FIFTY YEARS AGO

IN CENTRE COUNTY.

Items taken from the Watchman issue of October 10, 1879.

Mr. Dan Lesh, a crack farmer in the vicinity of Zion, reports that his corn this year will yield an average of five ears to the stock.

One of the oldest horses perhaps to be found in Centre county is kept at present on Dr. Hale's farm several miles east of town. The animal is now 34 or 35 years old, is still lively, has good eyes and eats well, though she is never driven any.

She was the Doctor's fancy driving nag, between the years '50 and '65, and will be kept until she dies a natural death.

At the Republican county convention held here on Tuesday there were just 26 out of the possible 99 delegates present. Men who figured importantly in the affair were Gen. Beaver, D. S. Keller, Cam. Burnside, Claude Cook, Daniel McGinley, Austin Curtin, William McFarlane, A. M. Kline, of Huston Twp., was nominated for jury commissioner and Dr. Thompson, of Snow Shoe, was the party's choice for coroner.

Teachers for the Spring township schools have been elected as follows: Valentines, T. M. Barnhart; Logan Branch, J. E. Williams; Hornstown, G. M. Noll; Gentzels, P. G. Gentzel; Weaver, E. C. Wood; Glenwood, (not selected) Oak Grove, M. E. Hoy; Pleasant Gap, W. H. Noll; Logan Branch, J. Harrison; Fair Grounds, F. E. Bible; Mountain (not selected) Yocum, J. W. Barnhart; Pleasant Hill, J. M. Holmes.

Mr. David Derstine and his sister Mary, from Rockford, Illinois, are visiting their uncle, Wm. H. Derstine of this place, and are delighted with the magnificent scenery in and around Belleville.

Mountains fires are raging along the Alleghenies and unless it rains soon much valuable timber will be destroyed.

Among the many handsome and attractive exhibits at the county fair were the crayon pictures, old paintings and case of fancy articles exhibited Miss Sallie Burnside and Miss Kate Jackson. The young ladies bid fair to become genuine artists.

The inauguration ball of the Logan Hose Company, on Thursday night last, was a very pleasant and well conducted affair. The music by Prof. Fred Smith was excellent. Messrs. Schrock and Schrous managed it well and Billy Hillbill was a very gracious floor manager.

Conductor A. K. McMullen is now running the train on the Belleville and Snow Shoe road in the absence of the regular conductor, E. A. Nolan who, with Mrs. Nolan, is in Philadelphia on a visit.

Mr. Henry Walburn, of Rebersburg, aged 83 years, on Tuesday last walked from Rebersburg to Zion, 16 miles, and on Wednesday walked to Belleville, 6 miles, to the fair and back to Zion and on Thursday, back to Rebersburg.

Mr. William Dillon, late of the car record office in Altoona, has been appointed R. R. agent at Braddock station, near Pittsburgh. Mr. Dillon is a capable and reliable man and his Belleville friends will be glad to hear of his good luck.

Brown October thus far has been hotter than August was.

There is talk of starting up both the car and glass works.

Our young friend, T. M. Barnhart, while hunting last Thursday, shot two wild turkeys. One weighed 39½ pounds and the other tipped the beam at 25 pounds.

There is much indignation in the community over the suspension of Geo. W. Rogers as superintendent of the water works. Inasmuch as he has proven the most efficient man ever to hold that job and only a trifling cause is offered for his suspension there is likely to be a public meeting of protest.

At the regular meeting of council, last Monday night, Maj. Wm. F. Reynolds made a present of all his right, title and interest in the Big Spring and grounds surrounding it to the people of Belleville. Under the Smith deed of 1807, and the Harris deed of 1823 the town had the right to use from the Big Spring only the amount of water that could be supplied through a three inch pipe, and this for domestic purposes only. No right was given to use it for steam or manufacturing purposes. Major Reynolds being the owner of the Smith and Harris deeds and seeing the growing needs of the people of Belleville generously transferred all his rights to the borough without a cent of cost. A. O. Furst Esq. made the presentation speech for the Major and it was accepted by Edward Humes, president of council. Other speeches were made by chief burgess Hastings, councilman Shortidge, John G. Love, Esq., and Hon. James Milliken.

Charles Isenberg, who was brought back to Centre county from the Allegheny county work house, will have to serve his sentence in the Centre county jail.

HARTSOCK

While on his way to a pasture field to take the cows to the barn, shortly before five o'clock last Friday evening, John W. Hartsock, one of the older residents of Buffalo Run valley, was stricken with an attack of apoplexy, fell to the ground at the side of the road and died almost instantly. Harry Ebbs passed him as he was walking along the road and to him he remarked that he was not feeling very good. Ebbs had gone less than a quarter of a mile when he looked around and saw Hartsock lying at the side of the road and an automobile standing nearby. Naturally he thought the aged man had been the victim of an accident and going back he was told by the automobilist, who proved to be a traveling man from Ohio, that Hartsock was lying by the side of the road when he first saw him and he had stopped to see what was wrong. A Belleville physician gave the cause of death as a stroke of apoplexy.

