Rev. Ard Keeps Busy and Well in Colorado.

Sept. 17, 1930

My Dear Friend George:-I enclose check covering one year's

subscription to the Watchman. We enjoy it more than words can express, and it is read in its entirety. Perhaps you might be interested in the attached clipping from Rocky Mountain News. This is my second

year on the Educational committee. Two of us from last year's group were re-appointed. I read some weeks ago in the Watchman a clipping from the Denver Post about my tour of duty in Fort Sam Huston, and I have been curious ever since as to just how you

happened to get that clipping. How would you like to take time enough to let me know? Please. y. Had 14 high school com-

SPECIMEN BALLOT

To vote a straight party ticket, mark a cross (X) in square in the FIRST COLUMN, opposite the name of

cross mark in the square opposite the name of any candidate indicates a vote for that candidate.

To vote for a person whose name is not on the ballot, write or paste his or her name in the blank space provided for that purpose. This shall count as a vote either with or without the cross mark. To vote for an individual candidate of another party after making a mark in the party square, mark a cross

(X) opposite his or her name.

For an office where more than one candidate is to be elected, the voter after marking in the party square, may divide his or her vote by marking a cross (X) to the right of each candidate for whom he or she desires to vote. For such office votes shall not be counted for candidates not individually marked.

State Building Burned.

Another Capitol fire this time at Harrisburg, should bring peculiarly to attention the fact that the destruction of public buildings is the public's direct loss. Coming after similar misfortunes at Washington; on the eve of Fire Prevention Week, the damage to the Welfare and Education unit may prove the climax of all. A year's work was nearing completion at a cost of \$4,000,000, which will require six months more to re-

pair. While we are believed to be steadily improving in the matter of fireproofing our important structures, we are still a long way from absolute safety. The risk is greater during construction, because staging offers a ready prey to the flames, and it was here that the blaze gained headway to make the most serious fire on Capitol Hill since 1897, when the old State House burned.-Phil-
