An Open Letter

To the Citizens of Centre County :

In the short campaign I have conducted for the office of County Treasurer, I have learned, better than I could have believed, how utterly impossible it is to get in personal touch with even one-third of the voters of a County, the size of Centre. To those whom I have been unable to see, I am offering, not an apology, but an explanation of my inability to call on them. With no help in my office and a good many customers of long standing who, in these trying times, need advice and accommodation that could not be supplied except through personal contact with me, I have had to give at least a portion of each day to my office work, leaving only portions of days to make short trips.

I am taking this occasion to say to you that I have conducted an absolutely clean campaign, without unkind or personal references to any other Candidate and without any Political Combinations, propaganda or promises to secure favor. I have advanced no argument for my election that could not be considered strictly legitimate. If you have read the text on the back of my picture card you have seen that I have made not even a Partisan plea for your favor, but have adhered strictly to the doctrine that, "Appeal for political favor should be made on reputation established during a lifetime, rather than upon personal advertising on party claims during the short period of a campaign." I may have, as has been told me many times, Political Ideals a trifle too strict for practical politics of the present day stamp. Be that as it may, I have done my best to carry them out.

In conclusion, I want to say that if my lifetime of service in the industrial and labor welfare of my home community and native county is ever going to be appreciated and recognized, it is going to be on Nov. 3rd, 1931, by registering this approval with their ballots. I am not expecting that they shall ever have another opportunity.

I state again, that I have conducted a clean campaign, villified no one, made no partisan appeal, made no promises, entered into no deals or combinations and there is absolutely no ground on which so called party leaders could properly build party prejudice in appeal to voters, whether those voters be Republican, Prohibition or Democrat.

With assurances of my high appreciation of many kindnesses shown me during my short canvass, by many people of Centre County in the Campaign about to end, I am,

Faithfully and sincerely yours, ROBERT F. HUNTER.
