

PREPAREDNESS

Clean out your gardens. Put your rakes and hose away. September is upon us. With its hazy, lazy days.

Or the frost will catch you napping. When it sweeps across the hill To paint the leaves and touch the nuts Which give us all a thrill.

When we gather round the fire Later on, in winter cold. For Spring time's new, sweet blossoms You must now clean out the old.

NEWS ABOUT TOWN AND COUNTY.

According to the calendar Summer officially ended and Fall was ushered in on Tuesday of this week.

Rosh Hoshanna, the Jewish New Year, was celebrated by all persons of the Hebrew faith on Tuesday.

E. R. Brumbaugh, M. D., a new physician in Bellefonte, has opened offices on the second floor of the Richelieu building.

The annual bazaar of St. John's Episcopal church will be held in the parish house the first Thursday in December, beginning at 1.30 o'clock.

Among orders handed down by the Public Service Commission, on Saturday, was one ordering the Buffalo and Susquehanna and Pennsylvania Railroad companies to pay to the Whiterock Quarries \$240.56 as reparation for excessive freight rates charged on crushed stone to points within a radius of 200 miles of Pleasant Gap.

Lloyd Lutz, a structural steel worker, of Philadelphia, started work on the new bridge at Milesburg, last Friday morning, and had not been at work long when he fell from the top of the structure, sustaining a serious back injury. He was taken to the Centre County hospital where he has so far shown little improvement.

The Misses Anna and Mary Hoy were hostesses at a garden party, Saturday afternoon, given in compliment to Miss McCaughy who returned to her home at Gettysburg, yesterday, following a visit of several weeks at the McCurdy home. The Misses Hoy were hostesses at a garden supper also, given Wednesday evening, for Mrs. A. Wilson Norris.

The Rhads Bros. will probably finish the concrete abutments for the new water line from the spring to Race street this week and it should not take more than a week to put the iron superstructure for carrying the pipe into position. This work will be done by George Denithorne. Then it will probably take two or three weeks to lay the big 16-inch pipe so that it will be along toward the first of November before the new pumping station at the Gamble mill will be ready to put in operation.

Coach "Shorty" Watson and Ralph H. Dale, of the Bellefonte High school, attended a meeting of the western section Pennsylvania football conference, held at the Penn Alto hotel, Altoona, last Thursday evening. The only thing of importance done was the adoption of a rule that "if an official conference ball is not brought forth within thirty minutes after the scheduled time for the game to start, the game shall be forfeited to the visiting team. If, however, both teams decide to play without an official ball points shall be counted as if an official ball had been used."

In the Phillipsburg Journal we notice that Miles Morrison celebrated his 83rd anniversary at his home in that place, last Thursday, and family friends to the number of two dozen gathered at his home to felicitate him. A big dinner was a feature of the gathering. Friends who were present were Mrs. Frank Clemson and her daughter, Miss Sara; Mr. and Mrs. Harold Deal and daughter, Miss Phyllis, and Mrs. Katherine Hartsock, of State College; Dr. R. H. Meek, of Avis; Mrs. Mary Hancock, of Lock Haven; Mr. and Mrs. George Holdren, Mrs. Ida Hartsock, J. O. Hartsock and daughter, Miss Edna; Mr. and Mrs. George Morrison and Mr. and Mrs. Paul Gray and daughter, Miss Helen, of Phillipsburg.

Glenn Johnston, proprietor of the Johnston Motor Bus company, which now operates a through bus line between Bellefonte and Milesburg, Pleasant Gap and State College, and State College and Williamsport, has decided that it will be more advantageous for him to be in the middle of his line and consequently he and Mrs. Johnston will move from their present home, on north Spring street, back to Woolrich just as soon as they can get possession of their own home there. Mr. and Mrs. James Walters, who occupy the one side of the Johnston house on Spring street, will leave Bellefonte about October 10th to locate in New York city where Mr. Walters has been transferred by the Federal Match company, with which he is connected in an official capacity.

SCALES MIGHT BE MADE IN BELLEFONTE AGAIN.

