BOROUGH COUNCIL DISCUSSES REPAIRS AT THE TOWN RESERVOIR.

Bellefonte's water supply is to be improved by much-needed repairs to the reservoir. This matter has been before council at various times during the past two years and has been discussed from every conceivable standpoint without reaching a definite conclusion. Now, however, the condition of the reservoir is such that it is deemed absolutely essential that something be done before winter sets in. The extent of the repairs needed will not be definitely known until a thorough examination is made, and the matter was referred to the Water Committee with power, the work to be done with local labor under supervision of the water superintendent.

Every member of council was present at the meeting. Secretary Kelly reported receipt of the title of ownership for the new Logan Fire company pumper, which was turned over to fire marshal John J. Bower.

The Street committee reported opening several clogged sewers, rebuilding the north wing wall at the Lamb street bridge and putting in shape the approaches to the bridge, cleaning and repairing streets, and receipt of a check for \$5.00 from Mrs. Ruth Bower for the removal of a tree from in front of the Bower home, on Howard street.

The Water committee reported various repairs and the collection of \$550.00 on water rentals and \$13.79 in miscellaneous items. The committee also reported that the fire plug at the east approach to the Lamb street bridge will be moved to a point where it will be out of the danger zone of traffic.

Mr. Cobb also called attention to the fact that the new pump at the Gamble mill station is now throwing 1050 gallons a minute, which is an increase of fifty per cent. over what it had been doing before the installation of the 12-inch pipe on Lamb street.

President Walker stated that if the tail race were dug out deeper the pump would probably exceed the above figures, and Mr. Cobb stated that the committee expects to do the work.

The Finance committee reported a balance in the borough fund of \$1266.16 and \$661.59 in the water fund. Notes aggregating \$16,130 were presented for renewal and a new borough note of \$1000 authorized to meet current bills.

The Fire and Police committee reported that the State fire marshal had approved the plans of the Beaty Motor company for the installation of a 1000 gallon gas tank under the pavement in front of it's property, on west High street.

The Sanitary committee presented the monthly report of health officer S. M. Nissley which showed that there is not a case of communicable disease in Bellefonte.

The Special committee reported that after investigating the borough's means of fire protection the committee felt that a rating of insurance which will lower the deficiency charge is due and, on motion of Mr. Ardery, Edward Keichline, George Carpeneto, M. M. Cobb, W. B. Rankin and E. E. Ardery were appointed a committee to confer with the Underwriters' Association regarding the desired reduction.

The Water committee reported that the 1931 water duplicate has been practically completed and it was decided to hold the water appeal some evening next week, probably the 14th or 15th.

Mr. Emerick stated that M. J. Barrick, district engineer of the State Board of Health, was in Bellefonte, on Monday, and stated that the State Board will approve the borough's application for permission to lay a sanitary sewer down Spring creek when the borough has decided the kind and size of pipe to be used. The matter was referred to the committee to get prices on the cost of the various kinds of pipes available.

Borough bills totaling \$1886.97 and water bills for \$295.00 were approved for payment after which council adjourned.

MOVIE STARS TO APPEAR IN PERSON AT CATHAUM.

For local theatre-goers who see all too little flesh-and-blood entertainment, the announcement of the special stage treat at the Cathaum theatre, State College, on Thursday of next week, is especially welcome. Dick Powell, popular master of ceremonies at the Stanley theatre, Pittsburgh; Bernie Armstrong, featured organist; and Dorothy Bushey, petite star of stage and radio, will all appear on the Cathaum stage on this occasion.

In addition to the added stage act, there will be the usual picture program, featuring Bill Boyd, Warner Oland, Zasu Pitts and Jimmie Gleason in "The Big Gamble."

The complete program will be shown at the matinee, starting at 1:30, with the stage appearance scheduled for 2:55. Evening shows will start at 6:00 and 7:45, with the final stage show starting about nine o'clock. There will be no advance in prices for this special attraction.

Another reduction in salaries and wages, effective October 1st, was made by the American Lime and Stone company.

KEYSTONE ACADEMY UNABLE TO SCORE ON BELLEFONTE ACADEMY.

The Keystone Academy football team came up in the hard cold regions came to Bellefonte, last Friday, primed for a victory over the Bellefonte Academy, and when the teams lined up on Hughes field, Saturday afternoon, it looked as if they might accomplish their desire. The visitors outweighed coach Gutter-on's team and every man appeared in fine condition.

But the local Academy boys fought them to a standstill and neither team made a score. In the last minute of play Bellefonte Academy pushed the ball over the goal line but unfortunately two men were in motion before the ball was snapped and the touchdown was not allowed. Before the teams could line up again for another play the whistle blew for the end of the game.

Keystone also had a chance to score in the fourth quarter when they got the ball down to the two yard line. But Bellefonte held solid for four downs and then kicked out of danger. These were the only times either team threatened the other's goal line.

The Academy will go to Scranton today where they will play the Wyoming Seminary tomorrow.

BELLEFONTE HIGH WAS SWAMPED AT ALTOONA.

The Bellefonte High school football team went down under an avalanche of scoring by Altoona High last Saturday afternoon. The score was 60 to 7, but our boys were not as bad as the score would make them look to those who didn't see the game.

The local team was greatly outclassed both as to weight and experience, but they were fighting their best all the time and when Gingery shot that fifty yard pass to Knapick, in the fourth quarter, they showed what more practice and experience might lead to.

Kelley, Knapick, Gingery and Caldwell featured in the plays that carried the ball over the Altoona goal for our only score.

On Monday evening we had a preview of the Knute Rockney picture "The Spirit of Notre Dame". It is the film which the great football coach was on his way to Hollywood to participate in when his airplane cracked up, killing all aboard. Sports lovers and students, especially, will be interested in it because college life is portrayed with a faithfulness that makes for real drama and comedy without the need of injecting imaginary situations into it. Necessarily it is mostly football would not be realistic without "The Four Horsemen" so they are all in the cast. We understand that it will be shown at the Cathaum, State College, in two weeks.

W. E. Blaw, who has been a fugitive from justice in Centre county for more than two years, has been located in Philadelphia by county detective Leo Boden, and is now under arrest there. Back in 1929 Blaw was a clerk in the store of Samuel Twigg, at Sandy Ridge. At the time it was alleged that he stole both money and merchandise from his employer. When accused of his pilfering he suddenly disappeared and was located only last week. It is alleged that there are also serious charges against him in Philadelphia so that he may not be surrendered to Centre county authorities.

The State Sabbath School Association will hold it's annual convention in the Jaffa Mosque, Altoona, Oct 14, 15, and 16.
