Bellefonte, Pa., September 5, 1930.

## NEWS ABOUT TOWN AND COUNTY.

It is a singular and significant fact that nearly all the managers of Pinchot's last campaign for Governor are against him now.

Attention of the women voters is called to the fact that the Democratic candidate for Secretary of Internal Affairs is a charming member of their sex.

Special foundations were built for the ten limestone columns supporting the portico in front of Old Main at the Pennsylvania State College. Each column weighs sixty tons.

The regular monthly meeting of the board of directors of the Centre county Motor Club will be held at the Centre Hills Country club, State College, this (Friday) evening, at 6:15 o'clock.

The several hard thunder storms we have had the past week have not only freshened up vegetation in general but started a second growth on garden truck that was almost dead from the prolonged drought.

"Ye Olde Tavern," at Hublersburg, has been reopened under the personal management of Mr. and Mrs. Humphrey, late proprietors of "The Humphreys," at Cresson, and prior to that in charge of the Ebensburg Inn, at Ebensburg.

Labor day was evidently regarded seriously as a holiday by Bellefonte councilmen, as only four members reported for the regular meeting on Monday evening. As this number did not constitute a quorum no meeting was held.

It cost \$1.91 per pupil to heat the public schools of Centre county last winter. The lowest cost in any county in the State was in Clearfield where the average was \$1.05 per pupil. That was probably due to the low cost of bituminous coal there.

Mr. and Mrs. Willard Frederick Rockwell, of Edgewood, Pa., have announced the marriage of their daughter, Miss Katherine Thayer Rockwell, to William Sommerville Potter, son of Mrs. Aimie Prince Potter, the wedding having taken place on August 18th.

The Horace Hartranft family are now occupying their new home on East Linn street, built on the property adjoining that of W. R. Cliff, having moved there Monday. The Ziegler house on Curtin street which they vacated, has been leased by the Richard Hermans.

F. A. Miller, manager for the West Penn Power System at State College, got some nice business for his company when he landed an order for 26 electric water heaters, 22 electric ranges and 20 electric refrigerators for a new apartment house that is being built at that place.

Mrs. Jerre Nolan and her daughter, Mrs. Fred Crafts, and the latter's two children, have moved into the double house of Clayton Royer on Water street. Mrs. Nolan went there from the James I. McClure house, on Logan street, which is now occupied by the R. G. Rhoads family, who moved to Bellefonte from Williamsport.

George F. Rogers who has a herd of pure bred Holstein dairy cattle, has pre-empted the name "Long Road" for use in the registry records of the Holstein-Friesian Assoc. of America. In addition to whatever other name that might be selected all of Mr. Rogers' future entries will have "Long Road" woven into their names somewhere.

Bellefonte has been made a rest stop for the westward bound buses of the Edwards Motor Bus company, operating between Youngstown, Ohio, and New York city. The service was inaugurated on Friday of last week, eastward bound buses passing through Bellefonte in the evening and westward-bound about 9 o'clock in the morning. The average running time is about 28 miles per hour.

The Methodist manse, on Howard street, was on Labor day afternoon and evening the rendezvous for a house picnic party, a surprise to their former pastor, Rev. H. L. Jacobs, and his wife. William F. Kiesel Jr., his wife, their daughter, Mrs. Guy Rutan, her husband, their daughter and a girl friend, of Hollidaysburg, and George Kelchner, his wife and their daughter, Miss Alice, all of Altoona, motored over for the occasion.

At a family gathering given at the home of Mr. and Mrs. J. Collins Mattern, in Halfmoon township, last week, announcement was made of the engagement of their daughter, Miss Sara Emily, to Dr. Alfred W. Eyer, son of Mr. and Mrs. Wesley Eyer, of Fulton, Del. Miss Mattern is a graduate nurse of the Hahnemann hospital school of nursing, Philadelphia, class of 1929, and is now a registered nurse at the hospital. Dr. Eyer is at present stationed at the naval hospital, in Washington. No date has been set for the wedding. Included in the family gathering, last week were Mr. and Mrs. Mattern's daughter-in-law, Mrs. Samuel W. Mattern, and their daughter, Miss Nellie Mattern, both of whom have returned to their home in Upper Darby.

