

**NEWS ABOUT TOWN AND COUNTY.**

—Will and John Reed have bought the Rider restaurant in Bush Arcade and are now renovating preparatory to opening it again.

—In a reclassification of post-offices throughout the United States nine Pennsylvania offices will be changed from the first to the second class, effective July 1st, and one of the nine is the Bellefonte office.

—The 64th annual session of the Central Pennsylvania conference of the Methodist Episcopal church will open in the Pine street church, Williamsport, next Wednesday and continue over the following Sunday.

—Owing to the fact that Judge Fleming has been assigned to hold court in Philadelphia during the ensuing two weeks, naturalization court in Bellefonte has been continued from June 20th to the 27th.

—We notice in the Phillipsburg papers that a little son has arrived in the home of Mr. and Mrs. Edward J. Thompson, in that city. He has been named John Baker Thompson, but whether that has any political significance we are unable to say.

—James E. Williams, veteran accountant and connected with the Potter-Hoy Hdw. Co., for many years, is confined to his home at Ave. Mann. His condition, we hope, is only temporary illness for Jim is very much missed in his usual haunts.

—The young people's council of the Bellefonte group of churches will hold its first out-of-doors meeting at Blanchard this (Friday) evening. A number of extra events have been placed on the program. Cars will leave the Methodist church at 6:15 p. m. sharp.

—The Civil Service Commission announces that applications from persons desiring appointment as postmaster at Snow Shoe must file the same on or before July 1st. An examination will be held later in Bellefonte. The Snow Shoe office pays about \$1300 a year.

—A section of the Willing Workers Sunday school class will hold a strawberry festival in the Lutheran church on Wednesday, June 15th, afternoon and evening. Go and enjoy the fruit of the season, ice cream, a cup of good Lutheran coffee and a hot dog.

—Two Bellefonte young people were among the graduates at the Philadelphia College of Pharmacy, on Wednesday of this week, Sheldon W. Evey, son of Mr. and Mrs. Robert Evey, of Bishop street, and Miss Mary R. Rogers, daughter of Dr. and Mrs. J. Coburn Rogers.

—On Wednesday evening of last week the car of W. R. Dale, of Bellefonte, was stolen from Howard street, where it was parked near the American Legion home. On Friday it was found in Lock Haven where it was parked in front of the Kamp shoe store, on Main street. Mr. Dale went down to Lock Haven and drove the car home.

—The State Highway Department is advertising for bids for the construction of almost nine miles of concrete highway from Boalsburg east towards Potters Mills. and will also ask for bids in the near future for the rebuilding of the highway from Boalsburg to State College. These contracts, once they are started, ought to furnish work for a number of Centre county men.

—Warren Cobb, second son of Myron T. Cobb, of Bellefonte, will be married at Clayton, N. Y., tomorrow to Miss Charlotte Kenyon, of that place. The bride-to-be is a daughter of John Kenyon, a retired merchant of Clayton, and for several years has been in the employ of the Irving Trust Co., in New York city, with which the prospective groom has also been connected for some time. They will live in Brooklyn, where a furnished apartment awaits their occupancy.

—The world must be getting better as the attendance at the Methodist Sabbath school, last Sunday, touched 374, which was a slight gain over the previous Sunday and 35 of an increase over the same Sunday last year. Mrs. M. R. Johnson, superintendent of the school's missionary society, was in charge of the special world service program, which included a reading, "What is the Loving Thing to Do," by Betty Zeigler; a recitation, "My Opportunity," by Helen Hartsock, and violin duets by Harriet Thompson and Lorraine Yates.

—W. C. Smeltzer, president of the Farmers' National bank of this place, went out to the Centre county hospital last Friday, feeling that there was something slightly wrong with his physical condition and hoping that an examination would reveal what had been causing him discomfort for some time before. The gentleman is still there. More was discovered than he had any idea of. In fact he submitted to a very serious major operation for a condition that had already become peritonitic. Few survive such ordeals, but, happily, his condition is quite hopeful. Yesterday morning the hospital reported that he was improved and had some helpful sleep during the night before.

