Bellefonte, Pa., April 12, 1929.

## NEWS ABOUT TOWN AND COUNTY.

A new ceiling of Clotex has been placed in the counting room of the First National bank in this place.

Thirty-eight tickets were sold at the Bellefonte depot, on Saturday night, for the one day excursion to Philadelphia.

O. A. Kline is already out in the open as a candidate for tax collector of Bellefonte, though the primaries are not until September.

Don't forget the sale of household goods at the G. Fred Musser home, corner of Spring and Logan streets, tomorrow afternoon at 1 o'clock.

Carl Lambert, of Pleasant View, just north of Bellefonte, held No. 18,082 and won the Whippet automobile given away by the L. A. Hill agency.

Earl Kline, formerly a resident here and connected with the local aviation field was an arrival Wednesday. He flew a mail plane in from Chicago where he is connected with the National Air Transport.

The all day rain, on Wednesday, was followed by much cooler weather yesterday, but fortunately not cold enough to freeze blossoming fruit trees. The falling temperature, however, made furnace fires necessary.

The Milesburg school board have been notified by the State Department of Education at Harrisburg that they will be required to settle all taxes by June 1st, 1929. All delinquent tax payers are requested to respond promptly during the next thirty days.

By way of encouraging hope in the breasts of those who sally forth to fish next Monday Nathan R. Buller, Commissioner of Fisheries, has just announced that 749,312 trout were placed in the streams of the State last fall and during this week 400,000 more are being planted.

Keeping a promise made a long time ago a pilot took Misses Helen Tanner and Caroline Curtin for an airplane ride from the Bellefonte field Tuesday morning. The party was in the air for about an hour and the young ladies flew very high part of the time. They were thrilled by the experience and not a bit frightened.

Eighty-one agents and salesmen for the Goodyear Tire and Rubber company in this district, which includes portions of Centre, Clinton and Huntingdon counties, attended a meeting for salesmen held at the Bush house, on Tuesday evening, and were guests of officials from the Pittsburgh office at a banquet at the hotel following the meeting.

Major Linn Adams, head of the Pennsylvania State constabulary, was the principal speaker at the Tuesday luncheon of the Bellefonte Kiwanis club, at the Bush house. His talk was entirely explanatory of the good work being done for law and order by the 240 State police in his department. After explaining in detail the system under which the police operate he stated that during 1928 they figured in more than 80,000 cases, over eighty-five per cent. of which were worked out to a successful completion.

A bill is now before the Legislature providing for the appointment of a commission to decide upon a permanent camp grounds for the National Guard, the commission to be empowered to make a thorough survey of the present grounds at Mt. Gretna and determine if sufficient additional land can be obtained there to meet the guard requirements, and if not to look up a more suitable location. The bill carries an appropriation of \$300,000. The proposed location in Centre county is again mentioned as a possibility.

Adrian O. Morse, formerly dean of men and executive secretary to the president at the University of New Hampshire and recently secretary to Dr. W. W. Jardine, former United States Secretary of Agriculture, has been appointed executive secretary to president Ralph D. Hetzel at the Pennsylvania State College. The position was created recently by college trustees. Mr. Morse served as secretary to Dr. Hetzel for four years when the latter was president of the University of New Hampshire. He is a graduate of Yale University.

Members of the committee appointed to canvas Bellefonte for the purpose of raising money to finance a ball team this year expect to start on their rounds this week, and inasmuch as Bellefonte has secured a franchise in the Clearfield and Centre league there is sure to be some good sport in prospect. For this reason every encouragement should be given the committee when the members make their call. The two plans of financing are by the sale of season tickets for ten dollars and a voluntary subscription. If you can't buy a ticket give what you can. Inasmuch as the season is to open on Memorial day the baseball organization will have little enough time to get a team together and make all other necessary arrangements, and therefore should not be hampered by the lack of financial aid.

## PURER MILK ORDINANCE IS BRINGING RESULTS.

All Bellefonte Dealers Equipping to Meet Requirements.

The passing of a pure milk ordinance for Bellefonte borough is bringing the desired results and it won't be long until we can point with pride to the fact that the lacteal fluid we use on our tables comes from lady cows, not just any old kind of a female bovine. And bringing about such a condition has made Bellefonte's milk inspector, Dr. S. M. Nissley, one of the busiest men in this section at the present time.

Before the milk ordinance was passed eleven dealers were selling milk in Bellefonte. When the ordinance became effective on April 1st three dealers dropped out. Boyd Sampsel simply quit. Harry Corman sold his route to Harvey Markle and Paul Spearley made a trade which leaves him out of the borough entirely. Of the eight dealers remaining six of them have already installed complete sterilizing and aerating machinery at an expense of from \$150 to \$700, while the other two have installed boiling water equipment for cleansing their bottles and milk utensils. In addition they have built or equipped special rooms in which to handle the milk, such rooms to be tightly screened against flies and bugs during the warm summer months. A number of the dealers have already installed automatic bottlers and cappers, so that not a drop of the milk that goes into the bottles, or the cap which covers it, will come into contact with the dealer's hands.

