

**BO. COUNCIL ENCOURAGES
REBUILDING OF HIGHWAY**
Immediate Expense to Town to be
Made Limited as Possible.

William A. Carroll, assistant division engineer from the State highway offices in Clearfield, appeared before borough council, at a regular meeting on Monday evening, in regard to the rebuilding of the State highway between Milesburg and Bellefonte. This was the first piece of highway constructed in Centre county and it was built of macadam about twenty years ago.

According to plans prepared by the department and which Mr. Carroll exhibited to council, the road is to be rebuilt with an eighteen foot width of concrete and an eight foot shoulder on each side. The present roadway will be followed from Milesburg to the sharp curve at the old Central Railroad of Pennsylvania shops where it will divert to the right and come up the course of the old canal and railroad bed to a point near the pike line kilns where a big fill will be made to connect with the present route through the borough at a point near the intersection of north Water street.

The original plans provided for the same width of street inside the borough limits and around the Rhoads corner, which would necessitate cutting down considerable of the high bank along the McCoy and Shallcross properties, thus entailing possible heavy damages. But the revised plans presented to council provide for the construction of the same kind of a roadway within the borough limits as in the township and only to a point at the intersection of Curtin street with a Y at the intersection of north Water street.

The borough was asked to secure the right-of-way within the borough limits for the new route, find a place to dump the old tin cans and dirt which will have to be moved from the old dump and agree to cover the right foot shoulder on each side of the new eighteen foot width and build high curb at any time within three or five years that the borough's financial condition will permit doing so.

Mr. Carroll explained that the rebuilding of this piece of road will not nowise affect Centre county's other allotments of road money. He also stated that several other sections of the county are after the money at the department is anxious to rebuild this road in order to entice much traffic as possible through Bellefonte.

On motion of Mr. Emerick the secretary was instructed to write Mr. Carroll a letter stating that council in accord with the contemplated building of the highway and will do its utmost to meet all requirements; the letter to be used by the strict engineer in submitting his plans to the Highway Department for approval.

Only five members of council were present when the body convened. Secretary Kelly read a letter from borough solicitor N. B. Spangler advising that there is no provision by act of Legislature by which property owners can be compelled to number their houses. Council will have the right to do it, if it is willing to assume the expense, but the solicitor suggested that property owners might do it, if requested. The matter was left in the hands of the Special committee.

A communication was received from the Salem City Milling company of Salem City, N. J., inquiring the borough will sell a portion of the machinery in the Gamble mill, referred to the Water committee.

A communication was received from Kofman & Co. asking that the borough give them all the hauling possible.

A communication was also received from the State Highway Department asking that the borough properly designate through highway routes with legal signs. Referred to the Street committee.

A communication was read from the Central Pennsylvania Gas company relative to a bill submitted for pairing streets in which a request is made for an itemized statement to the streets and alleys on which work was done, cost of materials, etc., referred to Street committee.

The Street committee reported additional repairs on gas company lines, various borough repairs and the collection of \$40 on sewer permits. The committee also reported that the iron rders under the High street bridges over Spring creek and the race are being badly and should be scraped and repainted. As the county has an interest in both bridges the matter is referred to the Street committee confer with the county commissioners.

reported a refund of \$165 from the West Penn Power company on an error in computation of the March pumping bill, as well as the collection of \$500 on water duplicates.

The Finance committee reported a balance of \$1221 in the hands of the borough treasurer and also requested the renewal of notes totalling \$8000. The borough treasurer reported having an opportunity to borrow \$1500 at five per cent. and he was authorized to do so.

The Fire and Police committee submitted a report of fire marshal John J. Bower in which he stated that the average number of active firemen in each company does not exceed 35 at any fire.

Mr. Carroll, in addition to presenting facts about the rebuilding of the Milesburg road, brought up the matter of the petition against the highway's garage and storage plant, on Wilson street. He stated that the department had spent about \$3750 in location and plant and there is no fund from which they can draw money to move the plant or build another and further, they would like to have authority to construct another building there for storage purposes. He further stated that if the department is compelled to move the plant it will likely be taken to some other town. No definite action was taken in the matter, though Mr. Walker stated that some solution of the problem will probably be found.

Bills approximating \$1300 were approved for payment, after which council adjourned.

**ANOTHER APPEAL FOR
FRESH AIR CHILDREN.**

Once again an appeal is being made to the people of Bellefonte and vicinity to entertain fresh air children from the tenement districts of New York for two weeks beginning July 17th. For several years past Bellefonte has entertained a contingent of such children, though the number has gradually been growing smaller every year. Whether this is because of a lessened spirit of hospitality or for some other reason is not known. This year, however, those in charge of the movement are beseeching a more liberal response to the appeal. In fact, they say "let this be the banner year." If such is to be the case more people will have to open their hearts as well as their homes to the entertainment of the youngsters.

The committee in charge this year will be Mrs. Elizabeth Beech, chairman; Mrs. W. Harrison Walker, Mrs. John Somerville, Mrs. M. R. Johnson, Mrs. G. Oscar Gray, Mrs. Frank Crawford, Mrs. William Nighthart, Mrs. S. F. Gast, Mrs. William Snyder, Mrs. Samuel Shallcross, Mrs. Lella Cole, Miss Daise Keichline, and Miss Henrietta Quigley, as secretary.

Requests specifying the age and sex of children desired can be given to any member of the committee or sent direct to Mrs. Beech, chairman. An appeal in behalf of the children will be made in the various Bellefonte churches.