**NO STREET OILING WILL BE DONE THIS YEAR BY BELLEFONTE BOROUGH**

Slow Tax Collections Render it Imperative to Conserve the Town's Financial Resources.

At Monday night's meeting of borough council Mr. Badger, chairman of the Street committee, stated that he is in favor of curtailing expenses this year by cutting out all oiling and top-surfacing of streets. In fact, he stated, tax collections are so slow and uncertain that there isn't any money in sight to pay for doing it. He further explained that the streets are all in pretty fair condition and with a little care in patching holes they ought to carry over until next year in fairly good shape. The abandonment of the regular oiling pertains to the streets in general, as the committee's program includes the top-dressing of the brick paving in the square between the Watchman office and the Penn Belle hotel, which, it is estimated, will cost in the neighborhood of two thousand dollars. Mr. Emerick, a member of the Street committee, coincided with Mr. Badger's recommendation and Mr. Arbery, other member of the committee, agreed to the suggestion on condition that Reynolds avenue would be included in any program arranged for 1933.

When council convened secretary Kelly read a communication from the State sanitary water board granting the borough free and unrestricted right to lay the proposed sanitary sewer down Spring creek, and it is quite likely that the work of laying the sewer will be started in the near future.

The secretary also read a letter from the Underwriter's Association which was, in effect, an official notice of the reduction of the insurance deficiency charge in Bellefonte from 22 to 12 cents, effective May 13th. Mr. Emerick stated to council that he had asked a rebate on premiums on policies he carried with local insurance agents and all of them claimed that no rebate could be given; that the reduction referred only to policies taken out on and after May 13th. But he had some insurance carried with a broker outside of Bellefonte and he not only allowed the rebate but has already paid the same. Mr. Emerick called attention to the fact that the borough has large insurance with local agents, some of which has the biggest part of it's term yet to run and he made a motion that the secretary be instructed to notify all the agents that the borough will expect a rebate. The motion was put and carried.

George Hazel, Charles F. Cook and E. K. Stock appeared before council in regard to a grade for a proposed pavement along the old steam heat property, on both Spring and Lamb streets. They also stated that it was the desire of the school board to lay a pavement along the Spring street end of the High school lot and a grade for that is also desired. They were informed that borough engineer Shattuck will give the grade some time this week.

The Street committee reported various repairs and patching of streets.

The Water committee reported some minor repairs, cleaning moss out of the creek and the collection of \$507.38 on water taxes and \$21.95 on rent, etc. The committee also reported that D. Paul Fortney had been employed as an inspector on the concrete work at the reservoir at a salary of \$5.00 a day. The action of the committee was approved by council.

The Finance committee reported a balance of \$424.02 in the borough fund and \$1818.37 in the water fund. Notes totaling \$6,000 were presented for renewal and a new note of \$1000 authorized to meet current bills.

The Fire and Police committee reported that the Logan Fire company has purchased a siren buzzer which they have arranged to install on a tree at the corner of Allegheny and Howard streets to warn traffic when there is a fire and they wanted to know if the borough would bear the expense of wiring the same. Council agreed to do so.

The Sanitary committee presented the monthly report of health officer and milk inspector S. M. Nisiely, in which he reported that the Cold Spring dairy had gone out of business and that Roy Zimmerman expected to start a milk route in about a week or ten days. It was also reported that all dealers either have or will reduce the price of milk to 8 cents a quart.

W. H. Doll, of the Marke, committee, reported that the curb market is picking up.

Mr. Jodon, of the Town Improvement committee, suggested giving a small appropriation to the P. O. S. of A. to help defray the expenses of their flag raising tomorrow evening. President Walker stated that he had better consult the borough solicitor and find out if the borough could legally make such an appropriation.