It is possible that Bellefonte might again list the manufacture of scales among her varied industrial enterprises.

On Tuesday evening some of the members of the local Business Men's Association, together with others interested in the welfare of the town, met in the court house to consider a proposal to locate a plant here for the manufacture of automatic, recording scales.

The gentlemen representing the venture were from Pittsburgh and New York and all, we believe, have been associated with the Standard Scale and Supply Co., which industry, after having started in Bellefonte, moved to Beaver Falls in 1902.

Mr. Chappell, an experienced scale worker, outlined their plans and requirements briefly as follows: They are incorporated under the laws of Delaware and propose a capital stock issue of \$500,000.00 two shares of preferred to one of common. \$100,000.00 of this is to be sold for cash on the basis of two shares of preferred and one of common for \$250.00. An unstated amount of stock is to remain in the treasury to provide for expansion should the business necessitate it through growth and the balance is to be used in payments for patents, etc. To start with the company should have a building of 6000 or 7000 sq. ft. of floor space, preferably on one floor and would employ from ten to fifteen skilled mechanics, adding as sales require more rapid production.

It was the thought of Mr. Chappell that Bellefonte should subscribe for \$25,000.00 of the stock. He stated that arrangements had already been made for the sale of the other \$75,000.00 to New York parties.

After considerable discussion it became apparent that the visitors were not quite prepared to make a definite proposal and in order to give them time for a conference, Robert F. Hunter, who presided at the meeting, proposed that a committee be appointed to meet the gentlemen at the Penn Belle hotel Wednesday morning at 10 o'clock to go into every detail and decide whether the proposition look hopeful enough to call another public meeting to consider it further.

Mr. Chappell stated that the towns of McDonald and Carnegie had both offered their material inducements to locate there, but upon the insistence of Edward McGarvey, son of Mrs. Ella McGarvey, of north Spring street, who is the patentee of many of their devices, they had consented to come and look Bellefonte over as a possible location.

At the meeting Wednesday morning it was again found that the visitors did not have their proposals just as definite as the Bellefonte committee thought they should be for presentation to the public. Accordingly the meeting was adjourned until tomorrow. Meanwhile the gentlemen went to New York for further consultation with their solicitors and other interested parties.

STATE TAKES OVER NEW ARMORY BUILDINGS.

A delegation of officials from the State Department of Property and Supplies were in Bellefonte, on Tuesday, and inspected the new armory buildings erected on the military reservation east of Bellefonte. Satisfied that construction had been completed according to plans and specifications the buildings were officially taken over from the contractors and turned over to Capt. Ralph T. Smith, of Troop L, Capt. Smith and members of the troop started, yesterday afternoon, on the work of moving their horses and equipment from the stables at Coleville to the new barn, and their troop equipment from the armory in this place to the new administration building.

While the buildings have been completed and ready for occupancy they still lack water, and next week work will be started on laying a pipe line from Bellefonte out to the reservation. When the pipe line is laid an automatic booster pump will be installed to give an ample supply of Bellefonte water for all necessary uses. It is estimated that this work can be completed in a month and until it is done the troop will get water from the artesian well at the Triangle filling station.

Just as soon as the troop gets all of its paraphernalia out of the armory the Bellefonte school board will proceed to fix it up for school purposes. A large room in the basement will be used for the mechanical arts department which will release one room in the High school building for other purposes.

Major General W. H. Hay, twenty or more years ago Commandant at State College and commander of the 28th division in France during the World war, and Mrs. Hay, were injured in an auto accident near Charlemont, Mass., on Tuesday of last week, while their son, Prof. Richard C. Hay, of Dartmouth College, was instantly killed. Both General and Mrs. Hay will recover.

The American Legion Auxiliary will hold a bake sale at Zeller's drug store Saturday, October 4th. Just the place to get your Sunday "eats."

ACADEMY KICKERS WILL OPEN TOMORROW.

