

NEWS ABOUT TOWN AND COUNTY.

Bellefonte Kiwanians took their Tuesday evening dinner with the H-Y boys and Scouts at camp Wapalane, on the lower Bald Eagle.

Bellefonte's military organization, Troop L, 103rd regiment, will leave for their two week's encampment at Mt. Gretna at midnight, on Friday night of next week.

A new sub-station of the State motor patrol has been opened at Phillipsburg with patrolman Henry Praefle, for some months past located in Bellefonte, in charge.

Sixteen fresh air children from the tenements of New York came to Centre county, last Thursday, for a two week's outing. Eleven of the children came to Bellefonte, two went to Lemont, two to Centre Hall and one to State College.

Mr. and Mrs. Harold Kirk, of Bellefonte; Mrs. Amos Cole and two children, of Lewistown, and Mrs. Rebecca Tuten and son Tirrill, of Harrisburg, are all at the Walkey bungalow, at Hecla Park, where they will be until the first of August.

The afternoon bridge parties, given last week by Mrs. John Curfin, Mrs. Robert Morris, and Mrs. James C. Furst, were all in compliment to Mrs. Furst's sister, Mrs. Edward Staulb, of Philadelphia, who was Mrs. Furst's house guest for the week.

Domer S. Ishler, of Centre Hall, has been granted a license by Judge M. Ward Fleming and has opened up a private detective agency in that village. He has his shingle out and any one in that vicinity who wants any detecting done won't have to go far from home to get a detector.

John McCoy and Capt. G. H. Keller are the fascinated owners of a new out-board motor boat in which they are skimming around over McCoy's big impounding dam. They'll likely be taking her down to the Pottsville Beach races next winter, if they can get her to go more than six knots an hour.

An American Austen coupe, the smallest thing in the automobile line ever seen in Bellefonte, attracted considerable attention while it was parked for a few minutes in front of the Watchman office on Tuesday. It was not over ten feet long and being very low and underslung the top was a foot or more lower than the ordinary car. The coupes sell at \$450.

Residents of Curtin and Linn streets, and Bellefonte in general, are asked for a liberal patronage, by the women of the A. M. E. church, tonight, at the festival which they are planning to hold on the side lawn of the L. A. Schaeffer home, on east Curtin street. It is your opportunity to help these women who are making such a desperate effort to keep their church alive.

Fourteen cars were piled up in a wreck at the passing siding at Port Matilda, on the Bald Eagle Valley railroad, on Tuesday morning, closing the road to all traffic. Nobody was injured. The morning trains transferred at the wreck and both Lehigh-Pennsylvania trains were sent over the Middle division to Lewistown, thence to Sunbury. The road was opened in time for the evening trains.

At a special session of court, Tuesday morning, Harvey Herr, alias Harry Herr, who escaped from Rockview penitentiary on June 30th and was captured at Osceola Mills on July 9th, was sentenced to the western penitentiary for not less than five nor more than ten years, to date from the expiration of a similar sentence imposed on him in Clearfield county. For being a "common nuisance" Joe Toner, of Bellefonte, was fined one dollar and sent to jail for three months, dating from his original commitment on July 5th.

The Miller Construction company, of Bellefonte, began work, on Monday, on the remodeling of the American Legion home, on Howard street. So far their work has been confined to tearing down and from the looks of it now the walls will be about the only portion left standing when they complete their work of demolition. The addition to be erected on the west side of the building will be constructed of concrete blocks. All the partitions in the present building have been torn out, as the plans provide for an entirely new lay-out.

On Saturday evening Miss Amelia Carpeneto was at Hecla park with a party of friends and decided to enjoy the sensation of the swinging dome. She failed to observe that the dome had been pushed slightly out of position and when she stepped onto it it settled into its concrete base catching two fingers of her right hand between the metal and concrete. The middle finger and the third finger were badly mangled but everything possible is being done at the Centre County hospital to restore the usefulness of the hand. Miss Carpeneto is employed in the office of the Titan Metal company and will, of necessity, be off duty several weeks.

BIG DAMAGE CLAIM AGAINST THE BOROUGH.

Thomas Morrison Wants \$8000 for Fall on Icy Pavement.

Bellefonte borough council was served in a summons in trespass, at its regular meeting on Monday evening, in an action instituted by former Judge Arthur C. Dale in behalf of Thomas Morrison, who asks \$8000 damages for injuries sustained in a fall on an alleged icy pavement in front of the residence of Burgess Hard P. Harris, last winter. In his brief of particulars Morrison asks \$2000 for his pain and suffering, \$5000 as compensation for his loss of wages and \$1000 for medical attention. The summons was read by secretary W. T. Kelley following the reading of a communication from borough solicitor N. B. Spangler advising that the borough entertain no offers of settlement of the Morrison claim.

