Emerick represents the White company in the counties of Centre, Clearfield, Clinton, Union and Snyder and will continue the sale and service of White trucks in that territory. In this business he will be assisted by J. T. Storch.

A Merchandise Fair Proposed.

The associated business men of Bellefonte met, on Wednesday night, to consider holding a merchandise fair here during the last week in March or early in April.

If the project is carried through it will be held in the Armory, which will be divided into booths, thirty-four being the approximate number that can be laid out on the floor space there.

The plans contemplate an exhibit every night, except Saturday, during the week. A good orchestra is to be engaged and numerous merchandise prizes offered so that there will be drawings for them every hour every evening.

The idea is not so much a sales endeavor as it is a desire to promote contact and good-will between the buyers and sellers of the community. Each exhibitor will make a display of the specially seasonal articles he has to offer for the spring and summer trade and with all grouped together the public will have opportunity to do its window shopping very thoroughly in an hour or so, as well as be nicely entertained while doing it.

The fair, of course, is contingent on securing enough exhibitors to bear the cost of it, which is estimated at about \$1500.00.

Recent Births.

Another little son was born to Mr. and Mrs. J. T. Storch, at the Centre County hospital, last Thursday evening. The little fellow has been named Donald Richard and in due time will make a fine playmate for Jackie.

If any mistakes were made at the P. R. R. freight depot in Bellefonte, last Friday, they should be overlooked, because on that morning chief clerk Harry Smith became the father of a little daughter. Ordinarily this is not an unusual event, as such events are expected with due regularity in all households, but when the fact is considered that Mr. and Mrs. Smith have been married twenty-two years and this is their first child it is more than unusual, it's remarkable. The little girl has been named Barbara Ann.

Last Friday afternoon two of the big Fokker monoplanes were set down on the Bellefonte landing field long enough to be replenished with gas and oil. The ships were piloted by Floyd Bennett and Bert Balchen, two of the fliers who accompanied Richard E. Byrd on his flight to the North Pole, and also over the Atlantic last summer. The planes were being taken to Winnipeg, Canada, for Canadian purchasers, and it was Balchen's second trip west with one of them.

MASONIC GATHERING A CELEBRATION OF 60th ANNIVERSARY.

A brief item in the Watchman last week, made mention of the winter convocation of the Knights Templar of this district held here on Wednesday, but the gathering was one of the greatest in Masonic circles held in Bellefonte in many years, and was attended with peculiar significance inasmuch as it was also in celebration of the sixtieth anniversary of the constitution of Constant's Commandery, No. 33, Knights Templar. Because of this fact Boyd A. Musser, of Scranton, grand commander of the Grand Lodge of Pennsylvania, was present in person and had his entire staff here, which included John A. Murphy, of Pittsburgh, deputy grand commander; B. Frank Myers, of Wilkes-Barre, generalissimo; James H. Chickering, of Oil City, grand captain general; Clyde P. Love, of Harrisburg, grand senior warden; Maurice E. White, of Norristown, grand junior warden; Milton S. McDowell, State College, grand standard bearer; William S. Conwell, of Brownsville, grand sword bearer; Charles L. Derick, of Bellwood, grand warden; Roswell S. McMullen, of Carbondale, grand captain of the guard; Louis U. Strassberger, of Philadelphia, grand marshal; Benjamin F. Seiger, of Erie, grand herald, and George Benner, of Curwensville, division commander.

District No. 10 is composed of Lewistown No. 26, Bellefonte No. 33, Huntingdon No. 65 and Moshannon No. 74, of Phillipsburg. The ceremonies began at two o'clock on Wednesday afternoon. The full form opening was impressively exemplified by Constant's Commandery. The Order of the Red Cross was put on by Huntingdon, and the Order of Malta in full form by Moshannon Commandery, Phillipsburg.

At 5.30 o'clock a Virginia ham (baked) repast was served in the banquet hall of Masonic temple, the ceremonies being resumed at 7.30 when Lewistown Commandery exemplified the work of the Order of the Temple. Among the candidates was Milton S. McDowell Jr., of State College, who received all the orders, which had special significance because of the fact that his father is a member of the Grand Commander's staff.

