Secretary of the Commonwealth Richard J. Beamish has notified the county commissioners that they must purchase voting machines for the borough of Philipsburg. It will require four machines at a total cost of \$4400, and the commissioners are endeavoring to evade the purchase at this time, if possible.

The M. A. Kirk house, on east High street, vacated this week by Mrs. Louis J. Grauer, has been leased by the Harrison Kline family, and not by Mrs. Kline's mother, Mrs. Levi. Up to the moment we start this paragraph none of the councilmen at whom we pointed the finger of suspicion last week have given us any reason for apologizing to them. Possibly we were right in saying that five of them really did give assent to putting the trout in Spring creek into a chicken coop for the benefit of a roadside refreshment stand.

On Saturday afternoon Mrs. William B. Wallis parked her car in front of the Eagle block, on Allegheny street, and forgot to set the brakes. The result, the car started down grade and fortunately missed all traffic but at the Rossman garage it ran onto the pavement at the corner and crashed into the electric light standard, shattering the light fixture. The car was also damaged to the extent of about twenty-five dollars.

In Blair county court, on Monday, J. Seibert Tate, who conducted a brokerage business in Altoona, was sentenced to pay a fine of \$500 and serve four years in the county jail for swindling a Juniata woman out of \$4700. In the trial of Tate it was stated that he had at one time been convicted in Centre county for a similar offense and served a long term in the penitentiary, but an examination of the records here failed to substantiate the declaration, as no case of any kind could be found against him.

Those who have done so much to keep the aviation field here are just now concerned lest it be lost to Belleville. The field has to be enlarged and difficulty is being experienced in securing land at reasonable cost. Also, the authorities have had other annoyances that do not tend to keep them satisfied with the location here. The question is really serious, for it is known that the N. A. T., has written letters to all of its pilots asking whether they would just as soon make another field their stopping place between New York and Cleveland.

JUDGE FLEMING REMITS COMPENSATION APPEAL.

In a lengthy opinion and decree handed down, on Tuesday, in the case of Mrs. Bertha H. Foster vs. State College Borough and the Century Indemnity Co., an appeal from a decision of the Workmen's Compensation Board, Judge Fleming admitted his inability to give a just decision upon the evidence presented and remitted the case to the Compensation Board for a further hearing and determination.

The case is one in which Mrs. Foster seeks to recover compensation for the death of her husband, the late Philip D. Foster, of State College, who died quite suddenly just as he reached the scene of a fire in the engineering building, at State College, at one o'clock on March 21st, 1930. Mr. Foster, long a volunteer fireman in the borough, was fire marshal at the time. He had just reached the scene of the fire when he became ill, sat down on the pavement and asked for a glass of water but died before the water could be given him. The borough carried firemen's compensation in the Century Indemnity company, and the physician called at the time of Mr. Foster's death gave the cause as a heart attack superinduced by excitement and over exertion in running to the fire.

Mrs. Foster applied for compensation and after hearing all the evidence the referee, Jacob Snyder, made an award of \$10 a week for a period of 300 weeks, or a total of \$3000. The Idemnity company appealed the referee's decision to the Workmen's Compensation Board and the Board sustained the findings of the referee. The company then appealed the case to the court of common pleas of Centre county, specifying nine exceptions to the findings of the referee and the decision of the Compensation Board. The evidence in the case was submitted to Judge Fleming and it was after a careful review of the same that he handed down his opinion and decree, basing his findings on the fact that all the evidence tended to show that Mr. Foster was a robust, healthy man, without any organic trouble which might have been aggravated by his exertion in going to the fire; and the evidence of the physician that his death was the result of a heart attack as the result of excitement and over-exertion was simply performed to substantiate that fact. In concluding his opinion the court said:

We feel that an inspection of the record and the technical disposition of the referee's findings and conclusions which, from such record, we are compelled to make, may work an injustice to the claimant herein. Were a pre-existing heart condition shown the circumstances surrounding decedent's death would to a large extent remove the speculative character of the medical testimony standing upon the record now before us. We feel that decedent's family physician should be heard and the fact definitely determined as to whether the decedent was the vigorous, robust, healthy man the claimant's witnesses have painted him to be or whether there was some pre-existing defect indicating a heart condition which could have been aggravated and accelerated by his efforts at the fire. In the absence of such and upon the record before us we must now enter the following decree:

Exceptions 1, 4, 5, 6, 7, 8 and 9 are sustained and the records are remitted to the Workmen's Compensation Board for further hearing and determination. The decision of the Compensation Board sustaining the award of the referee was written by the chairman, Paul W. Houck, and was the last decision he gave before being dismissed by Governor Pinchot. The referee in the case, Jacob Snyder, has also been succeeded by another appointee, Myrtle Beringer. Former Judge Arthur C. Dale, of Belleville, is now chairman of the Compensation Board, and will have charge of any further proceedings that may be taken in the case.

