

DR. FRIZZELL ADDRESSES

KIWANIANS AND GUESTS.

The Kiwanians held a very interesting luncheon, at the Brockerhoff hotel, last Tuesday. They entertained as their guests the veterans of the Civil war and their widows, and the veterans of later wars. Several of the older citizens of the community were also interesting guests. John G. Love, Esq., chairman of the war veterans committee, introduced the old soldiers as follows: Mrs. Alice Robb, a widow, Simeon Bathurst, William Colpetzer, Samuel Shirk, A. T. Boggs, W. W. Dunkle, P. H. Haupt, W. S. Resides and B. D. Brisbin.

Roy Wilkinson and Samuel Gettig were introduced as representatives of the Spanish war, while Clarence Williams, Hugh Quigley, Samuel Shallcross, "Doc" Robinson, Ivan Walker, Cecil Walker, "Russ" Stein, W. R. Cliff, Mr. Kerlin and John G. Love were introduced as representatives of the World War. John Knisely introduced the following older citizens of the community, H. G. Strohmeier, James McClure, G. R. Spigelmeier, Thomas Fleming, Isaac Underwood, Charles Cook, Homer Crissman, Michael Shields, W. T. Twitmore and A. G. Noll. Other guests were Judge A. R. Chase, of Clearfield, William Hutzman, Jr., of York, Oscar Harvey, of State College, and "Bud" Frizzell, of State College, Leo Boden and Thomas Byron, of Philipsburg.

J. R. Hughes read a letter that had been sent to president Harrison Walker by Samuel M. Irwin, Lieutenant Governor of Pennsylvania. It was a most complimentary letter both for president Walker and the club over which he presides, in that it requested Mr. Walker to be his representative at the international convention to be held, at Seattle, next month. The attendance prize was awarded to Dr. Frizzell, of State College, the speaker of the day. Short speeches were made by Charles Cook and A. T. Boggs. Dr. Frizzell took for his theme "Americanism." He stressed the following points: These are serious days, days fraught with fear for the patriot who loves his land. Everywhere we find unrest, violence, extravagance, strikes, Bolshevism, high cost of living, price soaring and lack of production. One procedure will be the remedy and that is to Americanize America. \$7,500,000 was given as a fund to aid the States in doing this work. Commissions to investigate, to recommend and to carry the work were appointed. And then the matter has been dismissed from our minds, it is not our affair. All excuses for failures have been "it is the fault of the other fellow." Americanism is really that spirit of the patriot who loves his land enough, if need be to die for it, who sees its virtues, but is not blind to its faults; will do what his God-given soul tells him is best for his country and for the world. As a nation we talk too much about our inalienable rights and too little about our inalienable responsibilities. The needs of America at this time can be summed up in three words—perspiration, inspiration and education. Production, work, faith in God and a following of his precepts seven days a week and the right sort of education, these and these alone will solve our situation. It is only through following such ideals in sincerity and truth that we can render to our honored dead and to these equally honored living, a memorial that is anything more than an empty form. At the conclusion of Dr. Frizzell's address the meeting adjourned in the usual manner.

Much Valuable Timber Destroyed by Big Snow Storm.

Several weeks ago the Watchman told in detail of the large amount of damage done to the lines of the Bell Telephone company of Pennsylvania and the West Penn Power company by the unusual snow fall of April 27th and 28th, and at the time it was believed these companies were practically the only sufferers. But it now appears that the storm did considerable damage in other places.

On the McMullen timberland, through the gap from Hecla over into Greensvalley, thousands of dollars worth of timber was destroyed. White pine and hemlock trees, from a foot to eighteen inches in diameter, and standing fifty to seventy-five feet in height, were broken down by the weight of the snow, and in falling crushed to earth much valuable young timber. Some of the big trees were uprooted while others were broken off five, ten and fifteen feet from the ground. In some spots the ground is covered with an almost impenetrable mass of broken and twisted trees. It is quite probable that the fallen trees will be cleaned out this summer and converted into marketable products.

Walker Township Commencement.

The annual commencement of the Walker township High school was held in the town hall, at Hublersburg, on Tuesday evening. Dr. George D. Robb, principal of the Altoona High school, delivered the commencement address and Prof. William O. Snyder, principal of the school, awarded the prizes and presented diplomas to a class of eight graduates, as follows: Arthur McCloskey, Paul Crow, Dorothy Detrick, Helen Stover, Ethel Lee, Elsie Hayes, Mae Guiser and Marquita Guiser.
