Bellefonte, Pa., January 24, 1930.

NEWS ABOUT TOWN AND COUNTY.

William H. Brown, manager, will give his fourth annual Centre County Hospital dinner at the Penn Belle hotel on Tuesday evening, January 28, at 6 o'clock.

Morris Cartwright, of Point Lookout, near Philipsburg, was brought to the Centre county jail, last week, to answer to the charge of assault and battery upon his wife and threats to burn his home.

Many communities are looking forward with interest to the census this year. Growing towns will be specially curious to know just how large they are in point of population. Doubtless there will be some surprises.

Everybody is talking about money being scarce and yet the drive put on in the Central Pennsylvania conference of the Methodist Episcopal church to raise \$200,000 to pay indebtedness on three church institutions, yielded \$265,000.

Two classes of St. John's Episcopal church school of this place will have a food sale at the Variety shop, Crider's Exchange tomorrow, Saturday, January 25. It will open at 10:30 in the morning and continue until all the good things that will be offered are sold.

Anyone desirous of renting a well located home in Bellefonte, a house that is in splendid condition and adapted to subletting a portion of it for light housekeeping, will find the G. M. Musser property, on West Logan street very desirable. Write to Mr. Musser, 4822 Cedar Ave., Philadelphia, if interested.

The new council in Philipsburg will pay the burgess of that town \$400 a year; the borough solicitor \$300; secretary of council \$300; borough engineer, \$2400; street commissioner, \$1200; chief of police, \$1560; assistant chief, \$1380; electrician, \$240, a total overhead in salaries of \$7,780. The McFeeley Brick company, at Port Matilda, manufacturers of silica brick and which has been supplying fire brick to a number of Ford manufacturing plants, on Monday of last week, shipped a consignment of brick to Brooklyn which are to be used in the furnaces of the Leviathan, the largest steamship afloat.

Peggy Udell, at one time a Broadway Folies show girl and for a brief time the avowed wife of Jack Montgomery, of Bellefonte, has started an action in divorce from her second husband, Jimmy Conzelman, professional football player, who she married at Waukegan, Ill., in 1924 after her marriage with Montgomery was annulled.

The regular meeting of the Woman's club will be held next Monday evening, January 27th, at 7:30 o'clock, in the Presbyterian chapel instead of its usual meeting place in the High school building. There will be illustrated talks on the music of America by Mrs. Robert Walker, Mrs. Samuel Shallock and Mrs. Louis Schad. The public is invited.

The tenth anniversary of the organization of the Bellefonte chapter of the Catholic Daughters of America, was celebrated at their assembly room in the Lyon building Monday evening by a most elaborate special program to which was added a club banquet. These, with an unusually large attendance of members, made the evening one of the club events of the winter.

William S. Schmidt, who will be remembered as the son of Dr. and Mrs. Ambrose M. Schmidt, former residents of Bellefonte, has been appointed assistant general superintendent of the electrical department of the Penna. Ohio Power and Light Co., and the Penn Power Company, with offices in Youngstown, Ohio. Mr. Schmidt joined the Penna. Ohio organization as assistant electrical engineer in 1926.

As was announced in last week's Watchman the mid-winter annual meeting of the Centre County Association of Philadelphia will be held in the red room of the Bellevue-Stratford hotel in that city, on Saturday evening, February 8, at 7 o'clock. The dinner will be \$3.00 per plate and those desiring to go should make reservations through Paul G. Mattern, treasurer, 20 east Marthart Ave., South Ardmore, Upper Darby Post Office, Pa.

The race track on the old fair grounds in Bellefonte was one-third of a mile in length and was used the first time during the last week in August, 1868. The old fair grounds were located near Coleville directly east of the present B. C. R. R. shops and included all the ground from Half Moon Gardens down over the side of the hill and west to the B. C. R. R. tracks. Buffalo run flowed through the grounds just in front of the stock sheds.

