lemocratic Watchman

INK SLINGS.

-Foreign Minister Henderson, of Great Britain, has brought France and Italy into a naval agreement which is more than Stimson was able to do.

Congress has adjourned. Now we'll see how much the fellows knew who said business couldn't get better as long as that disturbing body was in session.

-Anyway, the longer Governor Pinchot and his opponents at Harrisburg keep fighting the less time there will be left to enact the usual grist of damphool legislation.

-The Goveror is acting very much like the dog in the manger presidential thunder.

her to swoon. The something might protested innocencehave been one of her other hus-

being father of a bill that is likely to send sports-mens associations of the State turning handsprings. It would permit an owner of land on both sides of a stream that hasn't been publicly stocked for three years to close it and fish it with nets or other devices any time he wants to. It sounds like a very vicous measure to us, unless the Hon. is putting the reverse English on his legislative procedure. Perhaps the bill was designed to force the Department of Fisheries to see to that all streams in the State are stocked at Pennsylvania. least once in three years.