So much for the dealers. Now that they are doing everything required to furnish a pure milk supply inspector Nissley is giving his attention to the farmers who furnish the milk to the dealers. And they are also responding to the request to put their dairy barns in sanitary shape. In fact practically all of them will come up to the same standard demanded by the Sheffield Farms company of farmers who supply them with milk. One farmer who supplies milk to Bellefonte dealers has constructed concrete stalls for his cows with patent stanchions, the stanchions alone costing him two hundred dollars.

Inspector Nissley has been on the job most of the time since he received his commission, and temporary permits will be issued to dealers until they get their entire plants in shape to pass inspection when they will be given a permanent permit to sell milk in Bellefonte. Once this is done a weekly inspection and twice a month analysis of the milk will be all that will be necessary.

## NO DEFINITE TRAIL OF

ANDREW R. MCNITT.

Up to yesterday no definite facts had developed regarding the mysterious disappearance of Andrew R. McNitt, of Bellefonte, or his probable whereabouts, but the poignant alarm for his personal safety has been considerably lessened for several reasons.

One of these is the fact that Pennsylvania railroad officials have succeeded in checking his mileage book coupons through to New York city. On the day he left Bellefonte, February 25th, cancelled coupons bearing the number of his book, were taken up through to Philadelphia. On February 27th, two days later, coupons from the same book were used from Philadelphia to New York. No trace, however, was found of Mr. McNitt having been registered at any Philadelphia hotel at any time between the 25th and 27th of February.

On Tuesday Major Linn Adams, head of the Pennsylvania State police, was in Bellefonte, and stated that he felt very certain that nothing of a serious nature had happened to Mr. McNitt, and that he would turn up of his own accord some of these days. He was undoubtedly led to make this statement because of the thorough investigations which have been made by the State police in connection with his disappearance.

Various stories are in circulation in Bellefonte as reasons for his disappearance and protracted absence from Bellefonte, but none of them may be correct. In the meantime Mr. McNitt's brothers and sisters are still pursuing their inquiries in an effort to discover their brother's whereabouts.

## Mothers Assistance Group Greets Visiting Worker.

At the regular meeting of the Mother's Assistance committee for Centre county, held in the offices of the Chemical Lime Co., Wednesday afternoon, the following members were present: Mrs. Charles McGirk, Phillipsburg; Mrs. Frank Gardner, State College; Mrs. Edward Harris, Snow Shoe; Mrs. John S. Walker, Miss Mary H. Linn and Mrs. W. F. Reynolds, Bellefonte.

The meeting was more than one for the usual consideration of routine business because Miss Laura F. Porter, of Harrisburg, was present to counsel with the ladies in methods for getting best results from the funds they disburse to deserving mothers.

Miss Porter is a field worker for the State and her wide experience has afforded her opportunity to study and discuss many angles of the work that were new and interesting to the local group.

## 1928 ANNUAL REPORT OF CENTRE COUNTY HOSPITAL.

The annual report of the Centre County hospital for the year 1928 has been put in print and shows that during the year 919 patients were treated for a total of 12,097 patient days. Out of the above total 741 patients were discharged as cured, 93 showed favorable improvement, 31 no improvement and 54 died.

The receipts from all sources during the year totaled \$41,673.09, while the operating expenses were \$45,015.54, leaving a deficit of \$3,342.45. During the year 1928 the average cost for maintaining a patient a day in the hospital was \$3.72, while in 1927 the cost was \$4.03.

The report stresses the need of an adequate nurses home and estimates the cost of same at approximately \$40,000. No definite steps have been taken looking to the erection of a home though an appeal is made to give the suggestion serious consideration.

Hospital authorities are now making plans for the annual membership drive which will be made next month, and it is hoped that it will meet with increased interest and contributions over the drive put on a year ago. At that time, according to the published report, 3151 people all over the county, with the exception of the Phillipsburg section contributed \$7031.45. Of this sum Bellefonte contributed over 35 per cent. of the total. The number of contributors and the amount in each district in the county are as follows:

Contrib	Amount
19 Benner Township	\$ 26.00
755 Bellefonte Borough	2700.00

## THREE MEN SENTENCED TO PENITENTIARY TERMS.

Monday was regular argument day in Centre County court but before the first case open was called Judge Fleming heard several pleas of guilty cases and disposed of them by sending three young men to the penitentiary and one to the county jail.

