-The condition of Col Hugh S. Taylor, who has been in ill health for his family and many friends as to his recovery.

-The Mountain house barn, at Snow Shoe, was entirely destroyed by fire, on Monday night. Two cows and a mule in the barn were burned to death. No other property was endangered.

-The Catholic Daughters of America will hold a food sale in the Variety shop, Saturday, March 23rd. In addition to the usual line of foods which will be on sale, special orders are solicited.

-The Foreign Missionary society of the Methodist church held a meeting at the home of Mrs. William Nighthart, last Friday evening. The question discussed was "Founders' day and mission work."

-Warren Wood has resigned his position as guard at the Rockview penitentiary and moved into the Harry Diehl property, at State College, which he purchased, intending to conduct a rooming house.

-Harry Garbrick, living out near the aviation field, will make public sale and retire from the farm this move into town after his clean-up.

-The West Penn Power company will have a better lighting meeting at the Y. M. C. A. this (Friday) evening at 8 o'clock. There will be several brief talks and an exhibit of lighting appliances. Anyone interested is invited.

-S. D. Gettig Esq., got a nasty fall on the ice, on Bishop street Tuesday afternoon, and tore loose some of the rib cartilage in his left side. At first it was feared that he had fractured several ribs but an X-ray showed that such was not the case.

-Clair Miller has equipped himself with an auto truck and has embarked in the draying business. Clair is a dependable and deserving young man and if you need hauling of any kind he would appreciate the opportunity of serving you. His telephone number is 230-W

MANY ENJOYING CATHAUM SOUND OPENING WEEK.

Many theatre-goers from Bellefonte and other parts of the county have journeyed to State College this week to take in the opening week of sound and talking pictures at the Cathaum theatre. Without exception, they have returned singing the praises of this latest achievement of science and more particularly of the wonderful equipment installed at the Cathaum.

Even those who attended with a "show me" attitude have been completely won over by the soft, mellow patient in the Centre County hospital, tonal qualities of the Cathaum sound reproduction system, which still others have characterized as the best they have yet heard, not excepting

It is of interest to know that the Cathaum installation embodies the very latest improvements and a vast difference is noticeable over similar installations made four or five months ago. The wonderful acoustics of the theatre itself are also a factor in the clear reproduction in which every spoken word is distinctly audible in every part of the house.

If you have been at all skeptical as to the greater enjoyment that has been brought to the theatre by the introduction of sound and dialogue, you Cathaum and you, likewise, will be convinced that there has been nothing like it before.

The feature pictures chosen for the opening week as well as the novelty acts, comedies, etc., all in sound, have been unusually good and the Cathaum management has been deluged with congratulations from a host of friends

NOTICE OF INCREASE IN

PRICE OF MILK.

Coincident with the putting into effect of the new borough milk ordinance, on April 1st, the milk dealers will also increase the price in accordance with the following notice handed us for publication:

The milk men of Bellefonte will be compelled to raise the price of milk to 12c. per quart and the price of cream to 60c. per quart. Any person or place using 10 or more quarts a day will be considered wholesale and -Mr. and Mrs. John M. Keichline with the price will be 11c. a quart. No reduction will be made when tickets are sold or cash is paid.

Bottles must be returned daily or no millk will be left.

Bills must be paid not later than the 15th of the following month or no milk will be left by any of the dairymen; and the delinquents' names will be published at the dairymens' monthly meeting.

The above action has been made necessary by the recent passage of a borough milk ordinance, and will become effective April 1, 1929.
