

NEWS ABOUT TOWN AND COUNTY.

L. Frank Wetzler, of Milesburg, was elected vice moderator of the Centre Baptist Association at its annual session in Philipsburg, last Thursday.

A son was born yesterday morning to Mr. and Mrs. E. W. Winslow, of Patton. The little lad is a grandson of Mrs. Charles Cruse and Mr. and Mrs. Winslow's second son.

Any person desiring a competent, courteous man to clean up yards and gardens preparatory to the winter season should call Elliott Hollabaugh, of Coleville, Phone 329R.

The regular monthly meeting of the Nittany valley Dairyman's League was held at the court house, Bellefonte, last Saturday afternoon. Only routine business was transacted. Both Bellefonte and Mill Hill are being considered as the place to locate a shipping plant.

J. Harvey McClure, son of James I. McClure, of this place, has had more honors thrust upon him out in Ohio. We have frequently commented on Harvey's great business achievement in having managed the successful rehabilitation of the Cincinnati, Hamilton and Dayton Railway. At a recent meeting of the Ohio Electric Railway Association he was unanimously chosen president of the organization.

A five month's old wildcat has been added to the State game refuge, in Rush township. It was captured by workmen on the State highway between Lock Haven and Renovo and taken to Philipsburg by Ed Hewitt. The animal weighs some ten or twelve pounds and is as savage as its full grown ancestors are reputed to be. Game keeper Elmer Pilling is going to experiment with the little animal in an effort to find out what really makes a wildcat wild.

The Bellefonte curb market is gradually dwindling, only nine farmers and truck growers being lined up in front of the court house on Wednesday morning. This was just about one-third the number who attended market during the height of the summer season. And strange as it may seem, they came to Bellefonte from all parts of Pennsylvania and lower Nittany and Bald Eagle valleys. And the reason was that they got better prices for produce here than they could get anywhere else.

Mrs. Daisy B. Henderson and Mrs. Albert M. Krader were hostesses at a six o'clock dinner to the members of the High school faculty, at the Brockerhoff house on Monday evening. The table was attractively dressed in the school colors—red and white, and the name cards designed and executed by Miss Margaret Busser, of Altoona, added an unusual note of originality. Besides the entire teaching corps of the High school others present were, Mr. and Mrs. Arthur H. Sloop, Mrs. Harry C. Menold and son, Harry Jr.

Last Friday morning a Holmes moving van, loaded with furniture, was on its way from Clearfield to State College. Just as it reached the parking space on south Water street, Bellefonte, the driver discovered that his load was on fire. Pulling into the parking space the men with the van made quick work in unloading the furniture. In the meantime the fire companies had been summoned and what little fire there was was quickly extinguished with chemicals. Now the fire originated is not definitely known, but the furniture, somewhat damaged, was finally delivered at State College.

Bellefonte has at least one enthusiastic woman voter who has no intention of missing her right of franchise this fall. On Tuesday morning about six o'clock policeman Thomas Howley discovered her sitting on the steps of a home on Bishop street, not far from the Undine fire house. Thinking it possible that she might be sick he accosted her and asked if anything was wrong. "Oh, no, she replied; I'm just waiting for the polls to open so I can vote." Policeman Howley told the woman that she was just one month too early, as the election was not until November.

The associated business men of Bellefonte met in the court house Wednesday evening and after transaction of the routine business devoted an hour to discussion of the proposal to open a community loan service in Bellefonte. Mr. Joseph Simons, secretary of the Lock Haven institution, was present and gave a very illuminative talk on the service such an enterprise renders the merchants of a community. It is not a bank of deposit. Merely a bank for loaning amounts up to \$300, to those who have bothersome small obligations that they want to pay off. The process is practically this: You owe the doctor, the butcher, the grocer, etc. sundry amounts and want to assemble them into one account that you can pay on weekly. You get your creditors to endorse your note for the amounts due them then go to the loan bank with the notes. It discounts them, pays the creditors off and you pay the loan back on a 10 per cent. interest basis in weekly or monthly installments. The association voted to give \$100 to the Y. M. C. A. for each of the years 1927 and 1928.

BOTH FIRE COMPANIES WANT MORE FIRE HOSE.