President Hoover, last week appointed Col. Henry W. Shoemaker, of McElhattan, as minister to Bulgaria, a diplomatic post carrying with it considerable responsibility. We congratulate the Colonel on his appointment and feel sure he will be able to meet any emergency by which he may be confronted, but who in Pennsylvania will write the folklore tales and thrilling legends for every limestone cavern unearthed in the State during his absence?

BUSINESS TRANSACTED

BY NEW TOWN COUNCIL

President Walker Appoints Standing Committees for Two Years

Every member was present at the regular meeting of borough council, on Monday evening, the first for the four new members. When council convened president John S. Walker announced the list of standing committees for the next two years, as follows:

Street—Harry Badger, W. J. Emerick, E. E. Ardery.
Water—M. M. Cobb, Thomas Beaver, William Nighthart.
Finance—W. J. Emerick, M. M. Cobb, Harry Badger.
Fire and Police—Thomas Beaver, R. E. Kline, J. C. Jodon.
Market—R. E. Kline, Thomas Beaver, J. C. Jodon.
Sanitary—William Nighthart, E. E. Ardery, R. E. Kline.

Town Improvement—J. C. Jodon, Thomas Beaver, William Nighthart.
Special—E. E. Ardery, M. M. Cobb, Harry Badger, W. J. Emerick, R. E. Kline.

Philip D. Foster, of State College, and William Houser, of Bellefonte, were present and presented the advantages of the borough carrying compensation insurance in the State Workmen's Compensation Insurance Fund. This fund pays an annual dividend of 25 per cent, of the premium every year, and has a representative in Bellefonte. On recommendation of the Finance committee council voted to place the borough insurance in the State fund.

Secretary Kelly read applications from John J. Bower, candidate for fire marshal; Harry Dukeman, chief of police, and Thomas Howley, policeman, and upon the recommendation of the Fire and Police committee all were re-elected, the police to draw the same salaries they have been receiving.

Secretary Kelly reported that the ordinance providing for the closing of a portion of Lamb street had been duly published and posted and that ten notices for the date of the public hearing, Monday evening, February 3rd, had been posted along the street.

The secretary also read a petition requesting council to communicate with the State Highway Department relative to the removal of its work shops and storage plant from Wilson street. No action was taken.

The new Street committee had no report to make.

Mr. Cobb, for the Water committee, reported repairs to two fire hydrants and also several leaks and the collection of \$21.75 on the 1927 water duplicate, \$215.75 on the 1928 and \$7462.50 on the 1929, as well as \$27.25 for rent of Phoenix mill property.

Mr. Cobb also read a detailed report from the Pitometer company in which they claimed to have discovered leaks in Bellefonte's water system which on being repaired, will result in a saving of between two and three hundred thousand gallons per day. Mr. Cobb also presented a letter which he said was based on records kept by water superintendent J. D. Seibert which he claimed showed that the borough is now pumping an average of 206,000 gallons less a day than formerly. Because of these facts he recommended that the Pitometer company's bill for \$750 be paid, and it was so ordered on motion of Mr. Emerick.

The Finance committee presented the report of the borough treasurer showing a balance of \$2969.94 in the water fund and \$1308.88 in the borough fund. Request was also made for the renewal of a note for \$1000, which was authorized.

At this juncture in the proceedings Mr. Cobb brought up the matter of the fire zone and building code ordinance. Copies of the ordinance had been in the hands of some of the members since last meeting of council, and no two members were satisfied that it is exactly what the town ought to have, so it was referred back to the committee.

On recommendation of the Fire and Police committee drivers for the fire company pumps were elected as follows:

Logans—Arthur Boob, James C. Bower, Miles Steele and Earl Custer, with Robert Garman and G. Mac Gamble as reserve or emergency drivers.

Undines, for Mack pumper—Kniseley, Doll, Saxon, Moerschbacher with Carpeneto as an emergency driver.
White pumper—Gillen, Bortoff, Paul Haag and Frank Smith, with Ralph Haag as an emergency man.