The first case called was that of Ernest Fye and James Emel, arrested on March 19th for breaking and entering and robbing a box car on the Pennsylvania railroad of ladies silk underwear and other merchandise to the value of \$442.42. The young men, both married, had secured the services of S. D. Gettig to look after their interests, and to him they denied having broken open the car, or of stealing near all the stuff with which they were charged, and Mr. Gettig told the court that under the circumstances he could not advise his clients to plead guilty to the indictment as drawn. After some discussion between Mr. Gettig and district attorney John G. Love it was agreed that the defendants plead nolle contendre and let the court judge from the evidence the degree of their guilt. This was done, and railroad policeman Fred Giles, of Tyrone, and chief of police Harry Dukeman were called to tell of the arrest of the men and what they found as incriminating evidence. Both young men testified in their own behalf and stuck to the story that the car had been broken open when they went to it on the evening of February 17th. After hearing all the evidence the court sentenced each of them to pay a dollar fine, costs of prosecution and imprisonment in the western penitentiary for not less than one year nor more than two.

H. L. Tanner, who gave his home as Blair county, entered a plea of guilty to passing a forged check for \$80 on an automobile dealer at State College, and was sentenced to serve a term of one to two years in the western penitentiary.

Emory Fink, who at the February term of court plead guilty to setting fire to the barn of Edward Orwick, in Taylor township, was brought before the court and sentenced to serve two years in the county jail.

## HI-Y BASKET BALL TEAM MADE SPLENDID RECORD.

The Hi-Y basket ball team, of Bellefonte, made a splendid record during the winter season. The team played a total of 17 games, winning 11, losing five and one tie. The team scored a total of 419 points against 358. Jackson Spangler made the highest individual score for the season, 43 field goals and 12 fouls, a total of 98 points. Other point scores were Baur 94, Haupt 86, Capt. P. Gallagher 57, Gettig 43, Boney 44, Gingers 15, Heverly 6, Caldwell 4, McCafferty and B. Gallagher 2 each. All of these boys are still in the Bellefonte public schools and are promising material for future High school teams.

It is estimated that there were 4310 horses on the farms of Centre county on January 1, 1929. This was just 220 less than the estimated number January 1, 1928.

## MISS AMELIA EARHART HERE FOR A NIGHT.

Miss Amelia Earhart, aviatrix and writer, the only woman who successfully made a flight across the Atlantic ocean from the United States to England, spent Monday night in Bellefonte, a guest at the Bush house. Her night's visit was unheralded and involuntary, but from all accounts she was pleased with the brief stay.

She left Curtis field, N. Y., about the noon hour, on Monday, for a flight to Cleveland, Ohio. She drove her own ship, an Avian biplane, and fighting a strong head wind all the way it took her four hours to reach Bellefonte. The result was her gas supply was so nearly exhausted when she sat down on the Bellefonte field that she averred that she couldn't have traveled a mile further. Weather reports at the Bellefonte field indicated stormy weather westward and it was this information that decided her to remain in Bellefonte for the night.

Consequently field manager Forrest W. Tanner brought her into town, and to the Bush house, and she was so badly fagged with her rough trip from New York to Bellefonte, that she went to her room and rested until the dinner hour at six o'clock.

In the meantime word of her arrival was quickly noised about and Burgess Hard P. Harris, in an effort to welcome the young aviatrix and give her a homey feeling even if she was among strangers, went to the Bush house and was her host at dinner, afterwards introducing her to a number of callers. Among the latter were three school girls, Jane Curtin, Jean Blanchard and Caroline Curtin, members of the Amelia Earhart club of Girl Reserves. Miss Earhart was not only glad to meet them but was a brief visitor at a meeting of the club held at the High school building later in the evening, where she was taken by Burgess Harris after he had driven her out to see Bellefonte's big spring.

The latter trip was also made at her request. She stated that she had heard so much about the spring and expressed a desire to see it. It is needless to say that it surpassed even the expectations she had conceived of it. She manifested unfeigned delight with Bellefonte and had no hesitation in saying that the Bellefonte landing field was excellent, though she stated that it was a little hard to locate by strange pilots and suggested as an improvement in this direction a few more signs or markers large enough to be seen by pilots at a high altitude.

Miss Earhart left Bellefonte at 8:15 o'clock on Tuesday morning for the continuation of her flight to Cleveland.

## "HEARTS IN DIXIE" IS EPIC OF THE OLD SOUTH.

"Hearts in Dixie," the screen's first singing, talking and dancing comedy of the South, which will be an attraction at the Cathaum theatre, State College, on Monday and Tuesday, April 15 and 16, matinee and evening, is without doubt the most unusual picture yet turned out. For the first time the soul of the southland finds voice on the speaking screen, with a wonderful all-colored cast of entertainers.