Fire Marshall Bower Explained the Need to Borough Council Monday Evening.

Fire marshal John J. Bower appeared before borough council, on Monday evening, and explained to that body just why both fire companies should have an additional supply of fire hose. The last hose purchased by the borough was in 1923, and the hose now in use dates back to 1921. Some of it is showing the effects of its age as well as wear and is liable to go to pieces any time under heavy pressure. Mr. Bower cited the condition on Monday, September 24th, when the companies responded to three alarms and were almost at the end of their hose. The matter was referred to the Fire and Police committee for investigation and report.

Mr. Bower further stated that in communication with the Auditor General he has secured exemption certificates from the payment of three cents gas tax by the borough, both on its fire apparatus and the borough truck, which will mean a saving of from five to six dollars a month.

Only six councilmen were present at the meeting, and as one of the absentees was president Walker Mr. Emerick was chosen to preside. The Street committee reported repairs on various streets, putting them in shape for winter, and the collection of \$30 for a sewer permit.

The Water committee reported the six inch line completed on west Lamb and Thomas streets ready to make connection at the Sheffield Farms company milk plant. The committee also reported the collection of \$240 on the 1927 water duplicate and \$17.00 for the repair of a meter. It was further recommended that the water rate for the current year shall be the same as for last year, ninety per cent of the schedule.

The Fire and Police committee again made complaint about the West Penn Power company paying no attention to notices of lights being out. Mr. Emerick stated that the police should make a written return to council of every light out and the length of time, and the loss of service be deducted from the company's bill each month.

Mr. Reynolds stated that quite a number of automobilists, mostly Bellefonters, are not regarding the "No U Turn" sign on the traffic signal at the intersection of Allegheny and Linn streets, and claimed that he had seen the police not far away when the turns were made and they never said a word. The Fire and Police committee were instructed to confer with the burgess regarding a more definite understanding as to the duties of the police and then see that they do the work. Mr. Emerick stated that the streets of the borough ought to be posted with the same kind of signs used on the State highways then if automobilists did not regard them arrest them and make them pay a fine. He suggested that the Fire and Police committee also consider this matter until the next meeting of council.

Mr. Reynolds, of the Village Improvement committee, reported that some person has started the construction of a garage on Reservoir hill without securing a permit or submitting plans to council and wanted to know what to do about it. He was instructed to consult the borough solicitor and also inspect the location of the garage and plans and if they do not meet the borough requirements make the man change them.

The Finance committee reported a balance in the hands of the borough treasurer of \$553.27. Renewal was requested of notes totaling \$9630 and new notes for \$2500 were authorized to meet current bills. The committee also reported receipt of a bill for \$669.56 from the Auditor General for State tax on borough indebtedness. The bill was referred to the borough solicitor to check up on its accuracy.

Mr. Cobb brought up the matter of insurance on the Gamble mill. When the borough made a bid for the property two months ago they took out a binder on the old policy for thirty days, at a cost of \$275, then had it extended for another thirty days. Mr. Cobb stated that the extension expired on October 3rd and it is a costly matter paying for extensions. But inasmuch as the borough has not yet obtained title to the property, because the sale has never been confirmed, it is impossible to place a policy on the building for a year. The matter was finally referred to the committee and borough solicitor with power.

The Water committee reported that school boys, some of them High school students, had broken fully fifty panes of glass in the mill by throwing stones through them, and that they had broken into the mill and did other damage. Most of the broken glass has been replaced and an appeal is to be made to supervising principal A. H. Sloop to caution the boys against doing further damage. The newspapers were also requested to warn the boys that any further acts of vandalism will result in their prompt arrest and punishment.

Mr. Cobb stated that he had consulted the borough solicitor regarding a building code and a zoning ordinance required by the Underwriter's Association as one of the necessities towards securing a reduction in insurance rates, and the solicitor is of the opinion that council should indi-

cate the kind of an ordinance desired and he will then draw it. The committee was instructed to work out a form and report same to council at the next meeting.

The Water committee was instructed to have a thorough inspection made of all fire hydrants before cold weather sets in. Bills totaling \$2600 were approved for payment, after which council adjourned.

