Turn On the Light.

From the Philadelphia Record. The farmer, the purchaser of electric current, and the housewife

all need protection. The farmer wants to know whether the Federal funds backing the Mr. and Mrs. Clair Parsons are re- Farm Board are to be spent for his joicing over the arrival of a little relief or to swell the dividends of corporations dealing in agricultural products.

The buyer of electric current has similar question to ask of the Federal Power Commission. And the housewife has just had a

narrow escape from a hold-up by the sugar interests. The Federal Farm Board contemplates purchase of an issue of bonds of the Sun-Maid Raisin Association. themselves—or by the industrialists Mrs. Millie Kepler, of Pine Grove Last summer these securities sold in Mills, spent Monday evening with the 30s. Recently they rocketed stock owner and the coupon clipper? up to 80, after the Farm Board had announced a credit of \$9,000,000 to when they elect Congressmen this the association. Now the board is

ready to take up the whole issue A writer in The New Republic pertinently asks, "Is this farm re-

lief or bank relief?" Between the credit grant and the bond issue, the amount at stake is

nearly \$15,000,000. A competitive bidder for a promising power site in the Flathead Indian Reservation in Montana, finding the Federal Power Commission favoring sale of the site to the Montana Power Company, announced that he could pay the Indians more for the site—and sell the developed current at lower rates than those of the Montana Power Com-

It is reported that the Power Commission accountant, investigating, discovered that on every dollar paid the company by users of

and capital charges.

Muscle Shoals and Boulder Dam are outstanding instances of the conflict between the corporations and the consumers.

Muscle Shoals and Boulder Dam tomobile bumper. Finder is requested to return to or notify the Watchman office. and the consumers. Under Coolidge and Hoover, the net result thus far has not been in favor of the gen-

eral public. One single beet sugar concern in the West would have stood to gain millions of dollars had the increase in the sugar tariff gone through.

And this company, the Great Western Sugar Company of Colorado, has thrived sufficiently under existing conditions to have added to its plant and property and to have handed out in dividends \$90,000,000 on an original investment of \$15,000,000.

Western beet sugar growers are under attack for their use of cheap labor, principally from Mexico. Exploited labor to maintain an industry devoted to exploitation of the American household. The housewife is now paying 1 3-4

cents a pound tax on sugar. If the Senate vote against the increase to

more than two cents a pound is dup-licated by the House, the public will have escaped an additional burden

of many millions a year on its sugar. Does the United States Government stand on the side of the corporation or the consumer?

Does it support reasonable service to the consumer, or does it bestow its sympathy upon and use its authority for the clipper of coupons? Almost every household in the country uses raisins and sugar and electric current.

A mighty small percentage of American households draw down dividends on the stocks of power and sugar companies.

Are we enjoying government of the people by themselves and for and masters of high finance for the Let the people look for liberals year and a President in 1932-men who will fight the people's battles.