Every member of council was present at the meeting and it was a long and sweltering session. A young man by the name of Trait, from Milton, was before council and asked assistance in obtaining a dumping ground. He is planning to establish a garbage route in Bellefonte if he can secure a dump. He was advised to consult with the Sanitary committee after council adjourned.

Four written applications were made for the appointment of borough auditor to fill the vacancy created by the recent death of Merrill T. Eisenhauer, the applicants being D. Wagner Geiss, M. W. Williams, John E. Dubbs and John W. Smith. Only one ballot was taken, Dubbs receiving six votes, Williams one and Smith one. On motion of Mr. Ardery Dubbs' election was made unanimous.

Secretary Kelley presented the renewed bond of the Central Pennsylvania Gas company in the sum of \$10,000. Also the executed release of property owners for the opening of Burnside street and a bond executed in favor of the McDermott family in their claim for damages.

A communication was received from John M. Keichline offering the borough fire insurance at lower rates than are now being paid.

Horace Hartrant, H. C. Taylor, W. R. Cliffe, A. C. Hewitt and W. Hassell Montgomery were present in connection with the proposed sewer extension on east Linn street, but as no survey has been made further east than the Hartrant and Taylor properties the men were advised to get a new survey and profile, and present to the Street committee their offer of financial assistance in constructing the sewer; the matter being referred to the committee with power.

The Street committee presented the request of Fred Walker for a sewer extension up west Lamb street onto Halfmoon hill. Mr. Walker claimed there would be three traps but the sewer will be some 1800 feet in length. Referred to the committee for investigation. The Water committee reported various repairs and total collection of \$1575.15. The committee further recommended that the water tax for the ensuing year be one hundred per cent of the schedule instead of 90 per cent, as it has been for some years past. Both Mr. Jodon and Mr. Emerick objected to the increase unless a revision upward is made on users outside of the borough. As that schedule is fixed by ordinance the only way to change it is by another ordinance. As no definite agreement could be reached the committee's recommendation was held over until the next meeting.

Mr. Cobb, of the Water committee, also reported that the 18-inch pipe for the water line from the spring to the Gamble mill has reached Bellefonte and some definite action should be taken in regard to putting down the pipe line and getting the pumping station in operation. Up to this time council has not decided just where nor how the pipe line is to be laid, and Mr. Cobb wanted an expression of council in regard to the matter. As everybody seemed reluctant to state where, when or how the line should be laid the matter was finally referred to the committee with power.

The Finance committee reported a balance in the borough fund of \$93.70 and in the water fund, \$1630.90. Notes presented for renewal aggregated \$23,100. Two notes for \$1000 each had been paid off. A new borough note for \$1000 and a water department note for \$2500 were authorized to meet current bills.

Mr. Emerick stated that the Lycoming Trust company has asked for the payment of the \$20,000 mortgage on the Gamble mill next month, and he advised that the \$38,000 bond issue, now in the hands of the Bellefonte Trust company, be floated which will enable the borough to pay the mortgage and give the Water committee a working capital for the completion of the Gamble mill pumping station. Mr. Emerick's recommendation was approved by vote of council.

The Sanitary committee presented the monthly report of health officer and milk inspector S. M. Nissley.

The Town Improvement committee presented the plans of a bungalow which Simon A. Shillings wants to erect on Halfmoon hill. The matter was referred to the Fire and

Police committee and fire marshal, who are the responsible parties under the borough building code.

The Finance committee recommended that the tax millage for the year be 10 mills for borough purposes, 10 for street and 2 for interest purposes. The recommendation was approved by council.

The Fire and Police committee reported that the tests of two fire alarms did not prove them to be any more satisfactory than the one now in use and recommended that they be returned to the manufacturer. So ordered.

Mr. Jodon stated that he has a property on Pine street that is badly in need of sewer connections but has no way of reaching a sewer without going over private property and asked if there is any way in which council can assist him. He was advised to consult the borough engineer on his next trip to Bellefonte.

Borough bills totaling \$1041.00 and water bills aggregating \$5005.62 were approved for payment after which council adjourned.

TAX NOTICES POSTED IN COURT HOUSE CORRIDOR.

County treasurer Lyman L. Smith papered one panel of the court house corridor, yesterday morning, but he didn't use a very attractive kind of paper for the job. In fact it was made up of legal notices, to be exact delinquent tax sale notices which must be posted ten days before the date of sale in accordance with the law.

