**Republican Candidate for Congress from the 23rd Congressional District, comprising Cameron, Centre, Clearfield, and McKean Counties.**

**HIS PLATFORM**

1. Unemployment and poverty breeds communism, stabilize industry, eliminate cut-throat competition, substitute more co-operation and the problem is solved. It means steady employment at higher wages and regular dividends at higher rates. It will allow workmen's compensation for injury, sickness and old age.
2. The Farm Relief Act was the beginning of a square deal for the farmer. He will benefit according to the stabilizing of the farming business.
3. The sale of intoxicating liquors can not be legalized while the 18th Amendment remains in the Constitution. The barrooms are gone and the bootlegger must go.
4. Adequate aid for the veterans must be provided.
5. The corrupting influence of money in primary elections must be abolished. I have no political organization. I appeal direct to the voters.