## BOYS AND GIRLS MAKE RECORD AT GRANGE FAIR.

### Number of Exhibits Largest Ever Shown at Grange Park.

The largest number of boys and girls that ever camped at Centre Hall and took part in the various contests offered was in evidence at the Grange fair, last week, says William S. Jeffries, county vocational supervisor. Not only was the number of boys and girls larger but the number of exhibits entered by them exceeded those of any previous year. The quality of these exhibits made by the boys and girls in their study of vocational agriculture and home economics was of a very high type and emphasizes the excellent work being done in the vocational schools in Centre county. It also demonstrates that the rising generation has not lost its love of rural life or interest in winning a livelihood from the soil.

The agricultural project contest this year had some very close competition. 61 boys entered the senior contest. Each boy's project, in order to compete, had to be of such size as to be eligible for the State contest held in connection with the Farm Products Show in Harrisburg. In the Junior project contest, open for boys and girls in the grade schools, 21 were entered.

Miss Geer, supervisor of home economics in the Harris township vocational school, placed a very novel exhibit of a model kitchen. She portrayed the correct arrangement of the kitchen furniture, with appropriate descriptions of "what to do" and "what not to do" in kitchen arrangement in order to save labor.

The county vocational work was represented by an exhibit in landscape gardening. An attempt was made to show the effect of planting and arrangement of shrubbery about the home. This was accomplished by using two small houses of the same design. The ground surrounding the one was left unplanted while the other one was surrounded by the proper shrubs. A very notable contrast was evident.

Gregg and Harris township vocational schools each had school exhibits composed of articles made in the home economics and agricultural classes. The judges awarded the first prize to the Gregg township school.

The livestock judging contest for boys and girls of school age, held by the county extension agent and the vocational teachers of the county, attracted a large number of young people. Three types of livestock were judged, namely: Dairy cattle, swine and poultry. The winners were selected from those with the highest total score for the three classes.

The honors for the judging contest were divided among the two vocational schools, the Gregg township school getting a first, third, fifth and sixth, while Harris township won a second and a fourth.

The winners of the various contests in the senior project were as follows, in their respective order of 1st, 2nd and 3rd:

## THREE PRISONERS ESCAPE FROM ROCKVIEW ON SUNDAY.

Taking advantage of the darkness three prisoners at Rockview penitentiary quietly slipped out of ranks as they were being marched from the big dining hall to the cell block, five minutes after eight o'clock on Sunday evening, managed to climb over the new stockade and make their escape before their absence was noticed by the guards in charge.

The three men, all of whom are from Allegheny county, were Thomas Lewis, serving 10 to 20 years for highway robbery; Joseph Chall, a Cuban, doing 4 to 10 years for larceny, and Steve Waters, serving a 5 to 13 year's sentence for breaking and entering, larceny and making away with stolen goods.

The prisoners had been in the dining hall witnessing the usual Sunday evening program of moving pictures. It was just 8 o'clock when they were marshaled by guards for the march back to the cell block. On arriving there it was discovered that the three mentioned above were missing. The big siren was blown for several minutes, to summon every available guard, and Bellefonte people who heard it thought there must be a general outbreak, but nothing serious happened. Later in the night the siren was again blown. Guards were out all night but failed to drive the escaped prisoners from cover.

## BIG SIREN WILL BE BLOWN WHEN PRISONERS ESCAPE.

The blowing of the big steam siren, at Rockview penitentiary on Sunday night, was so unusual that many people believed it meant a general attempt at outbreak among the prisoners. The whistle was installed at the penitentiary in the early years of its history and at that time was used to announce the escape of prisoners. Its use, however, was discontinued by order of Hon. John Francies, at that time superintendent of the institution, because he believed it did more harm than good by giving warning to the escaped prisoners that their absence had been discovered and guards were on their trail.

Recently, however, the prison board ordered the whistle restored and decreed that it be blown to announce the escape of prisoners. This for the purpose of notifying everybody within sound of the whistle that prisoners are at large which, it is believed, will result in their apprehension in less time than formerly.

## RHOADS BROS. AWARDED PIPE LINE CONTRACT.

The Rhoads Bros., of Bellefonte, have been awarded the contract for erecting the concrete piers to carry the 16-inch pipe line from the big spring to the south end of Race street, and began work on Tuesday morning.