"Hearts in Dixie" is packed full of laughs, music and whirlwind dance steps; forty songs and spirituals are heard during the action; the story is human and full of movement; the heart of the South is revealed for the first time! Musical comedy and vaudeville have furnished the singers, dancers, comedians and actors, the entertainers totaling two hundred; and the Billie chorus of sixty mixed voices is heard for the first time from the screen singing songs that all America loves.

Ear, eye and heart appeal are all combined in "Hearts in Dixie." Throughout it has dialogue as absorbing as that of the best stage play, with musical and dancing numbers interspersed freely forming a veritable revue in themselves. And there is a pronounced strain of comedy with Stepin Fetchit, the comedy "find" of the year, heading the laugh makers. "Hearts in Dixie" has everything in the way of unusual entertainment. And it is different from anything yet produced for the talking screen.

## "WOMANLESS WEDDING" TO BE STAGED HERE.

The Bellefonte Academy, instead of presenting the usual Minstrel show in May, will this year stage the "Womanless Wedding," which has been such a popular farce in the west and south during recent years.

The Symphonie Levie Producing company, of Bardonia, Kentucky, will direct the performances which will be given in the State theatre, Wednesday and Thursday nights, May 15th and 16th, respectively.

The annual minstrel dance will be given in the Hecla auditorium, Friday evening, May 17th.

Other organizations are requested not to arrange for entertainments of any kind on the evenings of May 15th and 16th.

More complete details will be given later relative to the interesting features of the "Womanless Wedding." Suffice it to say that many prominent business men of Bellefonte will join with the Academy boys in producing the side splitting farce referred to.

Mary Robb and Henrietta Hunter returned to Chambersburg, Tuesday, to resume their school work at Wilson college, following their Easter visit home with their parents, Mr. and Mrs. N. E. Robb and Mr. and Mrs. Robert F. Hunter.

Mrs. William S. and Nannie Glenn will close their apartment at West Palm Beach, Florida, this week and motor leisurely back to their summer home at State College; expecting to arrive there some time next week. Both have been greatly benefited in health by their stay in the South, but are looking forward with pleasure to the home-coming.

Mrs. Charles Hart, of Media; Mrs. Carter, of Chester; and Miss Margaret Hiller, of Germantown, comprised a motor party that arrived here yesterday and will be guests at the Reynolds home, on Linn street, until today when they will drive back east. Mrs. Hiram Hiller, who has been visiting Mrs. Reynolds for several weeks, will return with them.

Henry S. Illingworth, of Ferguson township, was in Bellefonte yesterday looking after some business pertaining to the estate of his grandfather, of which he is administrator. We had thought Henry would be among the crowd of Pine Grove fishermen who will be over on the Stone Valley streams early Monday morning and were greatly surprised when he told us that he hasn't the "bug."

## UNUSUAL WEATHER WE DON'T RECALL IT'S LIKE.

This is the 12th of April, cherry and plum trees are in full blossom, tulips are blooming and temperatures are like those to be expected in August.

We can't say that the like of such weather has never been known, but we do say that we have never seen its equal and our memory runs back for at least five decades.

Last Sunday the temperature at 8:30 in the morning was 70 degrees. At five in the evening it was 88 degrees. The day was brilliant but hot, so hot that George Bush, invariably the pioneer, got out his straw hat and the young folks scrambled out of their step-ins and B. V. D's into bathing suits.

We saw quite a lot of "Polar Bears" in the new lake at State College and also in the great dam that the State Forestry Department has made on Laurel run over in Huntingdon county.

Truly the past week has been unusual from a temperature standpoint. Let us hope that it has not forced buds and vegetation only to be killed by frosts that may come later.

## NEW SCHOOL TEACHERS ELECTED FOR NEXT YEAR.

At a meeting of the Bellefonte school board, on Monday evening, the election of teachers took place for the year 1929-30. Five High school instructors and one grade teacher were not applicants for re-election, so that there will be a number of new faces on the roll next year. The High school instructors who will go elsewhere are Robert Cresswell, Margaret Kline, Reba Skyles, Alice Lewis and Helen Mackey, and the grade teacher Virginia Harnish.

The new teachers will be Miss Betty Lockington, of Bellefonte, now teaching at Mauch Chunk, instructor in French and English; Miss Elizabeth Heineman, a daughter of Mr. and Mrs. L. C. Heineman, of Bellefonte, who has been teaching at New Brighton, instructor in French and history; Mrs. Grace Bohrn, wife of coach Bohrn, of the Bellefonte Academy, instructor in English, and coach Alvin C. Watson, of State College, director of physical education and athletics.

Henry Woodring, of Port Matilda, was arrested in Bellwood, last Saturday, on a warrant issued by justice of the peace S. Kline Woodring, of Bellefonte, charging him with desertion. He was brought to the Centre county jail on Saturday night by sheriff Harry E. Dunlap.

## HOUSEHOLD GOODS.
