

NOTED EVANGELIST COMING

Miss Sara C. Palmer, well-known author and Bible teacher, will conduct services in the Evangelical church from January 10th to 31st. After holding successful evangelistic campaigns in her native country, Ireland, Miss Palmer came to the United States and for a number of years was associated with Dr. Henry W. Stough in his work. She had charge of the women's work and Bible study groups. When Dr. Stough became ill during the Altoona meetings, Miss Palmer took charge of the campaign with remarkable success.

For a number of years she has made her home in Tunkhannock, Pa., and has just conducted what has been reported as the greatest revival that has ever been held in that town. The meetings were held in the Eaton Baptist church and continued three weeks. Great crowds of people, some from a long distance, thronged the church and many were turned away at a number of the services. More than 200 responded to the invitation for confession of faith in Christ and for consecration, and many pledged themselves for life service. Delegations went there from churches in Tunkhannock, Laceyville, Mahanoy, and Eatonville. The remarkable success of the campaign was a fine tribute to Miss Palmer in her home community.

RULES COVER ALL FATAL ACCIDENTS

Two important rulings affecting motor vehicle operators who hereafter may be involved in fatal accidents were announced by Secretary of Revenue Clyde L. King. One was a Board of Review to which persons whose operating privilege has been temporarily suspended because of a fatal accident, may appeal the decision of the hearing inspector. In the other he fixed a maximum time limit in which operators so involved must appear for a hearing.

These rulings are part of the program formulated by the department to place the full burden of responsibility for fatal accidents on every reckless driver in the State, Secretary King said. He added that the maximum penalty for such accidents will be imposed where the testimony justifies such action.

The board of review will consist of Walter W. Matthews, Deputy Commissioner of Motor Vehicles; Sanford D. Beecher, legal assistant to the Secretary of Revenue, and a hearing inspector to be named by Matthews. In no case will this inspector be the one who held the first hearing.

When an appeal has been filed with the board, the person appealing will be notified of the place and date of the final hearing. The operator will be entitled to submit additional testimony to the board to show cause why the suspension should not stand. Should the board decide the suspension is to continue then an appeal to court, as provided by the vehicle code, may be made.

In case of an accident resulting in

fatal injury, Secretary King has instructed the Safety Division that the operator or operators involved must be immediately cited for a hearing. The hearing must be held as promptly as possible, but in no case later than two weeks from the date information is received by the department of the fatal accident.

Hearing inspectors and State Highway patrolmen are required to investigate all fatal accidents, and gather all information necessary for the subpoenaing of witnesses and all other information necessary for hearing purposes. The hearing inspector has the authority to recommend either temporary suspension of the operating privilege or the dismissal of the case in accordance with the testimony submitted and report of the coroner's inquest, if any.

NEARLY FOUR MILLION VOTERS IN PENNSYLVANIA

Figures compiled by George D. Thorn, chief of the election bureau, Department of State, show that 3,859,985 voters are registered in Pennsylvania. The Republican enrollment accounts for more than 70 per cent of the entire registration, having a total of 2,963,738 of which 1,668,619 are men and 1,295,119 are women. The Democrats have 724,337, with 401,672 men and 322,665 women, while all other parties have a combined total of 26,435. The registered voters who have expressed no party preference and have failed to enroll total 145,475. Except for the year 1928 when the registration was 3,971,876, the figures are the highest so far recorded.

\$25,500,000 IN 1932 FOR NEW WORK FOR BELL CO.

A \$25,500,000 program of new construction and service betterments has been scheduled by the Bell Telephone Company of Pennsylvania for 1932, according to budget figures made public by Leonard H. Kinnard, president of the company.

This huge sum will be devoted to expansion and improvement of the Bell organization's facilities throughout the State, he explained. In view of conditions, this is regarded as a remarkably large potential expenditure.

During the last two years—a period marking what is expected to prove the most severe phase of the economic depression—the Bell company has spent \$70,000,000 on new construction and improvement of already existing facilities. Thus the sum scheduled for expenditure in 1932, plus the investment in new construction this year and in 1930, establishes a three-year total of \$95,500,000.