**GERMAN STUDENT DIES
SUDDENLY AT PENN STATE.**

Excitement over the approach of his trip back to the Fatherland coupled with over exertion caused a heart attack which proved instantly fatal to Gunter Scharnke, a German student and assistant instructor at State College, on Wednesday of last week. The young man, who was 24 years old, had spent a year at the College, and his work completed had packed his trunk and put everything in readiness for a motor trip as far west as St. Louis before sailing for home.

His packing done he went down stairs at the home of William B. Keeler, where he roomed, went out onto the porch and leaning against a pillar complained of feeling ill. Hardly had the words left his lips until he collapsed to the floor, dying instantly. The remains were prepared for shipment to Germany and after funeral services in the Lutheran church, at State College, on Friday morning, were started on their long trip back to the home of his birth at Berlin.

**PHILIPSBURG, 3rd WARD,
WANTS VOTING MACHINES.**

A petition duly signed by qualified voters of the 3rd Ward of Philipsburg has been filed in the office of the county commissioners requesting them to submit to the voters at the November election the question of the adoption and installation of voting machines, under the provisions of the enabling act passed by the last Legislature.

The act states that county commissioners must submit the proposition to a vote on the petition of a stipulated number of qualified voters in any "township or borough" in the county, and as the petition filed represents only one election precinct in the borough of Philipsburg the commissioners are of the opinion it is not sufficient to require them to submit the proposition to the voters.

The Brooks-Doll post American Legion bugle and drum corps went up to Altoona, last Friday afternoon, and took part in the Legion flag day parade that evening, placing fourth in the list of similar organizations present.

**PATIENTS TREATED
AT COUNTY HOSPITAL**

Reuben Cronemiller, of Bellefonte, was admitted on Monday of last week for treatment for an injury to his hand, received at the Bellefonte Central shops. The index finger of the left hand was amputated.

Carlton Hickok, of Bellefonte R. F. D., was admitted on Tuesday of last week, for surgical treatment. David Keatley, of Unionville, was admitted on Tuesday of last week for medical treatment.

Alfred Lucas, of Curtin, was admitted on Tuesday of last week as a medical patient and was discharged on Wednesday.

Mrs. Twila Stevens and infant daughter, wife and child of Vincent Stevens, of Bellefonte, were discharged on Tuesday.

Harry Grubb, of Halfmoon township, a medical patient for the past six weeks, was discharged on Tuesday.

Miss Nannie Stover, of Patton township, was discharged on Wednesday after undergoing surgical treatment.

Miss Helen Sowers, of State College, was admitted on Tuesday as a surgical patient and was discharged on Wednesday.

Max Confer, aged thirteen, son of Mr. and Mrs. Charles Confer, of Howard, was admitted on Wednesday of last week and discharged on Thursday.

Mrs. Mildred Bryan, wife of Lattimer Bryan, of Boggs township, a medical patient, was discharged on Thursday.

Wilbur Jackson, of College township, a surgical patient for the past three months, was discharged on Friday of last week.

Lenora Barlett, of State College, was admitted on Friday as a medical patient.

Harry Meyers, of Lemont, was admitted on Friday as a surgical patient and discharged on Saturday.

Master Franklin Grytko, eight year old son of Mr. and Mrs. Benjamin Grytko, of Bellefonte, was admitted as a surgical patient on Friday and discharged on Saturday.

Warren Bailey, of Pine Grove Mills, was admitted on Friday and discharged on Saturday after receiving surgical treatment.

Mrs. Clifford Reid, of State College, was discharged on Friday, having been a surgical patient for some time.

Mrs. Helen Grove and infant, wife and daughter of Robert Grove, of Marion township, were discharged on Friday.

Mrs. Ina Gregory and infant daughter, wife and child of Peter Gregory, of State College, were discharged on Saturday.

James F. Vonada, of Coburn, was admitted on Sunday for medical treatment.

Miss Elizabeth Kline, daughter of Mr. and Mrs. O. A. Kline, of Bellefonte, started to work at the institution on Monday as a stenographer in the office of manager William H. Brown. Miss Kline was graduated from Bellefonte High school in the class of 1929.

Mrs. Catherine Hess and infant daughter, wife and child of John Hess, of State College, were discharged on Monday.

Frank Parks, of Bellefonte R. D., was discharged on Monday, after receiving treatment for a bullet wound in his chest.

Mrs. Viola Billett, wife of Chester Billett, of Coleville, was discharged on Monday after receiving medical treatment for the past week.

Mrs. Elizabeth Gross, wife of Edward Gross, of Bellefonte, a surgical patient for the past two weeks, was discharged on Monday.

Ralph McLaughlin, of Snow Shoe Intersection, a surgical patient, was admitted on Monday.

There were thirty-five patients in the institution at the beginning of this week.

**ONE DRIVER KILLED
IN ALTOONA RACES.**

Ray Keech, auto racing driver of Philadelphia, and who held the world's record for straight-away speed, was killed in the auto races, at Altoona, on Saturday, when he was leading the field of sixteen starters. He was killed when attempting to evade the wrecked car of another driver.

Cliff Woodbury, another driver who was mixed up in the wreckage, was also seriously injured but physicians give hopes of his recovery.

"Hitch-Hiking" Not Against the Law.

As it originally passed the House of Representatives Pennsylvania's Motor Code contained a provision making it illegal for so-called "hitch-hikers" or "thumb-jerkers" to stand along the roadside soliciting "lifts" from motorists. The paragraph was stricken out in the Senate, and the action was agreed to by the House. "Hitch-hiking" may be a dangerous practice, or a nuisance, as the individual cares to regard it, but, Motor Vehicle Commissioner Ben Eynon points out it is not illegal. It is understood that the Senate's objection to placing a ban on the practice arose from the fact that students at various colleges "brought pressure to bear" objecting strenuously to what they called an infringement on their right to get home week-ends with the least possible expense.