COMMON PLEAS CASES TRIED THIS WEEK.

Court convened on Monday morning at ten o'clock, and the first case was that of Viola Reed, who had brought a prosecution and failed to obey the subpoena to appear before the grand jury, giving no reason therefore. She was sentenced for contempt of court to pay the costs.

The first case to be taken up was that of Andrew Thal and Bertha Thal, his wife, vs. J. V. Foster, being an action in trespass. This case grows out of an automobile collision between the plaintiff and the defendant on the curve on State highway north of Potters Mills on June 15, 1924. This case was tried before and a new trial granted. The verdict was in favor of the plaintiff, Andrew Thal, for \$450, and in favor of Bertha Thal for \$50.

Commonwealth ex. Rel. Orvis M. Fetzer vs. Joseph Nyman, quo warranto. This case is from Curtin township. From the testimony it appears that John A. Mann, the regular tax collector by reason of illness resigned his office in 1926. Orvis M. Fetzer was appointed collector for Curtin township by the county commissioners in August, 1926, and subsequently qualified but no bond was filed with the school board until after fifteen days from his appointment. The school board on September 20, 1926, appointed the defendant as collector of school taxes for the year 1926 and both persons collected taxes. The case was tried on Tuesday and at the close of the testimony the court directed a verdict in favor of the plaintiff and the defendant made a motion for a judgment notwithstanding the verdict, which now raises the whole issue as a question of law to be passed upon by the Court.

I. G. Gray vs. M. I. Gardner and Rena Z. Diehl, administrators of Joseph D. Diehl, deceased. Being an action in assumpsit. This case was brought by the plaintiff to collect on a note for \$1100 which he claims he holds against Joseph Diehl, deceased. The case went to trial on Wednesday morning.

The jury was out for about an hour when it came into court with the announcement that it couldn't agree. Judge Fleming sent it back, however, and four hours later it returned with a verdict for Gray for the face of the note with interest, which will aggregate about \$2,000.

Final Cases Heard in Quarter Sessions Court.

When court convened last Thursday morning the following cases were taken up and disposed of: Commonwealth vs. Benny Kofman, violation of auto laws. Prosecutor, B. F. Meckley, State highway patrol. This case happened in Bellefonte at the intersection of north Allegheny and Howard streets. After hearing the evidence the court directed the defendant to pay the costs of prosecution and a fine of \$25.

Commonwealth vs. Hasten F. Long, violation of auto laws. Prosecutor, Corporal Graham, State highway patrol. The circumstances of this case occurred in Centre Hall borough last May at the time of the collision between Ralph Houser and Hasten F. Long, at which time Mr. Long, as well as his fellow-passenger were injured and the defendant, himself, was injured so that he did not regain consciousness until sometime that evening in the Centre County hospital. The case took up most of Thursday's session and at the conclusion of the hearing the court ordered the defendant to pay costs of prosecution and a fine of \$25.

Commonwealth vs. Jacob Kofman, violation of an ordinance in the borough of State College. It was a special appeal taken from the decision of the chief burgess, and when the case was called on Thursday counsel for the defendant raised the question that the defendant had not been legally arrested under proper process. The court transferred the case from this list to the regular argument term.

In the case of Commonwealth vs. John Fedora, which was continued on Tuesday on the ground of the testimony not being in shape, counsel for the defendant took the position that this man had been once in jeopardy and could not again be put in jeopardy. The court then directed a nol pros and the defendant was discharged.

The Villa Nova Freshmen will be the Bellefonte Academy football team's opponents, on Hughes field, tomorrow afternoon. Game will be called promptly at 2:30 o'clock instead of three. The Academy's game with Donora, last Saturday, was so one-sided as to be a farce, but tomorrow's game will be entirely different. The Academy team is unusually strong this year but there is also good material on the Villa Nova bunch, so that the game will be of worth seeing.

TEACHERS' INSTITUTE CONVENES OCT. 15th. County Superintendent Rogers Has Arranged Good Program.