Deceased was a son of Huston and Elizabeth Chambers Hartsock and was born in Patton township on July 17th, 1857, hence had reached the age of 72 years, 2 months and 17 days. As a young man he engaged in farming, an occupation he followed many years. He served several terms as road supervisor in Patton township and during the past several years had been caretaker for the State Highway Department on the Buffalo Run valley road. He was a lifelong member of Gray's Methodist church and a member of the Stormstown lodge of Odd Fellows.

He was thrice married, his first wife having been Miss Marion McDivitt. Following her death he married Myra Wolf, who died a year later. His third wife was Miss Katherine Behrer, who survives. He also leaves three children, two sons to his first wife, Bond M. Hartsock, of Columbus, Ohio, and Hon. Samuel Gray Hartsock, of Eldorado, member of the Legislature from Blair county, and a daughter to his third wife, Mrs. Hazel Deal, of State College. He also leaves one brother and a sister, (twins), J. A. Hartsock and Mrs. Miles Morrison, both of Philipsburg.

Funeral services were held at his late home at 10 o'clock on Monday morning, and interment in Gray's cemetery was under the ritual of the Odd Fellows.

ERB.—John Amos Erb, of Philipsburg, died at the State hospital, in that place, on Sunday morning, following only three days illness with pneumonia.

He was a son of William and Elizabeth Harper Erb and was born at Pine Grove Mills on April 30th, 1854, hence was in his 76th year. When a child his parents moved to Hannah Furnace and later to Philipsburg where he had lived ever since. As a young man he worked in the coal mines but seeing no future in that he quit, and organized Erb's New Sensation Circus with which he hoped to coin money. But the show proved a financial failure and returning to Philipsburg he took charge of the Eagle hotel. But running a hotel was not to his liking and he sold out and embarked in the restaurant business. Later, however, he found his vocation in the real estate business in which he was quite successful.

Mr. Erb married Elizabeth Jane Jones, of Port Matilda, who died twenty-one years ago. As they had no children his only survivor is one brother, Winfield Scott Erb, of Philipsburg. His funeral was held on Wednesday morning, burial being made in the Philipsburg cemetery.

Burial was made at Bluefield last Friday.

In addition to the parents one brother, William, survives. The funeral was held on Monday morning, burial being made in the Union cemetery.

He was a son of Hon. John T. and Anna M. McCormick and was born on the homestead farm, in Ferguson township, on March 10th, 1888, hence was 41 years, 6 months and 25 days old. Shortly after his graduation he accepted a position as farm manager for the president of the Pennsylvania Railroad company, on his farm at Jermyn, Lackawanna county. Several years later he resigned that job to become superintendent of buildings and grounds of Ursinus College, at Collegeville, Montgomery county, a position he held until overcome by illness about two years ago when he was compelled to quit work and moved back to State College.

He was a member of the Lutheran church all his life and was a 32nd degree Mason. In 1910 he married Miss Maude Decker, a daughter of Thomas Decker, who survives with three children, Paul, Hazel and Jane, all at home. He also leaves his father and stepmother, two brothers and one sister, J. Frank McCormick, of Lock Haven; Walter T., of Belleville, and Mrs. Frank Krumrine, of State College R. D.

Funeral services were held in the Lutheran church at State College, at two o'clock on Tuesday afternoon, by Rev. J. F. Harkins, burial in the Pine Hill cemetery being in charge of the Masonic order.

BUTLER.—Mrs. Nancy Butler, widow of the late Burdine Butler, died on Monday night at the State hospital at Danville, her death occurring just one month and two days after that of her husband. She had not been in good health for some time and her mind becoming seriously affected she was taken to the Danville hospital about ten days prior to her death.

Mrs. Butler was a daughter of Mr. and Mrs. Joseph McCaleb and was born in Walker township about 63 years ago. She was married about thirty-five years ago and all her married life had been spent in the vicinity of Howard. Her husband died on September 4th but surviving her are five children, Mrs. Margaret Mayes, of Syracuse, N. Y.; Mrs. Ida Barges, of Akron, Ohio; Hugh, Fortney and Daniel Butler at home. She also leaves one sister and two brothers, Mrs. Ida Mingle, of Birmingham; Harry and William McCaleb, both of Altoona.

The remains were taken to her late home, at Howard, where funeral services were held yesterday afternoon, burial being made in the Schenk cemetery.

RICE.—Amos Harper Rice, for many years a resident of Belleville, died on Monday, at the home of his daughter, Mrs. D. W. Keller, in Philadelphia, as the result of a broken hip sustained in a fall about ten days previous.