Borough treasurer J. L. Carpeneto's bond in the sum of \$20,000 was presented and approved.

President Walker called the attention of the committees to the fact that council should adopt the budget system and he urged them to give the matter serious consideration until the next meeting of council.

Bills totaling \$2162.83 were approved for payment after which council adjourned.

Cyrus Showers, of Curtin street, Bellefonte, wants to be appointed postmaster now that we have a new postoffice building, and is circulating a petition in his own behalf. The present postmaster, John L. Kniseley, is on the home stretch of his second term, or eight years in the office.

W. G. Runkle Esq., represented two clients before the federal court, at Lewisburg, this week, and he asserts that the court is clogged with liquor law violation cases. And it must be when the numbers of his cases were 740 and 751.

SENTENCE IMPOSED

IN COURT ON SATURDAY

C. T. Corman, of State College, appeared before Judge Fleming, at a brief session of court on Saturday, and pleaded guilty to resisting an officer. He was sentenced to pay the costs, \$50 fine and placed on probation for two years.

Willard R. Eckel, convicted at the December term of court on the charge of illegal possession of intoxicating liquor, a case growing out of the raid of the 101 ranch last August, and having been refused a new trial, appeared before the court and was sentenced to pay a fine \$200 and imprisonment in the county jail for a period of four months.

Joseph Thomas, charged with operating gambling devices in the shape of punch boards, was sentenced to pay the costs and \$50 fine.

C. C. Casselberry, of Casselberry Motor company and Delaware Sales corporation, appeared before the court in defense of his claim for the recovery of a car which had been sold to George H. Meyers on a partial payment lease and which had been confiscated when it was used for transporting liquor. After hearing Mr. Casselberry's statement the court ordered the car returned and put the costs on the county.

Two other cars seized under similar circumstances, one the property of Lester Gill and the other that of George M. Ishler, were condemned and directed to be sold.

George Almond, of Philipsburg, pleaded guilty to unlawful possession and transportation of intoxicating liquor and in explanation to the court district attorney John G. Love stated that the transportation was not by automobile but on his person, both inside and out. The man was picked up on the street in a bad state of intoxication and two pint bottles were found in his pockets. When asked what he had to say for himself he said, nothing, as he was too drunk to know what happened. The court sentenced him to pay the costs, a fine of \$50 and 60 days in the county jail.

William B. Godshell, who at the time Judge Harry Keller was on the bench, was ordered to pay \$20 a month to the support of his wife, was before the court for failure to make regular payments and was given another chance to make good.

BELLEFONTE ACADEMY

ON ACCREDITED LIST

The Bellefonte Academy is among 534 public and private schools which have been accredited for 1930 by the commission on secondary schools of the Association of Colleges and Secondary Schools of the Middle States and Maryland, according to announcement made by Dr. E. Duncan Grizzell, chairman of the commission.

The commission, which has offices at the University of Pennsylvania, serves as a fact-finding and rating agency in the preparation and maintenance of a list of accredited secondary schools within its territory, and also as a clearing house for information of a professional character concerning these schools.

Approval essential to membership on the accredited list is based fundamentally on the efficiency of the school's preparation for college work, among the most important factors considered being membership on a list approved by a state department of education, membership in good standing on the accredited list of several colleges and universities, the records of the school in various examinations and tests and the success of its graduates in college.

ANNUAL MEETING OF

BELLEFONTE TRUST CO.

The annual meeting of the Bellefonte Trust company was held on Tuesday and the following directors elected for the ensuing year: J. L. Spangler, F. L. Wetzler, L. H. McMullen, D. M. Kline, C. Y. Wagner, W. J. Emerick, J. T. Henry, J. L. Seibert and N. E. Robb.

The directors then elected the following officers: President, J. L. Spangler; vice president, C. Y. Wagner; secretary-treasurer and trust officer N. E. Robb; assistant secretary-treasurer, E. S. Orr; assistant treasurer, and trust officer, H. R. Williams.