The Bellefonte Academy football team will open its season on Hughes field tomorrow (Saturday) in a tilt with the Duquesne University freshmen. Game will be called promptly at 3 p. m. General admission, \$1.00; students, 50 cents. If necessary the field will be sprinkled to get rid of the dust.

This opening game should be one worth seeing as the Smoky city boys are reputed very strong, quite a number of old men being in the line-up.

The Academy kickers will play their first game under the Pautxis system of coaching, which consists of more open plays and therefore more interesting to the spectators. Only one veteran of the strong 1929 Academy team will be in the line up, Captain Mike Hardy, at end. Six of last year's second team are trying for positions. They are Rosenzweig, Demshar, Park, Nevel, Manfreda and Ducanis.

In the squad of forty or more young men trying for positions on the team are twenty or more whose work is showing up fine and the final selection for the opening game tomorrow will not be made until after the final practice this evening. Whoever he picks coach Pautxis is sure to have a heavy line, as all the candidates range in weight from 175 to 200 pounds. In addition to beef the men also have the necessary nerve.

On the whole the game will be just as interesting to watch as any college game. If you like football go out to Hughes field and see tomorrow's contest. The Academy boys deserve your support.

BELLEFONTE HIGH LOSES FIRST GAME.

The Bellefonte High school football team lost its first practice game, Saturday afternoon, to Mill Hall by the score of 7 to 0. In the first quarter Bellefonte rushed the ball to Mill Hall's fifteen yard line but drew a penalty of 21 yards and thereafter they never had a chance at scoring. Several costly fumbles enabled Mill Hall to get the ball near enough to the Bellefonte goal line to push it over for the only score. Though defeated Bellefonte shows promise of development into a fair team.

Joe Gingery, playing in the back field or Bellefonte, was injured during a scrimmage and had to be carried from the field. An X-ray, on Sunday, showed a fracture of one of the bones in the right ankle which will probably keep him out of the game during the entire season.

PHILIPSBURG BREWERY RAIDED RECENTLY.

A squad of six prohibition officers from Lewisburg raided the Phillipsburg brewery, Wednesday of last week, arrested the proprietor, John Fetzeck, formerly of Wilkes-Barre, and confiscated 104 barrels and 500 half barrels of alleged beer, 300 empty gallon tins, two motor trucks, a sedan and large quantities of malt syrup, malt flakes, yeast filtered mash and other beer making materials. Fetzeck was taken to Harrisburg and in default of \$5000 bail demanded was placed in the Dauphin county jail pending a hearing before United States commissioner Samuel Lewis.

The brewery has been operating for some time past under a permit to manufacture legal wort and malt. When the raid was made, last Wednesday, a large crowd of Phillipsburgers gathered around the brewery and fearing they were going to be mobbed the raiding officers telephoned to all surrounding towns for State police. Some eight or ten officers made quick runs to Phillipsburg but they were not needed as no effect was made at any time to interfere with the officers.

WOMAN BREAKS ARM BY FALL INTO CREEK.

Along about eight o'clock, Saturday evening, Mr. and Mrs. William Barlett were on their way home to Coleville from Bellefonte after doing their shopping for Sunday groceries. According to reports Mr. Barlett was being taken home by his wife.

At the entrance to Coleville is a bridge over Buffalo Run, which is unprotected by approach railings. Both Mr. and Mrs. Barlett got too close to the upper side of the bridge with the result that they fell off into the stream. Fortunately the water is only knee deep so there was not much danger of them drowning, but Mrs. Barlett had her right arm broken above the wrist while her husband sustained quite a gash on his head. Both had several minor cuts and bruises. They also lost their basket of groceries but Mrs. Barlett had enough presence of mind to hold on to her pocketbook.

Passersby helped them out of the stream and saw that they got home all right when a physician was summoned who attended to their injuries.

Sixty-six of the sixty-seven counties of the State are represented in the freshman class at the Pennsylvania State College. The girls alone represent 50 counties. There were 188 girls among the 1200 students matriculated at the college this year.

BAPTISTS WILL CELEBRATE 100th ANNIVERSARY.

