Given by Bellefonte, Philipsburg and Tyrone Kiwanis Clubs, and the entire net proceeds of this performance will be used for surgical operations, treatments, hospital, nursing and other costs, such as braces, etc. in correcting club feet, dislocated hips and other deformities of children who would otherwise be unable to receive such benefits. It means that many children will be made physically fit who would have to go through life as hopeless cripples without such aid.

During 1930 there were 23 crippled children in this district who received treatment. Four cases have been completely cured. Thirty-five children are now being treated.
