

FRED FRAME TO RACE AT READING ON MAY 8

With Fred Frame, America's most frequent speedway race winner in 1931, topping the card of auto racers and Allen Huber, world's record holding motorcycle rider heading the field for the motorcycle races, Reading is looking forward to many miles of "motor madness" on Sunday, May 8, at the Reading fairgrounds.

Preceded by the time trials of the autos and motorcycles, the motorcycle races will get under way at 2:15 eastern daylight time, featured by two fast five-mile events. At 2:45 p. m., the auto races, with a field of 20 groomed down from an entry list of over 40, will get going for a total of 50 miles of action on what is conceded to be one of the best half-mile dirt tracks in the country.

Frame, figured as the favorite for the races, will be tested out by such stars as Arch Powell, western ace and "Shorty" Gingrich, Florida flier; Russ Spohn, Bill Shoop, Vern Orendorf, Bob Sall, Firman Lawshe, Harris Insinger and other racing notables. Frame will race at no other eastern point previous to May 30 when he will compete on the Indianapolis speedway, where last year he took second place in the 500-mile grind.

Parking space will be provided free at the Reading fairgrounds on race day for 10,000 automobiles and popular prices will prevail at the gate and grandstands.

LURE OF GOLD CALLS
The lure of "gold in them thar hills" is calling prospectors to the mountains, where streams are gushing under the influence of spring thaws.
The roaring waters wash up the gold from its lodges in granite country, depositing the precious metal in sand and gravel. This gravel is washed by prospectors in pans, rocker boxes and crude sluices.
In the interests of the city-raised prospector, unfamiliar with the hunt for gold, the State bureau of mines has prepared a bulletin of simple instructions on the use of the prospector's tools.

NO DUPLICATES
Fishermen are warned by the department of revenue to carefully guard their fishing licenses. There is no provision in the law, the department announces, whereby a duplicate fishing license can be issued. This means that a new license must be obtained if either part of one originally issued is lost.
