FUREY.—Mrs. Annie M. Furey, widow of Wharton Morris Furey, died last Friday night, at the home of her daughter, Mrs. Webb Kerstetter, in Curwensville. She had been in failing health for several months and went to Curwensville about six weeks ago. Her death was the result of a general breakdown.

Mrs. Furey was a daughter of Rev. and Mrs. George W. English and was born at Milroy on May 30th, 1847, hence was within seven days of being 82 years old. She grew to womanhood at the home of her birth and it was there she married Mr. Furey sixty-four years ago. Bringing his bride to Centre county Mr. Furey engaged in farming in Benner township and later in Spring township. Over twenty years ago they retired from the farm and moved into a comfortable home just south of Bellefonte. The several acres of ground in connection with their home were planted in fruit trees and flowers and for years it was one of the most showy country homes near Bellefonte.

Mr. Furey died in the autumn of 1913 and shortly thereafter Mrs. Furey disposed of her home south of Bellefonte and moved into a town apartment, of late years occupying a portion of the N. B. Spangler house, on east High street. She is survived by four children, William M. Furey, of Pittsburgh; Mrs. Hiram Lee, of State College; Mrs. Webb Kerstetter, of Curwensville, and George E. Furey, of Bellefonte. She also leaves one sister, Mrs. J. G. King, of Centre Hall.

After completing his education in the public schools he entered the University of Pennsylvania, at Philadelphia, where he first studied medicine then took the veterinarian course. He later studied in Europe until he became thoroughly versed in all animal diseases. This led to his appointment later as State veterinarian, a position he filled with credit and ability. On his retirement from that office he took up his residence in Marietta where he established the Gilliland vaccine laboratories, of which he was president. During later years he had spent most of his time in research work, specializing in the study of tuberculosis in animals as well as the human family.

BELLEFONTE KIWANIS HONORS WAR VETERANS.

Seven veterans of the Civil war and more than a dozen men who have passed the three score and ten year's limit in various fields of endeavor in private life were guests at the Kiwanis luncheon at the Penn-Belle on Tuesday noon, the occasion being made of special interest to the guests, who were as follows:

War veterans—Samuel Shirk, 148th regiment; A. T. Boggs, 45th; P. H. Haupt, U. S. Navy; Simeon Bathurst 148th; William Colpetzer, 49th; John Griffith, 104th Ohio, and George W. Gill, 45th.

Those over 70 years of age who were guests were Jacob Cole, Wilson I. Fleming, T. H. Harter, James H. Potter, Isaac Underwood, Michael Shields, Chas. F. Cook, C. S. Thomas, W. H. Crissman, W. B. Rankin, W. T. Twitmore, G. R. Spigelmyer, Samuel Yeager, Daniel Daup, Centre Hall; C. C. Shuey.

The session opened with singing the patriotic song, "America," followed with grace by Rev. Homer C. Knox. Judge Fleming welcomed and introduced the war veterans and Rev. Knox extended the courtesies to the other guests.

Some preliminary business was discussed after which Kiwanian Bush stated that in response to a communication from Postmaster General Walter Brown to philatelists regarding suggestions for a change in design of postage stamps he had suggested scenic pictures of some of the many wonders in the United States instead of the customary head. The suggestion was embodied in a resolution which will be forwarded to the Postoffice Department.

Thomas H. Harter, who celebrated his 75th anniversary that day, spoke briefly on the necessity of everybody living up to the laws of the country.

Kiwanian Sloop was the speaker of the day, and gave a brief outline of historical facts and laws which led up to the Civil war, paying a tribute to the men who went forth in 1861 to fight for the preservation of the Union, a country that has grown to be the greatest in the world.

On Sunday afternoon a young man whose name could not be learned threw a half-grown kitten from High street bridge into Spring creek. The fall of eighteen feet sort of dazed the little animal for a few moments, then it managed to swim to the west side of the stream and crawl up onto the wall along the Watchman office. It was later rescued and brought up to the street. If the identity of the young man who threw the kitten into the stream can be learned he will be arrested for cruelty to animals.

The annual election of officers for the Woman's club of Bellefonte having been held, at the regular May meeting, Monday night, the official board for the following year will be, Miss Isabella Hill, elected president for her sixth year, Mrs. Ebon Bower, vice Pres; Miss Helene Williams, Treas.; Mrs. Roy Wilkinson, Sec.; Mrs. A. C. Hewitt and Mrs. Hurley Del. at large. Preliminary plans for replenishing the treasury before resuming work in the fall were also made.