Upwards of one hundred visiting Knights were present, quite a number being here from outside the district, and all were lavish in their expression of appreciation for the entertainment given.

Constant's Commandery was constituted in 1868 by Constance Curtin and D. G. Bush. It has had sixty years of unqualified success and quite a number of men on its rolls have attained prominence in the life of the State and nation. The committee who had charge of last Wednesday's gathering was composed of Louis S. Schad, John J. Light, Lief Olsen, W. B. Rankin and George T. Bush.

Catholic Fair and Bazaar a Great Success.

The big fair and bazaar held by the ladies of the Catholic church in the Knights of Columbus hall, four days last week, was one of the most successful events of the kind ever pulled off in Bellefonte. Notwithstanding the fact that articles valued at several hundred dollars were given away the net proceeds of the bazaar were \$2600. The leading prize winners were as follows:

First prize, a gold watch, John Jurkovic; second prize, davenport table, Andy Sineo; third prize, imported tea set, John Kushwara; ton of coal each to Miss Alice Dorworth, Mrs. Alfred Bezer and Mr. McGhee; fitted suit case, Mrs. Fred Vogt; man's traveling bag, Henry Kohlbecker; silk kimono, Mrs. Fred Vogt; hall light, Fred Reynolds; \$10 worth gas, Miss Anne Fox; fifty gallons gas, A. Fauble; motor oil, John Garis; auto reel light, Miss Louise Carpeneto; auto tire, Joe Cushing; occasional chair, Miss Mae Toner; hat box, Mrs. Lide Toner; linen table cloth and napkins, Mrs. Catherine Garbrick; child's rain coat and cap, M. C. Hansen. Of course, there were a lot of smaller presents given away but the above are the principal ones.

The ladies of St. John's Catholic parish wish to thank all the friends who helped to make their bazaar so wonderfully successful. They wish, especially, to thank the business houses for the beautiful donations, and they remember with deep gratitude the non-Catholic friends who attended and patronized the bazaar.

Concert at Milesburg Tonight.

Mrs. F. C. McClure, of Indiana, Pa., who has attained quite a reputation as a soloist and reader, will give an entertainment in the Presbyterian church, at Milesburg, this (Friday) evening, at 8 o'clock. The admission will be 35 and 15 cents. Mrs. McClure is no stranger in Milesburg. As Miss Elizabeth Strop, before her marriage, she was the primary teacher in the Milesburg schools, and because of this fact all her friends should go and hear her. In this way they will also be helping the cause of the church.

Lester L. Meek, of this place, who is now with the Prudential Insurance company, was one of a number who took examinations in Williamsport last Saturday with the hope of qualifying for a license as agent.

Two Young Men Injured When Train Hits Auto.

Herman Fye, aged 19, son of Mr. and Mrs. S. J. Fye, of Boggs township, was seriously injured and Walter Jacobs, aged 21, was also painfully hurt when the automobile in which they were riding was run down by a fast freight train on the Bald Eagle Valley railroad crossing at the Milesburg station. The car in which the young men were riding, which belonged to and was being driven by Fye, was rolled along the track for some distance and literally smashed to pieces. How either man escaped instant death is little short of a miracle.

The accident happened about seven o'clock in the morning, and as it was plenty light enough to see at that time, it is inexplicable why the driver of the car did not see the moving train in time to stop his car. It is just possible that he failed to look for a train at that time in the morning. Both young men were brought to the Centre County hospital for treatment.

February Meeting of the Bellefonte Chapter D. A. R.

It was illustrative of the harmony "within the ranks" that this unit, the Bellefonte chapter D. A. R., had for the entertainment feature of its February program an address on "National Defense," the address was delivered by Capt. Weeks, the officer in command of our local cavalrymen—for it is fully twelve years since the national society D. A. R. took a stand for national defense, not for militarism, so-called, but for protection through armament or reasonable preparation. The D. A. R. believe that we are much more in the way of having peace if it is known that we are in a position to protect our own, to equip our defenders in an emergency.