Water superintendent J. D. Seibert has had a force of men at work down at the Gamble mill where he has over three hundred feet of ditch dug and ready for the pipe. The water wheel and pump are both in place but some of the connections between the big pipe line and the pump have not yet been received which is holding up the laying of the pipe. These connections, however, should be here within a few days, when connections will be made at the pump and the laying of the pipe started.

During the past fortnight a portion of the \$38,000 bond issue authorized by council was sold and the mortgage held by the Locomotive Trust company paid. It might here be stated that the bonds were considerably over subscribed.

The 16-inch pipe which will convey the water from the big spring to the pumping station at the Gamble mill will have a fall of six feet, which will be ample for the size of the pipe. During the past week the pipe has all been thoroughly swabbed out and cleaned ready for laying.

Rug prices reduced during showing of the new fall patterns from "Bigelow-Sanford" week of Sept. 6th to Sept. 14th, at W. R. Brachbill's furniture store. 35-1t.

Tuesday, Thirty-one pens were exhibited out of a total of 39 distributed last spring. The winners were selected on a three way basis, 50% on number of chicks raised, 40% on placing of exhibit and 10% on the record book. Following are the ten highest in each club in regular order:

## COL. AND MRS. LINDBERGH WERE HERE MONDAY NIGHT.

Col. and Mrs. Charles A. Lindbergh, enroute from Detroit, Mich., to New York, flew into a spell of weather when they reached the Bellefonte airport, shortly after ten o'clock on Monday night, and wisely decided to spend the night here.

A call from the landing field for a taxi took Frank Davis out in record time and at 10:40 the distinguished guests were landed at the Brouckhoff house. Assigned to a room they then went to Martin's restaurant for something to eat before retiring. They were up early on Tuesday morning, breakfasted and were out at the field before seven o'clock, but a dense fog over the valley and mountains held them at the field for two hours, and it was just 8:58 o'clock when they finally took to the air and continued their flight to New York.

Both Col. and Mrs. Lindbergh are exceedingly democratic in their tastes as well as views, and were just as much at home in Bellefonte as they are in New York or Chicago.

If you want to sit in the seats of the mighty all you need do is call Frank Davis' taxi the next time you want to ride somewhere. Frank is the lucky bird who had the call to taxi Col. and Mrs. Lindbergh in from the aviation field when they landed here Monday night, so that his car has carried two persons to whom even Presidents and Kings bow-low. The funny part of it is that Frank never knew that he had such distinguished fares until the next morning when someone told him the big news that "Col. and Mrs. Lindbergh are in town." He said: "I had no idea who they were. They seemed just like nice, common people and when I delivered them to the Brouckhoff house I presented my card to the lady and said I would be glad to take them back to the field in the morning and then went home and went to bed. In the morning they called me, but I knew who they were before I went to the hotel for them and when I got up there Colonel introduced me to his wife."

At the Brouckhoff it is reported that the waitresses took the bit of ham that the Colonel left on his plate at breakfast and divided it up as souvenirs and the girl who served the distinguished visitors at their lunch at Martin's restaurant the night before swears that she will never spend the fifty cent tip she received from them.

## BANK RECEIVERS HEARING POSTPONED TO SEPT. 22.

The hearing scheduled for Wednesday before acting referee Lee Francis Lybarger, on the exceptions filed by creditors to the compensation asked by the State receivers of the Centre County Banking company, and their attorneys, was postponed until Monday, September 22nd, owing to the illness of former Judge Ellis L. Orvis.

In the neighborhood of one hundred creditors were present when the meeting convened in the court house. Spangler and Walker represented the creditors and former Judge Arthur C. Dale and M. C. Rhone, of Williamsport, the receivers. Mr. Rhone promptly asked for a continuance on account of the illness of Judge Orvis, and made a motion that the creditors who had filed exceptions to the receivers bill for compensation be required to file a bond for the payment of all costs of the hearing.

Both Mr. Spangler and Mr. Walker interposed objections to a continuance of the hearing and also the demand for the filing of a bond. Referee Lybarger, however, granted the request for a continuance with the understanding that the hearing take place at the date set. He refused the demand for the filing of a bond for the present.