He was a native of Blair county where he was born 84 years ago. During the Civil war he served as a member of Company F, 19th Pennsylvania cavalry. After the war he located near Belleville and during the years when the various iron furnaces were in full operation here he was employed as a teamster, hauling charcoal and ore. He married Miss Louise Woomer who died three years ago, but surviving him are two children, Mrs. Keller, of Philadelphia, and Walter, of Cleveland, Ohio.

The remains were brought to Belleville and taken to the Gingrich home, on Pine Street, where funeral services were held on Wednesday afternoon by Rev. C. S. Shuey. Owing to the fact that deceased was a Civil war veteran details of Troop L and the American Legion turned out and assisted in the burial at Sunnyside cemetery.

RHUE.—Augustus D. Rhue, a native of Centre county, died last Friday morning, at the home of his son Bond, in Altoona, following an illness of some weeks with a complication of diseases.

STATE COLLEGE PLANS FOR FUTURE SCHOOL NEEDS

The school directors of the borough of State College are planning to meet the increased demands on the public schools of that place and at the same time provide for expected increases through some years to come.

The subject has been given much consideration and studied from every angle. Last July the board met and put its plans into record form by passing the following minute as best expressing the various programs considered.

It is the present judgment of the board that the school building program of the borough, designed to remedy the present crowded conditions and to provide improved facilities for instruction.

1. A plot of land located in College Heights has been donated to the school district, provided the district will erect thereon a school building before January 1, 1931. This site is suitable for school purposes. At present, fifty-six pupils of the first six grades come from College Heights. It is the judgment of the school board that a building for the first four grades, costing from \$6000 to \$10,000, should be erected on this site before January 1, 1931. This would be a two-room structure, so designed that it may be added to later.

2. In view of the rapid increase in the enrollment of our High school, the next urgent physical need of the school district is a modern High school building. This will be located on the site of the present primary school building. Such a building should include, in addition to classrooms, laboratories and offices, a well equipped gymnasium, an auditorium with a seating capacity of 700, and a library and reading room. Such a building will cost approximately \$200,000.

The present bonded indebtedness of the school district is \$65,000. If the primary school building in College Heights is erected in 1930, and the present tax rate is maintained, the school district should be free of debt in four years, in 1933. If the present annual increase in assessed valuation is maintained, the bonding capacity of the school district would then be \$200,000 or more. It is the present intention of the school board to ask for a vote on a bond issue of \$200,000 for the construction of a High school building, in 1933.

3. "The Hollow" is an undeveloped civic asset of State College. It is a natural amphitheater and playground. The school board has had a topographic survey made of the central school area and has adopted a plan for its development prepared by John R. Bracken, landscape architect. This plan provides for its use primarily as a school playground, but also as a football field and track, with concrete bleachers. The drainage problem, which has heretofore interfered with the use of "the Hollow" has been met through a plan designed by the borough engineer. The full development of "the Hollow" will require a number of years. It is the purpose of the school board to make the improvements gradually, from year to year, as current funds are available, and not to ask for a bond issue for this purpose.

Pigs as Currency

A traveler who has returned to England from the Pacific has been telling some amusing stories of things that go on in the New Hebrides. Pigs, he says, are not only eaten on a large scale, but they are the standard currency in the island. There are certain ceremonies at which it is very important to have pigs, and they are frequently borrowed. The men who lend pigs are like money lenders, demanding interest on their loan, and when the pig is paid back it must be the size the pig that was loaned would have grown to during the time it was borrowed.

Whitman's "Ballyhoo"

Walt Whitman, writes Harvey O'Higgins in Harper's Magazine, at the time his first book of poems appeared, ballyhooed himself, anonymously, in the American Phenological Journal as the "haughtiest of writers that has ever yet written and printed a book." And in the United States and Democratic Review, for the same month of September, 1855, he hailed himself anonymously, as "one of the roughest, large, proud, affectionate, his costume manly and free, his face sunburnt and bearded, his postures strong and erect."

Mystery of Sleep

Science has evolved drugs that will put one to sleep, but just what it is that brings natural sleep is as great a mystery today as it was to the cave-man who curled up on his rock mattress, with his flowing beard spread over him for a quilt.

It is a commentary on human nature that we are more particular about our food than we are about regular hours of sleep, yet it is a fact, definitely established, that it is possible to live much longer without food than without the benign embrace of Morpheus.

Prices of Wheat and Flour

It takes five bushels of wheat to make one barrel of flour. A barrel of flour makes 300 loaves of bread. For every change in price of flour, of \$1 per barrel, the baker's cost is affected to the extent of one-third of one cent for each one-pound loaf. In short, wheat would have to either advance or fall 90 cents per bushel, before it could affect the price of bread one cent per loaf.