PENNSYLVANIANS PICNIC IN IOWA.

A letter from D. M. Kerlin, of Rudd, Iowa, informs the Watchman that the picnic the Pennsylvanians resident in the State held last year was so pleasant that they are going to hold another this year.

Saturday, July 25, has been set for the date. It will be held at Round Grove Park, just north of Greene, Iowa, and all Pennsylvanians are invited to attend. Of course it will be an old fashioned Pennsylvania picnic, the kind where every-one takes a basket.

Last year there were thirty in attendance, but this year many more are expected.

The Whiteoak Quarries nine are now leading in the Industrial baseball league race, having won three games and lost none. The Titan Metal is at the other end, having won none and lost three. West Penn Power is second in the race with three games won and one lost. Chemical Lime has won a game and lost one. The American Lime won two and lost three and the Federal Match company won one and lost two.

BEAUTIFUL FLOWERS AT GARDEN CLUB MEETING.

The July meeting of the Belleville Garden Club was held at the home of Miss Margaret Cook, on east Linn street, Wednesday evening of last week. Thirty-nine members and six visitors were present. The president, Mrs. Gregg Curtin, was in charge and a brief business session was held, during which arrangements were made for the August meeting, which will be held at the home of Mrs. H. L. Curtin, at Curtin, and which will include a box luncheon.

Many beautiful bouquets were in evidence at the meeting and the judges, Mrs. John Blanchard and Mrs. John Curtin, made awards, as follows: Blue ribbon to Mrs. J. D. Hunter for a bouquet of Regal lilies; red ribbon to Mrs. J. J. Kilpatrick for a basket of assorted roses; red ribbon to Mrs. Paul Sheffer for a mixed bouquet; yellow ribbons to Mrs. Robert Morris for two exhibits, a mixed bouquet and a bouquet of hollyhocks. Honorary mention was given Dr. John Sebring for a bouquet of Shirley poppies and another of mixed roses; Mrs. M. Ward Fleming for a bouquet of gailiardia; Mrs. Daniel A. Grove, for a bowl of pond lilies, and Mrs. James C. Furst for a bouquet of mignonette and roses. Mrs. Robert Mills Beach was awarded a blue ribbon for an artistically arranged basket of vegetables.

The speaker for the afternoon was Albert Grove, son of Mr. and Mrs. D. A. Grove, of Belleville, who took a course in landscape gardening at State College, supplemented with a three month's tour of Europe to study landscape methods in vogue in the different countries. He talked on "Rock Gardens" and illustrated the best methods with blackboard sketches and photographs, showing the rock formations, soil pockets and drainage in natural mountainous sections and applying similar principles in the construction of a rock garden. He also told of the kind of stones most suitable for use, as well as the soil best adapted for the purpose. Mr. Grove's talk was much appreciated by every one present.

CENTRE COUNTY GIRLS ROBBED OF SAVINGS.

Misses Olive and Florence Hoover, of Julian, waitresses at the Harlach restaurant, in Lock Haven, were robbed of their entire savings, \$150.00, last Thursday night, money they had saved up for the purpose of sending to their parents.

The girls roomed on the ground floor of the restaurant building and on Thursday evening, after they had completed their work at the restaurant, they went for a motor ride with a young man from Julian, a family friend. They left the restaurant about eight o'clock, drove to Renovo and return and were back at the restaurant at nine o'clock.

Going to their room they at once discovered that some one had been there during their absence and a search revealed the fact that the pocketbooks of both young women had been rifled of their monetary contents. One of the pocketbooks contained \$150.00 and the other ten cents. Nothing else was taken from the pocketbooks but the money, and nothing else in the room was disturbed.

The robber gained entrance to the room by removing three heavy iron bars which had been fastened on the outside of the window with wood screws, hoisted the window and climbed into the room. Lock Haven police are investigating the robbery.

HOMESICK PRISONER TOOK "FRENCH LEAVE."