Memorial day started off beautiful enough, but we went to press too early to know whether the usual thunderstorm sent the afternoon crowds scurrying to cover.

NITTANY CLUB GOLFERS NOSE OUT LOCK HAVEN.

Nittany Country club golfers nosed out the Clinton Country club players in a close contest on the local course at Hecla Park, last Saturday, the score at the finish being 28 1/2 to 26 1/2. Each club used eighteen players and so close were the matches that the result was in doubt until the last man had finished.

Clinton showed unexpected strength in the center of its lineup, Hitchens, Zellers, and Gross turning in good scores and victories for the visitors, while Tom Wynn sprang a real surprise by defeating the veteran Lane of Nittany. Wynn Fredericks, Clinton's No. 1 player, set a record for the new course in beating Hugh Quigley 2 up, while Miller of Nittany was overthrowing the star No. 2 man of Lock Haven, Frank O'Reilly.

When Camerer and McClure, of Clinton, came in with three points each over Bill Curtin and Robert Walker, the outlook was gloomy for the home team, Clinton being six ahead at that point. It remained for the last three Nittany players to save the day, which they did in no uncertain manner, Blaine Mabus winning 10 up, Frank Hockman 5 up, and Bruce Bechtol 6 up, accounting for nine points and the victory between them.

The low medal scores were the record 72 for Fredericks, Quigley 75, Father Downes 76, Ellis Keller 77, and J. R. Miller 78.

The results of the individual matches follow:

Table with 3 columns: Nittany, Clinton, and scores. Includes names like Quigley, Miller, Downes, Keller, Driscoll, John Curtin, Brockert, Lane, Robert Morris, Ivan Walker, Paul Sheffer, Ben Beizer, Cecil Walker, Bill Curtin, E. S. Walker, Blaine Mabus, Hockman, Bechtol.

The local club's next match will be played at Nittany this Saturday, the Clearfield Country club being the opponent. Clearfield will bring about twelve players, so some of the stars of last Saturday's match may not see action.

These recent hot days have convinced many housewives what an inferno their kitchen will be this summer without a cool gas range. Your old stove can be your first down-payment.—Central Pennsylvania Gas Co. 22-11

Shortly after six o'clock Wednesday morning, a red, white and blue monoplane came right down the valley from the direction of Lemont. It was flying very low, scarcely above the tree tops, and when it reached the vicinity of Axe Mann it circled twice then headed in over Bellefonte and picked up the regular air route north and west. Inasmuch as it didn't stop here and its pilot seemed confused as to location there were those who thought it might be Lindy and Anne.

Sir Esme Howard, British Ambassador in Washington, didn't mean to of courses, but he seems to have put President Hoover "in a hole." He told a prohibition editor that if the President requested it the several embassies would relinquish the privilege of importing liquors and now the Prohibitionists are demanding that the request be issued.

The Hockman hatchery, at Hecla park, and the Kerlin hatchery, at Centre Hall, are busy places these days. High shipments from the Hockman plant this spring have been 30,000 chicks a day while the Kerlin plant has put out as high as 50,000 a day. The average price at which the chicks are sold is \$15.00 a hundred.

Senator Cole Blease, of South Carolina, calls the President Mussolini Hoover. He says Mr. Hoover wants to be President, House of Representatives and Senate. In other words "the whole cheese."

THE GUMMING OF STAMPS.

Officials of the Bureau of Engraving and Printing at Washington aver that one of the most delicate operations connected with the manufacture of our postage stamps is the gumming thereof.

When the sheets have been printed they are passed under a roller, from which they receive a thin coating of gum, and then gradually over coils of steam pipes until they are dried. Much care is exercised to get the layer uniform on every part of the surface.

The gum in the little vats, from which it drops to the roller, is maintained at an even temperature and thickness. Tests are frequently made of the warmth and humidity of the work room.

But even with the perfection of mechanical exactness, some allowance must be made always for the season of every year. For summer sale a slightly harder gum is used, because of the trouble occasioned by the sticking of stamps. In winter precaution against the cracking of the gummed surface through contraction is necessary. A third grade of the material for other seasons is known as "intermediate."
