Studebaker Free Wheeling makes me want to go places and do things

MOTORING was almost becoming commonplace.

Some men were saying: "I don't care anything about automobiling; I buy a car for transportation!"

Then Studebaker gave us Free Wheeling and put the thrill back into motoring (and a 15% to 20% saving in oil and gas). Now adults get the same joy out of driving a car that children get out of tobogganing, skating or chuting the chutes.

Motoring is again an OUTDOOR SPORT.

Now that you can buy a Free Wheeling Studebaker for \$845, it's perfectly all to buy a car without it—aren't I right?

This \$845 Studebaker, by the way, is the lowest priced Six with Free Wheeling as standard equipment—engineered from tip to tail to give you the fullest benefits of Free Wheeling in its finest form.