"Mile a Minute Marty" got mad at the Decker Chevrolet Co., last week because the used car he bought from them wouldn't stall on any of the lonely roads over which he drove his Polly-Anne. "Marty" doesn't expect much, does he? He must have thought he was buyin' a trained elephant when he got the boat for this week he is towing someone's concrete mixer in with it.

—Mr. and Mrs. James Walters motored to New York city, Saturday, where they spent Sunday, returning home Monday night. In New York they took their first trip through the big tunnel under the Hudson river.

Mr. Miller was retired in July, after thirty-five years of service and is now to be classed with the pleasure seekers, inasmuch as that, at present, is his sole occupation.

A pleasant visitor at the Watchman office, on Saturday evening, was Charles Krumpine, of Philadelphia, who spent most of his boyhood days in Bellefonte during the time his father was in charge of the drug store, on Allegheny street, now the Gross pharmacy. Taking advantage of Labor day Mr. Krumpine and wife motored to Centre county, on Saturday, just for the trip, and during the two days they were in Bellefonte were guests at The Markland.

Mr. Love is a native of Potter township, Centre county, and a brother of Miss Florence Love, for a number of years an employee in the Watchman office. His last trip back to Centre county was made ten years ago so that it is only natural that he notices many changes.

Mr. and Mrs. John S. Walker and the latter's sister, Miss Shortlidge, who are now enroute to Chicago, left early Wednesday morning on a month's motor trip, expecting to go as far west as Minneapolis. E. Mitchell, all cousins of Mrs. Walker and Miss Shortlidge. No definite time has been set for the length of their stay at any place or for their return to Bellefonte.

Two pleasant callers at the Watchman office last Friday morning were David S. Lingle and James Zerby from over in Decker valley, Potter township. They had been at the Granger picnic the day before and came on over here to attend to some business on Friday. As Decker valley is reputed to be alive with deer we questioned the gentlemen about that. Both of them were of the opinion that the most of them have been killed, as they rarely see one anymore and the few that are there now are very wild, whereas before the open deer season deer were tame and plentiful as sheep in there. Mr. Lingle told us of at least one farmer who was blessed with a great hay crop this year. He said that Homer Neff, who is on the Sankey farm near Potter's Mills, had so much that he left a lot of it lying in the field; hauling in only what was freest from weeds. Mr. Neff is a lucky man, indeed. Most other farmers were forced to the necessity of hauling in weeds sprinkled with grass. In talking about his potatoes Mr. Zerby said that he might be credited with a fine crop of hickory nuts, if size is what we inquired about.

She drove over from there for the visit. Charles Monsel, who had been with his sisters, Miss Margaret and Mrs. Lee, for a week at Bryn Mawr, returned to Bellefonte Sunday.

Forrest S. Ocker was in town yesterday and we were shocked to see that he is so badly crippled with neuritis that he has to use crutches. The affliction has forced him to give up his place at Rebersburg, and move to State College, where he and Mrs. Ocker have opened a rooming house. We join his friends here in the hope that he will speedily recover his former health.

Mr. and Mrs. Robert V. Lyon, with their sons Godfrey and William II, were in town over the week-end. Bellefonte so dear to Bob that he thinks it is as near to his home in Buffalo as it is to Milesburg, so that he thinks no more of a drive here than most of us would think of one to the latter place. While down in this section they motored over to Lewistown and to Danville for little visits with relatives in those places.

On the 30th of this month it will be fifty-seven years since John H. Martin left Bellefonte to take his first job as manager of the Western Union telegraph office in Clearfield. And John has been in Clearfield ever since, in fact one of that town's most respected citizens. He was in Bellefonte yesterday visiting with Mr. and Mrs. T. W. Romig, on Bishop street, and other friends and relatives and none could have been more delighted than we with the little call he honored us with.

Among those who are leaving this month to resume teaching or begin work elsewhere, are Miss Margaret Cooney, to continue work in the schools of Hewletts, L. I.; Miss Louise Barnhart, in charge of the kindergarten work in the schools of Youngstown, Ohio; Miss Jean Witter, to begin work as an instructor in the schools of Indiana, Pa.; Miss Elizabeth Hoag, an instructor in the city schools of Rochester, N. Y.; Miss Elizabeth Hunter, back to Springfield, Pa., as head of the music department and Miss Evelyn Rogers as a dietitian at St. Joseph's hospital, Philadelphia.