William Raymond Snyder, a prisoner at the Blair county jail who was one of a group of six trustees employed at the court house, took French leave, last Thursday morning, and started on a hitch hike for his home near Port Matilda. His escape was discovered shortly after he left the court house and officers started on his trail. He was captured about 2:30 o'clock in the afternoon within two miles of his home and taken back to jail.

Snyder gave homesickness as the reason for his escape. He was sentenced about five months ago to 8 to 16 months for breaking and entering, hence had only about three months of his minimum term to serve. Seven weeks ago he was made a trustee and given work at the court house but he couldn't resist the temptation to escape. He was the first man out of a total of 683 put on the honor system at the Blair county prison to break faith. Snyder is 22 years old.

HOLT'S HOLLOW FARMER KILLED BY OWN GUN.

The dead body of Raymond Fetzter was found on the barn floor in his farm in Holt's Hollow, about eight o'clock on Monday morning; a bullet hole in his head and a .303 Savage rifle by his side told the story of his death, but whether it was a suicide or the result of an accident is undetermined, although the accident theory is more generally believed.

Fetzter and his brother LeRoy lived alone on the farm. During the hot weather, this summer, he had been sleeping in the hay mow, in the barn, taking his rifle with him every night. On Sunday evening he did not leave the house until about eleven o'clock. Half an hour later Fetzter's sister, Mrs. Raymond Fye, with her husband and children, who had spent the evening with friends in Belleville, drove to the Fetzter home to be on hand early Monday morning to pick berries, which are cultivated on the Fetzter farm. They found LeRoy Fetzter asleep on the couch in the living room and knowing that Raymond slept in the barn they made no inquiry about him but went to bed.

It was close to eight o'clock, on Monday morning, when Mrs. Fye had breakfast ready. She sent her children to the barn to call Raymond and they found the dead body lying on the barn floor. It was already cold and stiffened, evidence that the man had been dead for some time. Coroner W. R. Heaton was notified and went to the Fetzter home. After making a thorough examination he decided that an inquest was unnecessary, as there were no indications of foul play, and that death was either the result of an accident or suicide. The bullet had entered the man's head on the right temple, gone clear through, through the boards of the granary and out through the side of the barn.

Those who examined the body and the course of the bullet discard the suicide theory and believe the shot was accidental. In support of this is the fact that Fetzter, so far as could be learned, had no financial trouble or worries and was in excellent health.

He was a son of Mr. and Mrs. Joseph Fetzter and was born at Fetzertown 39 years ago. He was unmarried and is survived by his father and the following brothers and sisters: LeRoy, of Holt's Hollow; Charles, of Belleville; Mrs. Raymond Fye, of Fetzertown; Mrs. Hazel Reese and Mrs. Esther Reese, of milesburg; Mrs. Edward Lucas, Mrs. Claude Yarnall and Mrs. John Loomer, all of Chicago.

Funeral services were held at his late home, at two o'clock yesterday afternoon, by Rev. M. C. Piper, burial being made in the Advent cemetery.

A TALE OF A CAT AND A LITTLE DOG.

When a cat chased by a dog climbs a tree, that's commonplace; but when a cat chased by a dog cannot find a convenient tree and uses the neck and shoulders of a passer-by as a place of refuge, that's extraordinary.

Little Alberta Sager, small daughter of William Sager, local photographer, suffered severe scratches on the back and neck last Saturday afternoon when two of the natural enemies spied each other and the cat began a dash for the nearest tree. No trees being available the noble son of Felidae scampered up the back of the little girl, digging its claws into her back.

Even dogs have some sense of surprise and the queer actions of the less intelligent beast scared the dog so badly that he made tracks for home and so did little Miss Alberta. However, Mr. Cat left his frightened perch after the canine disappeared and Miss Sager arrived home badly scratched and very much disturbed after her queer experience.—John Fleming.

William Garman, who farms the Paul Fishburn farm in College township, is in the Centre County hospital with a badly fractured lower jaw and other injuries the result of a peculiar accident. He was engaged in hauling in hay, on Saturday afternoon, and was naturally anxious to get it all in the barn. It was seven o'clock, or later, when he pulled into the barn with the last load. As his team was pulling the load into the barn floor the double tree broke, the horses naturally plunged forward and Garman was jerked from the load of hay, falling on his face onto the barn floor. While his injuries are painful and serious his condition is not believed critical.