The president of the Bell company pointed out that the expenses attendant on operation of the telephone business throughout Pennsylvania this year will total some \$42,000,000. When this sum is added to the \$25,500,000 earmarked for new construction, it becomes apparent that the Bell organization will spend \$67,500,000 for new construction and the operation of the telephone business throughout the State next year. Of the \$42,000,000 expense item, a very large portion will go into salaries and wages.

While the bulk of the appropriation earmarked by the telephone

company for disbursement in 1932 will be devoted to extension of central office facilities, it is planned to spend a considerable part of the total on what is known as "outside plant." This constitutes the equipment and apparatus outside the central offices, including poles, cross-arms and storm resisting aerial and underground cables.

SON OF EX-SULTAN MAY GET MILLIONS FOR LETTER

Jerusalem—The existence of a remarkable ancient manuscript letter, said to be written on parchment by a Mohammedan prophet to the King of Abyssinia, was revealed recently in the announcement made by Prince Selim, eldest son of the late Sultan Abdul Hamid.

An American offer of \$750,000 has been turned down for it. Prince Selim is at present considering an offer of \$2,500,000 which has been made by an English society, if the documents are proved genuine.

Prince Selim is being visited by scholars from the east. He received the letter as a wedding present from his father, who was presented with the manuscript by the King of Abyssinia 50 years ago.

Frigidaire a product of General Motors Corporation

America's Outstanding Electrical Refrigerator

World's Greatest Automobile Manufacturer

Think of it...
only 25¢ A DAY and you own a
FRIGIDAIRE

NO DOWN PAYMENT ON THE METER-ICE PLAN

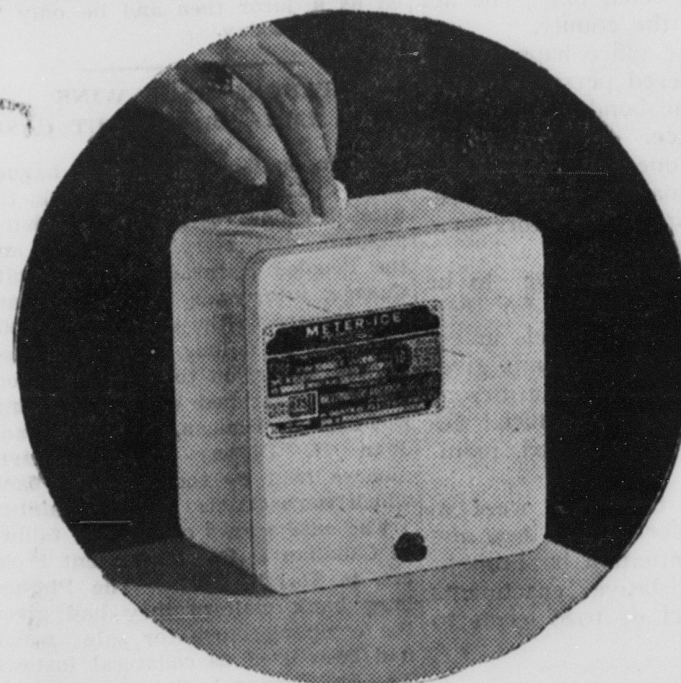

We are pleased to make the most liberal and unusual offer ever presented in the electric refrigeration industry. Now every family can have a Frigidaire and enjoy its many advantages.

It's all so easy and costs only 25 cents a day on the new METER-ICE plan. No down payment required on cabinet up to \$225. Your 25 cent daily deposit in the patented METER-ICE gives you modern, dependable refrigeration. This small amount is paying for your Frigidaire.

Here is the Simple METER-ICE Plan

1. Just arrange for your Frigidaire.
2. No down payment is required.

METER-ICE is a trade-marked name—no other payment plan is similar or "just like it." This is the most attractive electric refrigeration offer ever made in this city.

3. Frigidaire (equipped with Meter-Ice) will be delivered to your home.

4. Deposit 25¢ in Meter-Ice and Frigidaire will operate for 24 hours.

5. You may deposit 25¢ each day—or you may deposit 11 quarters at a time which give you 11 days refrigeration—just as you wish.

6. Once each month our representative will call at your home, collect the deposit, and credit your account.

7. When your Frigidaire has been paid for, we remove Meter-Ice and issue you a bill of sale.
