Then he would find out that he and his workmen could get hay for their cows, corn for their pigs, potatoes, carrots and sauer kraut for their children in trade for Ford cars.

BELLEFONTE Y TO PUT ON BIG MEMBERSHIP DRIVE.

Goal Set at One Thousand Members in Week's Canvas.

A special meeting of the board of directors of the Bellefonte Y. M. C. A., which was also attended by a number of business men of Bellefonte, was held at the Y. on Monday evening, to make plans for the coming year.

When the question of membership and financial support was brought up it was decided to have two campaigns this year instead of one, a membership campaign to be held the week of September 28th to October 3rd, inclusive, and another campaign early in 1932 for financial support.

At the present time the Association has a membership of 855 and it is the aim of the committee who will have charge of the membership drive to increase the number to 1000 or more. A list of prices has been fixed which should appeal to both old and young. These will be as follows:

Boys from 10 to 12 years old, \$3.00; from 12 to 15, \$4.00; from 15 to 18, \$5.00; Senior memberships, \$10.00; all girls under 18 years of age, \$3.00; girls over 18 and women, \$5.00. It was also decided to make a special rate for rural membership, people who live in the country and who will be unable to have daily access to the Y. While these rates have not yet been definitely fixed it is the belief that they will be about half of the above rates.

The week chosen for the membership drive was selected because it has been named by the State organization as the Pennsylvania Y. M. C. A. membership week. In the month intervening the board of directors will perfect their plans for the drive. Committees will be appointed, teams chosen and everything made ready for a big start on the morning of September 28th.

The Bellefonte Y. M. C. A. is an old institution in Bellefonte and fills a need that cannot be supplied by any of the churches in the town. L. C. Heineman has put the Y on a high plane of Christian standard and efficiency during the few years he has been its general secretary, and the churches of Bellefonte, business and professional men cannot afford to withhold adequate support of the institution. And one good way to show their interest is to get back of the membership drive.

Buy memberships for your sons and daughters, if you are fortunate enough to have any, and if you haven't, buy a membership for that boy you know who is not able to take out one for himself. Do everything you can to boost the drive so that the coveted goal of 1000 members can be achieved.

WORK STARTED ON LAMAR TO TYLERSVILLE ROAD

On Wednesday morning a crew of fifteen or twenty men started work on the improvement of the road from Lamar to Tylersville. The scrapers, tractors and other necessary machinery are all on the ground but a larger force will not be put to work until the section just at the mouth of the gap is definitely located. It will leave the present route at the Steele spring, just at the turn at the Krape house, run straight south back of the Krape barn and join the old road in a wide curve just as it enters the iron bridge over Fishing creek.

This change in route has been made for two purposes. It eliminates two forty-five degree turns as well as the present dangerous approach to the bridge. At the same time it will make possible the consolidation of the plots for the new Federal fish hatchery to be located on the Steele and Krape properties. In other words the new road will not split it as the old one does.

A little over five miles of the road is in the present project. That will take it clear through "the narrows" and up into Logan township, to the lane leading to the McCaleb farm. It will be widened to 18ft, ditched, drained and covered with stone chips and asphaltum, much like the treatment given the road from Huston to Madisonburg.

It is expected that it will be completed in four or five weeks, though it will not be closed to traffic at any time.

The section of the road from the McCaleb farm, in the west end of Sugar Valley, through to Tylersville, a distance of slightly more than three miles, will not be surfaced this fall, though it will be taken care of by the State. The road from Tylersville to Loganton, and on east, was completed last year.

FOREIGN POSTAL RATES GIVEN A BIG BOOST.

Effective September 1st it will cost three cents to send a letter to Canada, Newfoundland and Labrador, instead of two cents. Postcards will cost two cents and double postcards four cents.

COURT PAROLED THREE AND SENTENCED FOUR.

It is an unusual occurrence for the State to take a hand in asking a county court for the release of a prisoner on parole yet that is what occurred at a special session of court before Judge Fleming, on Saturday.