The annual teachers' institute for Centre county will be held in the court house, Bellefonte, the week of Monday, October 15. County superintendent F. G. Rogers has arranged a good program which is now being printed for distribution among the more than three hundred teachers in the county. As instructors and lecturers during the week he has secured the following:

Dr. Martin G. Brumbaugh, president of Juniata college, Huntingdon; Mrs. Fadra Holmes Wilson, department of education, Southwestern State Teachers college, California, Pa.; Dr. Charles Lose, Montoursville; Dr. Will Grant Chambers, dean of the school of education; Dr. Charles C. Peters and Dr. Carroll D. Champion, all of State College; Dr. George P. Bible, Bellefonte; J. Y. Yoder, of Ivyland, director of music, and Miss Rachel Shuey, pianist.

The school code makes it obligatory on every teacher to attend institute or forfeit to the school district a sum equal to the amount he or she will receive for attending the sessions. Teachers receive \$4.00 per day or \$20 for the five days the institute is in session.

The county superintendent's office will be open Monday morning, October 15th, from 9:30 to 12 o'clock, for the enrollment of teachers. The fee will be \$4.00.

All general sessions of the institute will be held in the court house and will open at 9 o'clock a. m. and 1:30 p. m. Sectional meetings will be held on Tuesday and Wednesday in the High school building.

The officers of institute are president, F. G. Rogers; vice presidents, H. C. Rothrock and W. S. Jefferies; secretary, Earl K. Stock; registrar, Miss Rosalie Yearick.

The institute clergy will be as follows: Monday, Rev. Robert Thena; Tuesday, Rev. W. C. Thompson; Wednesday, Rev. C. E. Arnold; Thursday, Rev. William Snyder; Friday, at 9 a. m., Rev. S. S. Mume; and at 11 a. m., Rev. Homer C. Knox.

Double Electrocutation at Rockview On Monday Morning.

William R. Phillips and Jesse G. Parker, both of Delaware county, were electrocuted at Rockview penitentiary on Monday morning for the murder of Norman E. Gibson, 21 years old, in an attempted holdup on the night of March 23rd. Both men went to the chair without cringing and apparently resigned to their fate. Phillips was the first to be taken and Parker followed within a few minutes. The bodies of both men were claimed and were shipped back to Delaware county for burial.

On the night of March 23rd Phillips, Parker and George Weir were motoring along the Rockdale road, in Delaware county, when they met young Gibson. Stopping the car Phillips and Parker got out and attempted a holdup. Gibson knocked Phillips down when the latter drew a gun and fired two shots. Gibson fell to the ground mortally wounded. Phillips and Parker returned to their car and drove to Chester. The three men were arrested within two days. They were tried together in June, the jury returning a death verdict for Phillips and Parker and life imprisonment for Weir, who had not participated in the attempted holdup and murder.

Phillips was 32 years old, married and leaves a four year old daughter. Parker was 21 years old. Before being brought to the death house, on Saturday, Phillips made a statement in which he claimed the shooting was not deliberate. That when he poked the gun at Gibson the latter grabbed it and that the weapon was accidentally discharged. These two electrocutations make a total of 185 since electricity was made the death penalty.

Two Tragedies in Philipsburg Within Two Days.

While removing the ashes from her kitchen range, at her home at Pleasant Hill, near Philipsburg, on Monday, Mrs. Mary Lupton, wife of George Lupton, was fatally burned when her clothing caught fire and she was almost entirely burned from her body. She died at six o'clock on Tuesday morning. She was 69 years old and is survived by her husband, three sons and five daughters.

The second tragedy occurred at noon, on Tuesday, when Miss Mae Price, 21 year old daughter of Mr. and Mrs. Joshua Price, was instantly killed in a motor accident. The girl, who was employed in the First National bank, of Philipsburg, was on her way to work when she was picked up by two Altoona young men on a truck who offered her a ride to the bank. At the intersection of Ninth and Pine streets the truck and a touring car collided, the truck was overturned and Miss Price's head was crushed between the truck and paving. Her parents and seven brothers and sisters survive.

In the opening game on Hughes field, Saturday morning, the Bellefonte High school football team defeated Howard 6 to 0. In the afternoon the Bellefonte Academy defeated the Donora Athletic Club 99 to 0, and State College downed Lebanon Valley college 25 to 0.
