On Tuesday morning the grade schools gave their combined entertainments in the Richelieu theatre, carrying through in full the program as given in last week's paper.

The big event, naturally, was the commencement on Tuesday evening, also held in the Richelieu. The commencement address was delivered by Dr. Thaddeus Bolton, of Temple Uni-Lock, president of the board of education

A rather interesting situation developed when Dr. M. J. Locke called on Prof. Clarence Smeltzer to introduce Dr. Bolton. Ten years ago Clarence, himself, was in the graduating class of the Bellefonte High school, being a son of Mr. and Mrs. W. C. Smeltzer, of east High street, Bellefonte. He went to State for two years then entered Columbia Univerwhich Dr. Bolton heads. It was nat- Shillings. ural that the gentlemen should pay Curtin, Jean McGarvey, Madeline Purnell,

> Central Pennsylvania Gas Co. Gets Certificate of Public Utility.

The Central Pennsylvania Gas company was granted a certificate of public utility, on Monday of this week, by the Public Service Commission, which leaves but one more requirement to be met, and that is permission from the State Highway Department for the laying of the pipe lines along the State highways, and the company will then be in a position to start work on their plant.

The site of the plant has now definitely been determined upon as near Axe Mann. The triangular field just south of the Rishel hill road, and west of the railroad, has been decided upon as the best of the several locations inspected. This piece of land was purchased by Robert F. Hunter, last week, from Clinton Markle, who will turn it over to the Gas company. The field contains about five acres and is protected on all sides from encroachment of any kind. It is also right on the line of the railroad, so that a siding can be put in at a minimum of

expense. While no date has as yet been decided upon for breaking ground for the plant it will probably take place in the near future. And just as soon as details for the pipe lines to Bellefonte and State College are worked out with the State Highway Department work will be begun in putting down the pipe. A ditch digging machine will be used in doing this work. The machine will cut a ditch six or eight inches wide and from eighteen inches to two feet in depth. Pipe layers will follow on the heels of the machine and as fast as the pipe is

laid the ditch will be filled up. While the plant is being built Bellefonte, State College and intermediate points will be thoroughly canvassed

possible. The company, which will make every endeavor to deliver gas by the first of December, will appreciate favorable consideration on the part of the citizens in the towns which will be served, as streets and alleys will be opened during the construction period and later for the main pipe

extensions and service lines to houses. The construction of this plant means not only the realization of the dreams of many progressive citizens of Centre county and the culmination of many years of effort of the chief promoter, Mr. Robert F. Hunter, but also the beginning of a lively activity and direct or indirect benefits to ev-

The Logan Fire Co. Picnic.

The fire laddies of the Logan company are showing as much activity in pushing the plans for their annual picnic at Hecla park, on July 4th, as they exert when the old siren on top of the jail sounds an alarm of fire. They have arranged for a ball game at three o'clock in the afternoon between Centre Hall and the Bellefonte gaged as an orchestra for dancing in the big pavilion, afternoon and evening, the Pennsylvania Ramblers, of Sunbury. There will also be a full line of other sports for both young and old, and plenty to eat for all who might go without a basket. Keep the Logans in mind and go to the park on the 4th.

Kiddies Must Register for Annual Picnic.

Owing to so much rainy weather this week the Elks have extended the time for closing of registration for the annual kiddies picnic at Hecla park to Monday evening, June 11th. The committee in charge has anthe winter, are on their way north, to nounced that positively no one will be allowed on the free busses unless they have registered and are carrying a tag. In former years many children did not take the trouble to register but turned up on picnic morning and crowded out those who had tags. This is the reason that the committee has decided to take only those who have tags. The picnic will be held next Thursday, June 14th.