Ralph Frank, an assistant deputy attorney general, appeared in behalf of Luke Russell, of Philipsburg, serving a ten month's sentence in the Allegheny county workhouse for stealing lumber. The plea for a parole was based on the fact that his wife has a new baby and is in dire need of his support. Russell had been before the court in 1908 on a liquor charge and had been paroled at that time on condition he pay a fine and costs amounting to \$103. So far he has paid only \$25. The costs in the larceny case were \$40.39, and Judge Fleming granted the parole on condition that Russell makes arrangement with the probation officer for the payment of the costs.

James W. Patterson, of Harris township, charged with being one of a party who stole gasoline from H. N. Koch, at State College, was placed on probation after making arrangements for the payment of the costs.

Harry Toner, of Bellefonte, charged with forgery and whose case was held over from the Saturday previous to permit the probation officer to make an investigation, was called for sentence. Mr. Wilkinson told the court that his investigation led him to believe that whiskey and women were the causes of Toner's downfall. He was released from the penitentiary in February, 1930, after serving eleven years for stealing whiskey, first in Bellefonte and again in Williamsport. Then he married a widow at State College and Mr. Wilkinson implied that she was to blame for Toner issuing the forged checks. He was sentenced to pay the costs, a dollar fine and one year in the county jail, but can apply for a parole at the end of three months.

John Palmer, sentenced on June 2nd to serve six months to a year in the county jail for breaking, entering and larceny, was also granted a parole.

Ralph Snyder, of Patton township, who in February, 1930, was convicted on two counts of violation of the liquor laws and was sentenced on each count to pay the costs, a fine of \$250 and serve 9 to 18 months in the Allegheny county workhouse, was granted a parole.

James Haupt, of Bellefonte, charged with the larceny of an automobile in conjunction with a negro, of Williamsport, was sentenced to pay the costs and placed on probation for three months after he told the court that it was the negro who took the car but admitted that he was with him.

Leonard Tierney, 24 years old, of Bellefonte, plead guilty to the transportation and possession of liquor but maintained that he was an innocent party. The young man is a son of Jeff Tierney. He and his mother had gone on a motor trip to Osceola Mills and he told them that on the return trip they were to stop at a certain house in Port Matilda and get a five gallon jug of cider. They did so and at Snow Shoe Intersection State highway patrolmen stopped their car, found the jug which proved to contain moonshine instead of cider. The court sentenced the young man to pay the costs, \$25 fine and placed him on probation for one year.

Lloyd Shawley, of Milesburg, was called before the court on a charge of aggravated assault and battery upon Thomas Speece. As the alleged assault was also participated in by Charles Shawley, who had not yet been arrested, the case against Lloyd was continued.

AGED COUPLE CELEBRATE 59TH WEDDING DATE.

On Tuesday, August 18th, Mr. and Mrs. John T. Marks celebrated their 59th wedding anniversary at their home at Jersey Shore. Local interest attaches to the celebration because of the fact that Mr. and Mrs. Marks were married at Milesburg on August 18th, 1872, by Rev. J. W. Weaver, of the Methodist church.

They started housekeeping at Snow Shoe, where Mr. Marks went to work for the old Bellefonte and Snow Shoe Railroad company, which in 1880 was taken over as a part of the Pennsylvania system. He continued with the railroad company until 1882, when he became a coal loader at the tipple of the mine operated by James L. Sommerville, of Bellefonte. Two years later he became a coke oven charger for the Lehigh Valley Coal company, at Clarence. In 1886 he accepted a position in the Gilliland & Murray store, at Snow Shoe, where he remained until 1895 when he went to Jersey Shore to work in the car shops of the New York Central and Hudson River Railroad company. He was placed on the retired list in 1917.

Mr. Marks is 84 years old and his wife 77, and both are enjoying remarkably good health. They were the parents of eight children, six of whom survive.

The Bellefonte public schools will open next Monday for the ensuing school year. Every indication points to an increased enrollment in the grade schools and a large attendance in the High school.

The only attendants were Miss Emily Belle Higgins, of Youngstown, as maid of honor and Wilbur Campbell, of Youngstown, as best man.
