Samuel Clevensine has purchased the Bellefonte bakery, located in the Bush Arcade, from Oliver and Thomas Hosterman and will take possession tomorrow. Last Friday Mr. and Mrs. George A. Miller took their son Jack to an Altoona specialist for the removal of a 22-calibre bullet from his right knee, where it has been lodged ever since he was accidentally shot about six weeks ago.

The operation, on Saturday, revealed that the bullet had moved a perceptible distance from its original location as shown in the X-ray photos taken at the Centre County hospital, but it was finally located and removed. As no definite particulars have been received it is not known whether the removal of the bullet will result in a permanent recovery without affecting the knee joint or not, but it is hoped that such will prove to be the case.

A LARGE CLINIC FOR CRIPPLED CHILDREN.

The crippled children's clinic held at the Philipsburg State hospital, Thursday of last week, under the direction of the State Welfare Department and sponsored by the Centre-Clearfield Crippled Children's society, was largely attended. Dr. Galbraith, the orthopedic surgeon of Altoona, arrived at the hospital at 7:30 a. m., and was kept busy until leaving at 7:30 p. m. He also had the assistance of other doctors and nurses. During the forenoon four operative corrections were made and five casts applied. In the afternoon sixty cases were examined. Many of the children were conveyed to the clinic in private cars.

May 31st marked the end of another year of the crippled children's work. During the year nine regular clinics were held and nine follow-up clinics. Thirty-five operative corrections were made, seventy-six casts applied, fifty-seven new cases examined, four hundred and forty-nine cases re-examined and thirteen braces applied.

In spite of the economic depression which has resulted in the curtailment of charitable contributions the support of the clinic has been very commendable. The total receipts of the year, from various sources, were \$1190, most of which came from Clearfield county and only \$3.50 from Centre county. The expenditures were close to \$1700.

With the small balance carried over from the preceding year, \$476 paid toward the examining clinic fee by the State Welfare Department, the expenditures were not quite covered, but an early contribution of \$50 from the parents of one child and a check for \$150 from the Rotary club, of Philipsburg, met all the expenses outside of the hospital. The hospital contributed \$7,161.40 worth of free treatment. The society feels that in view of present conditions the record of contributions was very good. The officers most earnestly thank the clubs and individuals who have contributed so generously toward the work. Both the contributions of time and money are greatly appreciated and, the continued interest and support of these and others who may wish to help is earnestly solicited.

The officers of the society are Senator Harry B. Scott, president; Mrs. Philip B. Reed, vice-president, and Anna W. Lauman, secretary-treasurer.

CUT GRAIN ON SUNDAY ON ROCKVIEW FARMS.

Automobilists who passed by the Rockview penitentiary farms, early Sunday morning, witnessed the unusual spectacle of five self-binders busy in the wheat fields cutting down the golden grain and crews of inmates following after stacking the sheaves in shocks. With a stand of over one hundred acres of wheat, all ripening at the same time, penitentiary officials were compelled to utilize every minute possible in order to harvest the big crop and get it in with the least possible loss; though it is quite likely that Sunday's rain storms stopped the work for that day.

The wheat crop on the penitentiary farms is exceptionally good this year; in fact, it is generally good all over the county. Up in Ferguson township farmers report a 95 per cent. crop, which is about as good as most any farmer can expect. When it is considered that for two years past the farmers have had only about a fifty to sixty per cent crop, this year's yield is gratifyingly large; the only drawback at present being the low price with no prospect in view of any great increase.

MANY COUNTY PROPERTIES TO BE SOLD FOR TAXES.

Under an Act of the Legislature passed in 1929, failure to pay taxes will mean the sale of your property. Tax collectors make return of all properties on which taxes have not been paid by May 1st, of each year, to the county commissioners. Centre county collectors returned in the neighborhood of 960 properties. Up to this time fifty owners have come to the front and paid up, while 908 properties are advertised this week by county treasurer Lyman L. Smith for sale on the first Monday in August.

The only way farmers and property owners will have of keeping their homes from being put up for sale is to settle for the taxes due and costs, which have already been added. Of course they have the alternative of bidding in their own homes at the sale in August. It is a most drastic law, but as long as it is the law there is no way to get around it.

Six hundred dollars in cash is the first prize that is being offered for a quart jar of canned food by the Household Science Institute. A sample jar, carton and entry label can be secured, free of charge, by writing the National Canning Contest, Shenandoah, Iowa. Here's a chance for Centre county canners.

Attention, Please

The Watchman's subscription list was corrected last Saturday. Everyone whose remittance had reached us by that morning should find the label on this paper reading just to the date he or she has paid.

Look at yours, please. If there is any mistake in it advise us now when correction can be made without hunting up records later.

Inasmuch as many from whom we were expecting remittances failed to respond to our appeal of several weeks ago we presume we will have to forward bills to them. We had hoped to avoid such labor, since it is so easy to look at the label, and figure out the amount due.

If anyone should owe more than they can conveniently pay at this time any part of the amount will be most acceptable.

Suppose only a thousand of our readers should mail us \$1.50 on a certain day that would make \$1500.00 and \$1500.00 working capital would save us many moments of worry as to where the next Saturday's pay roll is to come from.

Derr-Sebring.—The marriage of Miss Mary Ferguson Sebring, youngest daughter of Dr. and Mrs. John Sebring, of Bellefonte, and Thomas Seiger Derr, of Boston, Mass., attracted a large crowd of friends to the Presbyterian church at four o'clock last Saturday afternoon. The interior of the church was beautifully decorated and the young people pledged their troth in a bower of blossoms and evergreen erected in front of the altar.