When the tax collectors made their return to the county commissioners in May 980 tracts of seated lands, town homes, farms and industrial plants were returned on which taxes ranging from \$6.50 to \$2585.00 remained unpaid. About eighty of the delinquents settled before the taxes were advertised. Since the advertisement was inserted in the newspapers from one-third to one-half of the delinquents have responded to the treasurer's notice for settlement, and it is notices of the unpaid taxes that were posted in the court house yesterday. The delinquents have until the date of sale, August 4th, to settle, and failure to do so will result in the sale of their properties.

TWO MORE PRISONERS ESCAPE FROM ROCKVIEW.

Two more prisoners made their escape from Rockview penitentiary, last Friday morning, but one of them had only a brief spell of liberty, as he was caught, on Saturday evening, in a cornfield, near Unionville. The men had evidently planned their escape beforehand, as one of them was at work in the harvest field and the other in a barn, yet they got together and left at the same time. The men were Clinton McArthur, of McKean county, serving one to three years for larceny, and Walter Barton, of Westmoreland county, doing one to two years for stealing an automobile. McArthur had been at Rockview only eight days, having been brought there on July 10th. Barton is the man who was captured and taken before Judge Fleming, on Tuesday, was sentenced to an additional term of one to two years. In addition he has still two years of a former sentence to serve, so that he is settled for a time, at least.

A SUCKER AND AN EEL STEAL A FISHING ROD.

Last Saturday evening Harry Diehl was among a number of Milesburg men engaged in fishing in the Bald Eagle creek. One of Harry's nearest neighbors on the bank got his line entangled in the tall grass and he went to his assistance. When he returned to his post his fishing rod, line and all had disappeared. As no one had been near the spot at the time the only conclusion was that the rod had either washed away or been dragged away by a fish. Several fishermen helped Harry and for the rod but it could not be found. On Sunday morning John Scholl found the missing rod lying along the bank about one hundred feet down stream and when he pulled it in he found securely hooked a three and a half foot eel and a fifteen inch sucker. It was probably the eel and the sucker that pulled the rod into the stream on Saturday evening, and the only wonder is that they didn't take it further away.

TWO YOUNG MEN STEAL AND WRECK ED IRVIN'S CAR.

Ward Green, colored, and Jack Morrison are under one thousand dollars bail for stealing the car of Edward Irvin from in front of the Penn Belle hotel, at an early hour on Sunday morning, and wrecking the same down near the plant of the American Lime and Stone company. On Saturday night they attempted to get away with a car from the Rossman garage, it is alleged, but were detected before they got under way. Then they stole the Irvin car and down near the old lime kilns ran into something and wrecked it. Green was arrested on Sunday and Morrison on Monday. Monday evening they were given a hearing before Squire Tressel who held them in one thousand dollars bail for court.

WEST PENN FIRST AID SAVES LIFE OF BOY.

That Nevin Guiser, seven year old son of Mrs. Elmira Guiser, housekeeper for Jacob Cramer on his farm about three miles west of State College, is alive today is undoubtedly due to the work of the first aid team of the West Penn Power company and their treatment with the company's inhalator.

A privately owned spur electric line crosses the Cramer farm. It has not been kept in the best condition and a 2200 volt wire had broken loose from a bad cross-arm and sagged to within four and a half feet of the ground. On Saturday morning the Guiser boy and his sister went into the orchard to pick fallen apples. In some way the boy came in contact with the 2200 volt wire on which the insulation was very bad. The shock he received knocked him to the ground and this broke his hold on the wire. Peculiar as it may seem, the boy was not rendered immediately unconscious and was able to get up and walk a few steps, then lost consciousness and sank to the ground. Realizing what had happened the boy's sister ran to the house and told her mother. Mrs. Guiser hurried to the orchard and picking up her boy carried him to the yard. A physician was promptly summoned who rendered what aid he could and the West Penn office, at State College, was then notified. Officials there promptly notified the Bellefonte office and Leroy Scull and Leroy Bryan, two of the first aid team, with the company's inhalator, made a quick trip to the Cramer farm. They found the boy still unconscious and blue in the face. Some three or four treatments with the inhalator were given before signs of returning life were noticeable, and it was an hour or longer before consciousness returned. The boy is now all right and it was undoubtedly the inhalator treatments that saved his life.

TWO PEOPLE NARROWLY ESCAPED DROWNING.

While picnicking at Whipple's dam, on Sunday, Robert Bloom decided to take a plunge in the mountain water and got in beyond his depth. He might have drowned had it not been for the prompt assistance of Ed Martz, who brought him safely to land. The previous day Miss Sarah Wieland was seized with cramps while bathing in the same pool and sank in eight feet of water. The screams of her girl friends attracted a Boy Scout, in camp nearby, who plunged into the water and brought the girl to shore. She had lost consciousness but was quickly revived and is now all right.

UNDINES WIN PRIZE WITH BIG PUMPER.