The accounts were audited and the financial statement showed a very satisfactory year with gratifying results. After paying all expenses and dividends in the amount of \$16,000.00, the net earnings were \$18,708.66. There was \$30,000.00 transferred from the undivided profits to surplus account the capital structure now shows:

Capital Stock	\$200,000.00
Surplus	150,000.00
Undivided Profits	36,678.11

This places the Bellefonte Trust company in a very strong financial position.

The Auditors made this comment in their report to the stockholders: "We find after a thorough audit all property pertaining to the business of the Bellefonte Trust company to be in excellent shape."

After the meeting of the stockholders a sumptuous banquet was held at the Penn Belle hotel, with more than 100 guests present. Mr. L. Charlton Haines, of the Provident Trust company, Philadelphia, was the speaker of the day. He gave very interesting and instructive talks on the subjects, "Life Insurance Trust Agreements," and "Business Trust Agreements." He explained the importance of placing one's life insurance in trust with a Trust company for the benefit of his dear ones rather than have it paid to them in a lump sum at his death. He also stated that it was good business for partners in business to carry life insurance so that in case of death during the partnership a prompt and easy settlement could be made with the proceeds of the life insurance and the business continued without loss.

Music for this splendid meeting was in charge of Mr. and Mrs. Russell Blair. The violin solos played by Mrs. Louis Schad were without doubt the best ever heard. The double quartet rendered very high-class music and sang effectively and in perfect harmony. In fact, everybody sang and left the meeting with the hope that the Bellefonte Trust company would have many more prosperous years.

A very distinguished visitor in Bellefonte this week has been Dr. Geo. R. Wieland of New Haven, Conn. Dr. Wieland is professor of paleontology at Yale University and an associate of Carnegie Institute in Washington. He is a native of Centre county and a graduate of the Pennsylvania State College. His research work has taken him to all corners of the globe and the results of his investigations, published separately and collectively are sought by savants everywhere. Dr. Wieland will be in town during the week, not on any particular business, only, as he said, "to look around a bit."

ALTOONA MERCHANTS

BACKING THE PRESIDENT

This week the merchants of Altoona are trying to demonstrate by co-operation it is possible to do along with President Hoover's plan to stimulate industry.

To some it might appear rather obscure, the idea of stimulating industry through retail stores, but idea is sound for this reason: I greater volume of sales a lower margin of profit is possible. Buy goods cheaper enables the buyer purchase more goods. When more goods are purchased it becomes necessary to manufacture more, so necessity for manufacturing or producing more stimulates industry.

The Altoona Booster association took up the idea more or less as experiment and have concentrated on what they call a four days "P. Party Event." It started on Wednesday and will continue until tomorrow, Saturday, night at 9 o'clock.

According to the Altoona Tribune of January 18 profits will be disgarded entirely, the sole object being to clear the shelves of present stock creating a demand for merchandise with a consequent stimulation of manufacturing. It is believed that the plan has enough in it to demand nation-wide attention as a means of enlivening business. Several Booster members have announced their intention reporting the plan to national organizations with an objective their sponsoring similar events other cities.

Every merchant in Altoona invited to participate. Although movement is sponsored by the Booster association, it was pointed out that the benefits would be widespread if every merchant of city co-operated. It was also agreed, by opening the Prosperity Event to all merchants, the Booster would exemplify the unselfishness of the plan and convince demonstrate its possibilities if aided by other cities.

The potential value of such a plan, if carried out all over the country is really beyond estimate. It is plain, however, that the merchant class undertaking it must in faith with one another if it is to have a bad effect. That is, say, where such a project is not taken it must be wholly unselfish.

ARE WE RIGHT

The label will be on the head page 1 of this paper. Or, if you your paper in a separate wrap it will be on the wrapper.

Of course those who made remittance from points too far distant have reached this office on or Saturday, January 18, will find their figures have not changed will not change for eight weeks when we will change the list again.
