

80 CENTS FOR WHEAT IN SOUTH DAKOTA.

Sioux Falls, S. D., Sept. 12—"Eighty cents for wheat; let's vote for a change, folks!" is the keynote of the latest attack on the Republican national ticket by Will A. Wells, editor of the Webster, S. D. Journal, a Republican newspaper which has bolted Hoover and is supporting Smith. In its edition of September 1, it says: "A careful reading of Herbert Hoover's farm relief promises, delivered at Palo Alto and West Branch, leaves one in a maze of conjectures. Certainly he has no plan to help the farmer. He uses many soft words—but soft words will butter no parsnips in the agricultural belt. Hoover swallows with great pleasure the misdeeds of the past seven and a half years of the Harding and Coolidge Administrations.

"Hoover dismisses with a few careless phrases the rotten oil scandal, the bribery of his fellow Cabinet member, the suicides, the drunkenness and gaming and worse in the little green house on K street! His reference to all this official rottenness will cause no trembling of knees among rascals who continue to enjoy the emoluments of office.

"In fact, from soup to nuts, Hoover's promises might well be taken for Coolidge's promises four years ago. Coolidge promised to make all the people soft with luxury if elected. Hoover promises to make all the people luxurious with soft living. Six of one and half dozen of the other. "Soft soap. Bunk. Boloney. "Wheat in Webster brought 80 cents a bushel yesterday.

"Eighty cents! "That's a sample of Coolidge prosperity and what South Dakota farmers may expect for the next four years, if Hoover is elected.

"And yet Hoover says that what agriculture needs is a higher tariff. If the tariff was \$5 a bushel it wouldn't affect the price of wheat, so long as we export a part of the crop. There is now 42 cents per bushel tariff on wheat. It doesn't operate.

"Upon two different occasions Congress passed a farm relief bill to make this 42 cent tariff effective, and twice Coolidge vetoed the bill. Hoover agreed with Coolidge. In fact, it has been charged in the daily papers that Hoover wrote the last veto message and the charge has never been denied. But Hoover has said many times he will carry out the Coolidge policies if elected.

"The Coolidge vetoes have cost South Dakota farmers many million dollars, \$150,000,000 at least, in 1927 and 1928.

"Eighty cents for wheat! "Let's vote for a change, folks!"

State's Foot Ball Squad Starts Fall Grind.

A squad of 35 players reported to the Penn State coaches for the first practice held September 1. While this number has increased slightly during the past week as the later arrivals came into camp it is probable that the squad for the rest of the training period will number about 40 men. On the first day's roster there were only five lettermen from last year, the rest being substitutes from the 1927 squad and about 20 Sophomores.

While the record of the Nittany Lions of 1928 is problematical the outlook at this stage of the season is promising. The veterans of last year's squad looked to be in excellent physical condition on the first day while the new material from last year's freshman squad is the best that Penn State has had in five years.

Several of the new men have been in the "first team" lineup in the early practices. No significance has been attached to the makeup of the various squads but it is evident that Coach Bezdek and his assistants are counting on new men as prospects for the positions left vacant by the graduation of four regulars.

The first few days were spent in limbering up exercises supplemented by squad drills of groups of eleven both morning and afternoon. Practice will not reach the regular scrimmage stage until this week. After registration day next Monday there will be only one practice a day, following the last class hour of the afternoon.

Among the new men who have been showing up well in the early season practice are Edwards, Best, Braddock, Zorella, Shawley, Kosempa, Kaplan, and Duval of the linemen. New faces in regular positions in the backfields are Diedrich, French, Evans, McCracken, Collins, Hensel, and Livzey.

One change in the coaching staff was announced in the early practice days. Squeek Hufford, an assistant line coach last season resigned to coach the Northumberland High school team. Red Darragh, a veteran of the squad for the last two seasons, was engaged as a student assistant.

Longing for Old Nittany Valley.

The following letter from our old friend and valued contributor to the Watchman, Will Truckenmiller, of Blackfalds, Alberta, Canada, has the ring of home sickness in it. He writes: Dear Watchman:

I have had a number of letters lately from friends in the dear old valley, where I was born and they all say the wheat crop is poor. I am sorry for that and wish they all had a crop like mine is this year. It is good for forty bushels to the acre and is standing up stiff and strong. It is the new spring wheat, "Garnet," and is wonderful in quality as well as extremely early.

Our gardens are poor this year, however, as it was too dry and hot in May and too wet and cold in June. The latter was the wettest I have ever known here; having had thirteen inches of rain-fall. The yearly average is only fifteen inches.

There is a great boom now in the Peace river country, some four hundred miles north of here and settlers are going in by thousands. If I were twenty years younger I would go and, at least, have a good look at it and possibly take a crack at some of its game.

But no further north for me. I am going back to the good old U. S. A. and stay there. My people are all there, the good old friends and the glorious Stars and Stripes.

Not being a citizen of Canada I am going back where I can vote, back to "the Old Home Town."

HOW TO SOLVE A CROSS-WORD PUZZLE. When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus No. 1 under the column headed "horizontal" defines a word which will fill the white spaces up to the first black square to the right, and a number under "vertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, except proper names. Abbreviations, slang, initials, technical terms and obsolete forms are indicated in the definitions.

IN BELLEFONTE SIXTY-THREE YEARS AGO.

From a copy of the Watchman, dated January 6, 1865, we glean the following facts that might prove interesting to some of our older readers:

The Institute of the school teachers of the county that was held at Howard that week.

The editor of the paper was away on a visit and apologized for "the lack of original matter in the edition.

Four hundred and sixty-three negro babies in the Cumberland camp at Norfolk, Va., had been named Abraham.

Richard Conley was sheriff of the county and J. P. Gephart was register.

Wheat was selling at \$2.40 a bushel; potatoes 50 cts.; bacon 25 cts. and butter 40 cts.

Haupt & Co., removed their foundry and machine shops to Milesburg. Hoffer Bros., were running a general store in the "Iron Trout," which was a building that stood where that of the City Cash Grocery is now located.

Mathias Schmuck was running a bakery in the "Temperance" hotel on Bishop street.

Everybody must have had dyspepsia, rheumatism or army ague, for there are six columns of advertisements of cures for such afflictions in the paper.

A. Sussman had just returned from New York with "a fine line of cassimeres, tickings, suit fish and sole leather" for his store.

McAlister and Beaver, J. D. Shugert, H. Y. Stitzer, W. H. Larimer, Orvis and Alexander, A. O. Furst and Adam Hoy were practicing law in town.

Abraham Baum and Co., and Neff and Ettele were in the wholesale liquor business on Bishop street and wines and liquors were advertised for sale at prices ranging from 75 cents to \$8 a gallon.

Henry P. Harris, father of our Burgess, was conducting a furniture store on the north side of the Diamond.

There was "great excitement in Milesburg" because Lyons and Loeb had just received a new stock for their store in that place.

J. H. Morrison was running the hotel now known as "Ye Olde Tavern" in Hublersburg. Daniel Garman was proprietor of the Garman house. R. D. "Bob" Cummings was running the Cummins house, later the Haag hotel on Bishop street, and offering all patrons a free ride in his new bus.

J. B. Butts was the proprietor of the Conrad house which stood where the Temple Court now stands and we note that the advertisement announces it to have located on "Main st." So Allegheny must have been called Main in those days.

Neither the Bush nor the Brockhoff houses had been built at that time.

"Mother," said little Evelyn, "may I go out and play with the other children now?" "You may play with the girls, but not with the boys, for they are too rough."

"But mother, if I find a nice, smooth boy can I play with him?"
