

LEWISTOWN BOXERS TO TACKLE ACADEMY AGAIN.

The crack Lewistown boxing team will appear again at the Y. M. C. A. gymnasium as opponents for the Academy, on Tuesday evening, February 10th, at nine o'clock. Admission \$1.00; ladies and students fifty cents. The last match between these two teams was a hotly contested one and the second match will be more exciting than ever. The Lewistown lads believe they can turn the tables on the Academy team in their second meet.

If two or three of the local boxers receive injuries in their meet with the New York University freshmen, at New York, this Saturday, then the meet for Tuesday night might be postponed. If it is called off, bills will be posted on the window of the gas office, near the First National bank, and on the trees in front of the Y. M. C. A., announcing the postponement.

PINCHOT RECOMMENDS BIG MONEY FOR STATE.

In a message and budget submitted to the Legislature, on Tuesday, Governor Pinchot recommended an appropriation of \$4,940,000 for the Pennsylvania State College, which includes an increase of 20 per cent for maintenance, \$500,000 for a new dairy building, \$400,000 for domestic science building, and \$40,000 for a surface sewer. He further suggested that in order to help out with the unemployment situation work on the proposed new building be started as soon as possible.

The budget also specified \$358,000 for Rockview penitentiary.

According to the State College Times, last week, Tuesday was groundhog day at that place.

PENNSYLVANIA FARMS RANKED HIGH IN 1930.

Despite the record-breaking drought in 1930, Pennsylvania retains its high rank in agriculture among the States of the Nation, according to the Pennsylvania Department in 1930.

With only one exception, Pennsylvania likewise produced the most valuable crop of tame hay of any State in the country. The total value of this production was \$74,269,000 which, excepting 1924, is the most valuable hay crop produced in Pennsylvania in the last decade.

Estimates on the production of the principal crops for 1930 show that Pennsylvania is the leading producer of cigar-filler tobacco, and the second leading producer of buckwheat.

The rank of Pennsylvania among all the States in 1930 production of various crops is as follows:

- First in cigar-filler tobacco
- Second in buckwheat
- Fourth in potatoes (second in value)
- Fourth in total apple crop (third in value)
- Fifth in maple products and grapes
- Sixth in tame hay (second in value)
- Seventh in commercial apples and rye
- Eighth in winter wheat and peaches
- Ninth in all tobacco
- Fourteenth in oats
- Nineteenth in corn
- Twenty-first in barley

In the farm value of the twenty-two principal field crops, Pennsylvania ranks tenth.

IN BELLEFONTE CHURCHES

BELLEFONTE METHODIST CHURCH.
Church Bible school, C. C. Shuey, Supt., 9:30, with a full program and pertinent study. League has at 6:30 an unusually attractive period, with a pageant "Who is My Neighbor?" urgent invitation for this meeting to all people. Worship:—10:45, extra evangelistic meeting. Bring your friends, all welcome. Pastor responds to calls for his services. Protracted meetings are holding. Methodist Matters.

Helpful have been the revival meetings. This week pastor E. Z. Utts, of Grove Memorial church, Lewistown, is assisting pastor H. L. Jacobs. The sermons and co-operation of Rev. Utts have been unusually strong and spiritual. Tonight, men featuring the events, he preaches his final sermon.

Last Sunday, the school session was very attractive by the World Service program, Miss Isabel Johnson reading a highly pertinent story, which had further presentation by a chorus song written from the central events of that Missionary experience. The friends of superintendent Shuey surprised him with a handsome eversharp pencil and a Parker fountain pen, which J. K. Johnston Esq., presented in a neat speech. The occasion was his birthday anniversary and the beginning of his twenty-sixth year in the superintendency of the church school.

Horace Lincoln Jacobs, Pastor

WHAT A HUSBAND CALLS

"a bargain"
"AT \$3.91
A MONTH"

THE other day, we figured up all the ways we use electricity. There's lighting, of course . . . and both my husband and I believe in well-shaded light to save eye and nerve strain. Then there is the refrigerator, iron and vacuum cleaner to help with the housework . . . the electric table appliances.

In fact, most of the things that make our home pleasant take electric current . . . 52 kilowatt hours in an average month. And

just imagine, it costs only \$3.91! No wonder my husband calls it "a bargain."—Mrs. L. J. K. (an actual West Penn customer).

A Message to Mrs. L. J. K.

What Mrs. L. J. K. may not know is that she could enjoy all the advantages of electric cooking by using approximately 130 additional kilowatt hours.

Since she is using 52 kilowatt hours the additional 130 would cost her \$3.50. In 1923, this total of 182 kilowatt hours at \$7.11 would have cost her \$14.92 or more.

It is our policy not only to decrease the cost of current, step by step, with increased consumption; but also to reduce rates whenever possible.
