free wheelingly speaking by don herold

Oh the best things in life are free

I'd pay several cents a mile extra for that Free Wheeling sensation in my Studebaker—if I had to.

But the joke is, it doesn't cost memoney—it saves memoney.

A Studebaker is a well when running along with the motor engaged, but it is those moments of momentum—those miles of Free Wheeling—which give me my grandest thrills . . . and these don't cost—they PAY.

I sail along, manufacturing miles and money!

About one mile in seven or six or five is free—because you save from a seventh to a fifth of your gas and oil.

Seems to me ridick to buy a car without Free Wheeling—when you can get a real Free Wheeling Studebaker for \$845!

This is the lowest priced Six with Free Wheeling as standard equipment engineered from tip to tail to give you the fullest benefits of Free Wheeling in its finest form.

Announcement!

Changes in Dates for Reading Electric Meters and in Due-Dates of Electric Service Bills.

In order to give better attention to electric service accounts, the following schedule of meter reading and billing will become effective August 8th in the Bellefonte District.

Bills for electric service used during the latter part of June and the first part of July will be mailed to you on July 31st.

Some meters will be read according to location every week during the month under the new plan instead of all being read between the 8th and 15th of the month.

Another bill will be sent in August covering electric service used during the latter part of July and that part of August shown on the bill itself. This latter bill which will be a new and clearer form will show the regular date on which that particular account will fall due in the future.

The new schedule makes no increase in rates, neither does it involve any extra charges whatsoever. Instead of all meter readings and billing dates coming on a certain few days, in the future some meters will be read and some bills sent out every week during the month. The result will be avoidance of crowding and inconvenience in the payment of bills at the local office.

In order that these changes are clearly understood, more complete explanations will gladly be given upon phoning, writing or visiting the local office in Bellefonte.