The Undine fire company, of Bellefonte, won a prize of fifty dollars for the best appearing pumper at the annual convention of the Central Pennsylvania Volunteer Firemen's association, held at DuBois last week.

The State College company won a prize of \$50 for a motor driven apparatus traveling the longest distance and also \$25 for the best darktown brigade.

The Undines were very much surprised and consequently, elated at their success. Their determination to go to the convention was an eleventh hour decision and had their full complement of men gone along they would have won the prize for the largest uniformed company in line of parade.

No selection was made for a place of meeting next year, as no invitations were extended. All the old officers were re-elected except the president, and he will be chosen later by the executive committee when a place for the 1931 meeting has been determined upon.

BELLEFONTE, ALSO, HAD SWELTERING WEATHER.

Though Bellefonte is a mountain town it sweltered in the heat of the past week, although official registration at the U. S. weather bureau, at the aviation field, did not show it as intensely hot here as was reported from many other places. But it was hot enough for all purposes, at that. And the ground was parched because of lack of rain, but both the temperature and the drought were broken, on Tuesday, when a succession of rain storms occurred.

The weather bureau's report of the temperature for the five hottest days is as follows:

Table with 2 columns: Day, Temperature. Friday 91 54, Saturday 94 60, Sunday 94 65, Monday 96 64, Tuesday 88 68.

MURDER VICTIM HAS BELLEFONTE RELATIVES.

Robert Bigelman who was murdered in a garage at Carnegie, Pa., early last Saturday morning, was a nephew of Mr. and Mrs. John Mignot, of this place.

He was night man in the garage and was found dead on the floor when men for the day turn arrived at 6 o'clock that morning. The whole affair is shrouded in mystery as no clue could be found and no motive was apparent. He was a son of Mr. and Mrs. Felix Bigelman, of Carnegie, and was 22 years old.

Casebeer entertained her sister, Mrs. Brinker Jones, of Somerset, during the week, Mrs. Jones drove over to Bellefonte, Thursday, with her daughter and granddaughter, Mrs. Joseph Blackburn and Jean Blackburn, of Morgantown, W. Va. The Blackburns had made the trip to Somerset, especially to bring Mrs. Jones to Bellefonte for the visit with Mrs. Casebeer.

Mr. and Mrs. Frank Crawford, Mr. and Mrs. William J. Emerick, their son Paul and Mr. Emerick's niece, left Bellefonte, Tuesday, to drive to New York from where they sailed, Wednesday, on a ten day's trip to the Bermudas. Returning by the way of Nova Scotia, they anticipate spending two weeks there, thus making their absence to cover a period of almost a month.

Mrs. Margaret Hutchinson and her daughter, Miss Fannie, of Howard street, are at State College for a visit with the former's sister, Mrs. John T. McCormick. Mrs. Hutchinson on the 9th inst. and was the recipient of a veritable torrent of congratulatory messages. She is in fine health, alive to affairs of the day and enjoys a motor ride as much as any one.

Mr. and Mrs. Lew Wallace drove in from Akron, early in the week, with their son-in-law, the latter joining his wife, the former Louise Wallace, who had been visiting here, for a week's trip to Atlantic City. At the expiration of their visit to the shore they will return to Bellefonte for Mr. and Mrs. Wallace and take them back to Akron. Mr. and Mrs. Wallace were house guests of Miss Ella Wagner, at Milesburg, while here.

Mrs. Martha McIntire Russell, of Ashville, N. C., and her brother, Guy McIntire and his wife, of St. Petersburg, Fla., were in Bellefonte the early part of the week, Mrs. Russell a guest of Miss Engles and Mr. and Mrs. McIntire, at the Brockerhoff house. The McIntire family are natives of Bellefonte, going from here to Pittsburgh where Mrs. Russell and her brother had been visiting before coming to Bellefonte.

Mr. and Mrs. Willis Ishler, with their three children, Ruth, Norman and baby Lois, motored here from their home in Pittsfield, Mass., last Monday for a vacation visit of two weeks. They are guests of Mr. Ishler's sister, Mrs. D. Paul Fortney, of Bishop street. Today Mr. and Mrs. Orrie Ishler will arrive from New Castle, Pa., for an over Sunday visit and then all of the children of the late William A. Ishler will be together for a few days.

Mrs. S. Calvin Witmer, of Buffalo Run, was in town Tuesday morning looking after some business affairs and we were glad to learn that Mr. Witmer is improving in health. Ever since early spring he has been incapacitated to the extent that he has been unable to do any of his farm work. The crops were put out, however, and they are harvested now and Mrs. Witmer told us that they had nearly a normal hay crop. That is unusual, because there are very few farmers in Centre county who had more than half a crop of hay. All of the Witmer farm work has been done by day men and Mrs. Witmer seemed to feel as if it had been well done.