The bridal party entered the church to the beautiful strains of the wedding march from Lohengrin, as rendered by Mrs. R. Russell Blair on the pipe organ, accompanied by Mrs. Louis Schad on the violin. The pastor, Rev. W. C. Thompson, performed the ceremony, using the ring service. The bride was attended by her sister, Miss Henrietta Sebring, while Henry Merrill, of Boston, officiated as best man. The ushers were Noah H. Davis, of New Haven, Conn., and Neil R. McLeod, of Mt. Clair, N. J. Following the ceremony a reception was held at the home of the bride's parents, on west Linn street, catering Achenbach, of Lock Haven, serving refreshments. Later Mr. and Mrs. Derr were taken to Lewistown by auto where they embarked on the train for a several day's sojourn at Spofford Lake, N. H., going to New York in time to sail, on Wednesday, for a two month's trip abroad.

Pre-wedding functions included a dinner and dance at the Nittany Country club, Friday evening, for the wedding party and out of town guests, fifty in number, which included the bridegroom's mother, Mrs. Louis Derr, of Boston; Mrs. William E. Esty, of Bethlehem; Mr. and Mrs. Lucien Coy, of Mt. Vernon, Ohio; Mr. and Mrs. Henry Merrill, of Boston; Mr. and Mrs. Noah Davis, of New Haven, Conn.; Mrs. William Mann, of Philadelphia, and Mr. and Mrs. Gordon Pratt, of Towanda, Pa.

The bride is a graduate of the Bellefonte High school and Smith College. Since her graduation she has taught in the Beaver country day school at Chestnut Hill, Mass., and in Brooklyn, N. Y. The bridegroom is a graduate of Harvard College, supplemented with a post-graduate course in mechanical engineering at the Massachusetts Institute of Technology. Returning from abroad they will take up their residence in Boston.

Crawford-Dunlap.—Francis Huff Crawford and Miss Winifred Joan Dunlap, well known young people of Bellefonte, motored to Ridgway, Wednesday morning, where they were married the same day by Rev. Malcolm DePui Maynard, of the Episcopal church. Immediately following the ceremony they left on a wedding trip through New York State expecting to return to Bellefonte on Monday and go to house keeping in the Richelieu apartments. The bride is a daughter of the late Mr. and Mrs. John L. Dunlap and is a delightful young woman. The bridegroom is a son of Mr. and Mrs. Frank Crawford and is a member of the Centre Oil and Gas company.

Hartman-Gfrerer.—At the altar of the Methodist Episcopal church in Bellefonte, Sunday afternoon, July 13, in the presence of a few specially invited friends Fred Eugene Hartman, of State College, and Miss Helen Mae Gfrerer, of Axe Mann, were united in marriage. Dr. Horace Lincoln Jacobs performed the ceremony.

On clear nights and a pure atmosphere the light at the Bellefonte aviation field can be seen in Altoona, fifty miles away.

PENN STATE GRADUATE GETS GOOD APPOINTMENT.

Major John C. Gotwals, graduate of The Pennsylvania State College in civil engineering in 1906, has been assigned as Engineer Commissioner of the District of Columbia to relieve Col. William B. Ladue. The District of Columbia has the commission form of government, administered by three commissioners, one of whom has to be an engineer.

Maj. Gotwals was born in Pennsylvania in 1882 and after his graduation practiced his profession until he entered the army four years later. In the summer of 1917 he was assigned to the 1st Engineers and went to France where he remained until December 1919. For exceptionally meritorious and distinguished service in France he was awarded the Distinguished Service medal: In 1920 he was assigned to duty as president of the Board of Road Commissioners of Alaska and was also assistant district engineer of the Juneau Alaskan district. Upon his relief from duty in Alaska, Maj. Gotwals was assigned to duty in 1924 as district engineer of the St. Louis district which duty he has held until the present date. Twenty-five years from graduation into a District of Columbia Commissioner is a fine stride, isn't it?

RATTLESNAKES SCARCE AVER BERRY PICKERS.

Huckleberry pickers on all the mountains in Centre county are having a nice time of it this year, because the berry crop is one of the best in a decade and rattlesnakes are practically nil. The writer has interviewed quite a number of pickers and not one of them has so far encountered a rattler, though one of them, Cyrus Shope, did run across and dispatch a three foot copperhead.

Of course the berry pickers have no regrets as to the absence of snakes but we are prone to wonder what the Rattlesnake club of the State College forestry students will do without their annual feast of rattlers. And how about the old woodsmen in the Alleghenies who capture the rattlers for skins and snake oil?

So far no one has been able to assign any good reason for the scarcity of the snakes, and it may be that the race is gradually dying out with the persistent encroachment of mountain settlements.

THE MARKLAND GRILL TO BE OPEN MONDAY.

The new grill room at the Markland hotel, on Spring street, has been completed and furnished and will be opened for public service on Wednesday, July 23. The room is exceptionally light and airy and delightfully pleasant. The furnishings and equipment, both in the kitchen and grill room are most complete in every detail and compare very favorably with the hotel proper. The room is large enough to accommodate about forty guests comfortably. Landlord Lansdy will give the same kind of meals and service at The Markland that has made the Brockerhoff house so popular to the public under his management.

With the opening of the grill The Markland will be sure to increase in popularity, especially to that class of travelers and guests who appreciate a stopping place far enough removed from the noisy marts of the business section to preserve a degree of quiet, and yet close enough that any store in town can be reached in a few minutes.

RABBIT BREEDERS TO STAGE RABBIT SHOW.

Provision will be made for a large list of prizes, including silver cups, cash and ribbons. One of the foremost judges in the country will be secured to place the awards. The next meeting of the association will be held at Mill Hall on Saturday, July 26th.
