ANOTHER CRAWL TO BE ENGLISH RAGE.

The "Panther Crawl" is fast becoming the rage in England. It is not a new dance, but a new style of walking that is believed to give improvement of grace and poise.

The adoption of the "Panther Crawl" is urged by Miss Marguerite Niel, a dancing and physical culture exponent. The majority of people walk with the feet turned out," she said, "resulting in movement being deflected to the side, the twisting of the knee and spine."

The "panther crawl" is valuable in attaining unified correlation and poise.

GETTING UP NIGHTS

Natures Danger Signal
Rev. W. H. Mitchell, Jeffersonville, Mo. says, "I feel I am doing real missionary work when I tell or write of my wife who was relieved of a serious case of bladder irritation with the Buchu (Keller Formula). She had to get up 6 to 8 times each night. It acts on bladder as epsom salt do on bowels. Drives out uric acid deposits and lessens excessive acidity. This relieves the irritation that causes getting up nights. The pills cost 2c. each at all drug stores. Keller Laboratory, Mechanicburg Ohio or locally at C. M. Par-
