

Schools to Plant Trees.

In 1927 students in 177 public schools and colleges of Pennsylvania planted 475,000 forest trees on idle forest lands near the school buildings. This is an excellent record. Tree planting by schools is a commendable work.

During the month of April, 1928, the Pennsylvania Department of Forests and Waters will furnish forest trees to public schools free of charge, except the small cost of transportation. This cost should not exceed 60 cents per thousand trees. The only consideration in receiving trees without cost is that the students will help to plant them. White pine, Scotch pine, and Japanese larch seedlings that are from 4 to 10 inches in height will be furnished.

A school teacher who desires to get free trees should secure permission from a property owner to plant the trees on idle land near the school. Steep slopes, rocky areas and other lands that are not cultivated are suitable locations. Then he should write the Department of Forests and Waters, Harrisburg, Pa., for an application form or get a copy from the local District Forester. After the information on the application is filled in, the application will be returned to the Department of Forests and Waters, Harrisburg. Complete instructions for planting will be supplied upon receipt of your application. When the trees arrive the teacher will take the school as a body to the place where they are to be planted. The larger pupils will dig holes with mattocks and the others will plant a tree in each hole. The holes will be dug 5x5 feet apart which will require 1750 trees to the acre.

Less than 500 trees of one kind cannot be supplied. Five hundred trees may seem to be a large number. However, if the pupils are well organized, a school having the average number of students will plant them in a few hours.

Forest tree planting has proven to be a very fascinating work and pupils have shown much interest in it. By supplying free trees from the State nurseries every school has an opportunity to help in this timely and important work.

Presbyterian Missionary Societies to Meet in Altoona.

The annual meeting of the Woman's Missionary society in the Presbytery of Huntingdon will be held in Altoona, Tuesday and Wednesday, April 3rd and 4th, 1928. The first sessions will be on Tuesday evening, at 7:30 o'clock, Wednesday morning, at 9:15 o'clock, and Wednesday afternoon, at 1:30 o'clock. The president, Mrs. Mary W. Newlin, will preside at all the sessions.

Among the speakers will be Miss Gertrude Schultz, representing the Foreign Board of Missions, and who recently returned from a trip around the world; Miss Mary Jane Corbett, national Missionary among Southern Mountaineers; Miss Eva L. Smawley, Missionary from China. On Tuesday evening, a pageant, "Serving Two Masters," will be presented by young people of the Third church, Altoona, for which there will be seats reserved for the young people.

Representatives from the various women's societies and young people's organizations of the Presbytery will be in attendance. The executive board of the Presbytery will meet in the church auditorium at 1 p. m. o'clock, Tuesday, April 3rd.

Public Sale Season Will End This Week.

The annual spring season of public sales of farm stock and implements will virtually end this week, and taken as a whole better prices have been realized than in any year since 1920, when the aftermath of the World war still held sway. Most of the big sales this year brought to the owner very good returns, running anywhere from five to over six thousand dollars.

Horses have been in good demand and brought prices ranging up to \$200. But the greatest demand, probably was for dairy cows. This was evidently the result of Centre county farmers devoting more of their energies to dairying, and also the fact that most of the county herds have been tested for tuberculosis, and owners made this a point in advertising their sales. The result was big prices for good stock. In fact cows sold anywhere from \$150 to \$222.50, better prices even than horses. Hogs, sheep and chickens also brought good prices. All kinds of farm machinery also brought about all it was worth.

M. R. Smith, a native of Burnside, Clearfield county, has accepted a position with the Beatty Motor company, the local Ford dealer. Mr. Smith has been identified with the Ford end of the automobile business since 1911. He spent seven years in the service department of the Ford Motor company, at Pittsburgh, and knows Ford service from beginning to end. The Ford owners in Bellefonte and vicinity are fortunate in having at their command a man as capable as Mr. Smith. The family, who at present reside in Burnside, will move to Bellefonte as soon as their children finish the present school term.

Arrangements have been completed for the annual minstrel show to be given by the Academy students on Thursday night, May 24, in the new State theatre. Indications are that this will exceed all former shows put on by these boys. The following evening, Friday, May 25, the Minstrel dance, among the most delightful social affairs of the year, will be given in the Hecla dance auditorium.

Miss Mary Harvey, pianist, and her brother, Orvis Harvey, violinist, will give an invitation recital in the chapel of the Presbyterian church, on Wednesday afternoon, April 4, at three o'clock.

Announces Third Music Institute.

Announcement of the third annual Institute of Music Education to be held at the Pennsylvania State College summer session has been made by Professor R. W. Grant, director of college music. This special training school for teachers and supervisors of music will open on July 3 and continue for six weeks. Upwards of 200 have availed themselves of the opportunity to enroll in music institute courses at Penn State in the past two summers, and the program for the coming session will be in the hands of a group of school music specialists from Pennsylvania and other eastern States. In a booklet just issued from the summer session headquarters at State College it is pointed out that never before has the demand for thoroughly trained music supervisors been so insistent as at present.

Engineering Students Get Many Job Offers.

One-third of the graduating class of nearly 200 in the School of Engineering at the Pennsylvania State College have been offered jobs by leading public utility companies of the State. Other companies are also bidding for the services of the men who will be graduated in June, and before commencement it is likely that each student will have his choice of several offers. Industrial representatives have been visiting the college for several weeks interviewing senior engineers.

Marriage Licenses.

Earl F. Lauck, of State College, and Margaret A. Couch, of Pine Grove Mills.
Earnest R. Johnson and Mabel G. Dinges, both of Peale.
Randall E. Bowersox, of Rebersburg, and Dora O. Stover, of Livonia.

Altoona Bank Robbers Given Extreme Sentences.

Pleading guilty to robbing the First National branch bank in Altoona on December 28, Gordon James Tuttle, Clarence, alias, Lester, alias, Elias, Franell, and Howard Franell were each sentenced by Judge Marion D. Patterson, in Blair county court at Hollidaysburg, on Monday, to serve from 16 1/2 years to 33 years in the western penitentiary, at separate and solitary confinement at hard labor.

It was said by Richard H. Gilbert, district attorney, that the self-confessed robbers hesitated at the last minute to submit, but were finally convinced that they had little chance for leniency after their confessions, and a trial would not lighten their sentences.

Judge Patterson, in pronouncing sentence upon the youths, declared that the sentences were cumulative. On the first count, that of breaking and entering with intent to steal, a fine of \$200 was imposed in each case, together with the costs and from five to 10 years in the penitentiary. On the bank robbery charge, the youths were given a fine of \$500 each, costs, and from 10 to 20 years in the penitentiary. On the third count, larceny, a fine of \$200 each, costs and from one and a half to three years in the penitentiary was the sentence of the court, bringing the total sentence to \$900 fine and 16 1/2 to 33 years in the penitentiary for each youth, in addition to the costs.