The one hundredth anniversary of the Centre Baptist Association, which includes all churches in Centre, Blair, Cambria, Huntingdon and Mifflin counties, and the 50th anniversary of the Woman's Missionary society of the same church, will be jointly celebrated in a three day's gathering at the Baptist church in Milesburg, September 30th to October 2nd, inclusive. The Centre Association was organized in the Milesburg church in 1830, which accounts for the celebration being held there. Two hundred or more representatives from the various churches are expected to attend, and an especially good program has been arranged for the occasion.

The first day will be given over entirely to the Missionary society. Mrs. D. S. Bagshaw will preside and the address of welcome will be made by Mrs. A. G. Herr. During the afternoon session a duet will be sung by Mrs. Hazel Glenn and Miss Grace Herr. The closing feature of the program, Tuesday afternoon, will be the "Golden Jubilee Chest," by Miss Ella Levy. The chest is a missionary box which has been in use in the Milesburg church for almost one hundred years, and at Miss Levy's suggestion it is to be used to collect a golden offering for the missionary cause.

At the evening session Miss Levy will read a paper on "Fifty years of woman's missionary work in the Centre Baptist Association." The principal speaker for Tuesday evening will be Miss Frances Tentate, for a number of years a missionary in India, who will tell of conditions in that country.

The sessions on Wednesday and Thursday will be for the Association. Mr. F. L. Wetzler will make the address of welcome at the opening on Wednesday morning. The historical sketch will be read by Rev. Charles Kulp, of Phillipsburg. Speakers of prominence who will appear on the program are Rev. Baer, of Scranton, and Rev. Clifford Owens, of Johnstown, who will talk on "The Pentecost."

Thursday's session will be devoted to business of the Association, when reports will be presented and officers elected.

When the Centre Baptist Association was organized one hundred years ago Rev. George I. Miles was the first Moderator. He was one of four brothers who had been ordained in the church and at the time he also conducted a drug store in Bellefonte. The present Moderator is Rev. J. S. Bromley and the stated clerk Rev. H. H. McCroly, Rev. A. G. Herr, pastor of the Milesburg church is vice moderator, and has been exceedingly active in arranging the splendid program for the celebration. Every session will be open to the public and friends of the church, without regard to denomination, are invited to attend.

AUTOMOBILE ACCIDENTS DURING THE WEEK.

Last Thursday evening as Mrs. George C. Waite was in the act of crossing from the bridge to the Bush Arcade, on High street, she was hit and knocked down by an automobile driven by Edward Williams. The latter was not going fast and while Mrs. Waite sustained a few bruises and abrasions she was not seriously hurt.

Daniel M. Snyder, of North Allegheny street, was run down on the State highway, near the old round house of the Central Railroad of Pennsylvania, last Saturday evening, by an automobile driven by William Thomas, of Boggs township, and had his left leg broken below the knee and received a few minor cuts and bruises. Snyder had been fishing for suckers in Spring creek and was on his way home. His eyesight is somewhat defective and his hearing impaired, so that he neither saw or heard the approaching automobile and walked out into the road right in front of it. He was taken to the Centre County hospital for treatment.

At noon, on Monday, the steering gear on a Buick car driven by T. C. Ullsh, of Altoona, locked just as the driver attempted to turn from Linn street onto North Allegheny with the result that he ran head-on into the traffic signal, damaging it as well as his car. Four people were in the automobile but none of them were injured.

A rate case scheduled for a hearing before the Public Service Commission is that of the American Window Glass company vs. the Bellefonte Central Railroad company and the Pennsylvania Railroad company for alleged unreasonable freight charges on fluxing limestone from the Bellefonte district to Pittsburgh. The case was to have been heard last Wednesday but was continued until a future date.

The first meeting of the Bellefonte Woman's Club will be held Monday evening, September 29th, in the director's room of the High school. A business meeting will be held at 7.30, followed by a social hour, with refreshments. It is urged that as many women as possible attend these meetings this winter, since very interesting programs have been planned for the season.
