Richard S. Brouse underwent an operation in Blair memorial hospital, on Monday morning, for the removal of a double polypus that has been causing him much discomfort for a long time. He was on the table for two and a half hours but responded so quickly that he was in condition to motor home on Wednesday.

The time of year is not far distant when the Bellefonte curb market will open. Most all kinds of garden stuff is late this season but home grown strawberries are due early in June, and if the crop in Centre county shows a yield anything near like the southern crop they should be quite plentiful. Bellefonte has a reputation of having one of the best curb markets of any town in the central part of the State, and this year will probably be up to the standard of former summer seasons.

## BRINGS HOME PRIZE CUP.

The first aid team of the Bellefonte district West Penn Power stands at the head of all the teams in the Keystone division for skill and efficiency. This was demonstrated in a competitive contest held at Ridgway on May 18th, in which the teams from Ridgway, Kane and Bellefonte took part.

The Bellefonte team is composed of Roy Bryan, captain; John Hoy, Allan Cruse, P. I. Holt and LeRoy Scull. While there are five teams in the Keystone division only three took part in the contest and the Bellefonte team won easily, and naturally the members were quite proud to bring home the cup presented for first aid work in the Keystone division by J. George Kaelber, former president of the company.

The success of the Bellefonte team entitles them to represent the Keystone division in the six division contest of the West Penn Power company to be held later at Pittsburgh. Out of the five divisions which have a little extra coaching stands a good chance of winning the district cup.