President Walker appointed Messrs. Emerick and Beaver delegates to attend the annual convention of the Association of Boroughs to be held at Conneaut Lake, June 21st to 23rd.

The matter of laying the sanitary sewer down Spring creek is in the hands of the Street committee to do the work as soon as arrangements can be made to do so.

Regarding the resurfacing of the

**MANY PUPILS HAD PERFECT ATTENDANCE IN BELLEFONTE SCHOOLS**

Exactly 177 pupils, or a little over twenty per cent of the total in the Bellefonte public schools, during the school year which closed last week, had perfect attendance records, being neither absent nor tardy during the entire term. The senior class, with a total of 61 members, made the poorest showing, as only six had a perfect score.

The banner for the best attendance during the month of May went to the 6th grade. Bishop street, which led with a percentage of 98.5, Bishop street, 2nd grade, scored 97.8; 5th grade, Allegheny street, 97.4; 7th grade, Allegheny street, 97; 4th grade, Bishop street, 96.6, and 3rd grade, Bishop street, 96.5.

—There is a possibility that Williamsport might lose its Airport. The field is entirely a local affair, maintained by a company of public spirited citizens of the city, but the upkeep is considerably in excess of the revenue or any benefits derived therefrom and a discontinuance of the field is now being considered. Unfortunately for Williamsport it is not only any one of the regular airline lines across the State, hence the field has only local patronage to depend upon for any revenue.

brick pavement between the Watchman office and the Penn Belle hotel the Street committee finds itself in a perplexing position. The tarvia they contemplate putting on is manufactured by only one firm and for that reason they cannot advertise for bids as required by law, and yet they would like to go ahead with the work at once. The matter was finally referred to the committee with power on condition they consult the borough solicitor in regard to any legal technicality.

Borough bills to the amount of \$1498.97 and water bills for \$863.41 were approved for payment, after which council adjourned.

**BIG LOAD OF BOOZE CAPTURED LAST FRIDAY BY TWO STATE POLICE**

The Result was Dearth of Gin Ricks, Highballs and Mixed Drinks at College Commencement.

Thirty-two gallons of gin, most of it destined to furnish liquid refreshments to visitors at State College during college commencement season, was captured and confiscated just this side of the Centre-Clinton county line, in Nittany valley, last Friday afternoon, by two State policemen, and the result was a dearth of thirst quenchers at the College over the week-end.

John Sabol and Charles Haxton, of the Rockview detail, were down Nittany valley, Friday, checking up on driver's licenses. When a two-ton Ford truck came along the driver was signalled to stop, and did so. Two young men, or rather boys for they are only about seventeen or eighteen years old, occupied the driver's seat. When asked for their driver's license they were compelled to admit they didn't have any. Neither could they produce a license for the truck. The boys gave their names as Torrence O. Decker and Charles Winters. They had a full grown sheep in the back of the truck and a big pile of empty potato sacks. At first they said they had taken a load of potatoes to market and were taking the sheep home with them.

One of the State policemen climbed into the rear of the truck and started an investigation with the result that he found buried beneath the potato sacks eight paper cartons, each one containing four glass gallon jugs of gin. The boys were then placed under arrest and brought to the Centre county jail and the truck and its illicit cargo confiscated. After they were locked up in jail the boys admitted they were from Antes Fort, Lycoming county. A small portion of the gin, they said, was to have been unloaded in Bellefonte but the bulk of it was destined for State College, according to the officers who questioned them. Instead of reaching it's scheduled destination all of the gin was unloaded in Bellefonte. It was brought here by the State police and turned over to Sheriff Boob who stored it in the vault in the court house connected with the county detective's office.

The gin looked as if it had "it's age mit it." The paper cartons containing the jugs had the appearance of having been stored under ground for several years.

**A PHILIPSBURG MAN FOUND DEAD IN HOME.**

Harry Clarkson, a well known resident of Phillipsburg, was found dead in his home apartment on Monday afternoon. Acquaintances of the man who failed to see him at his accustomed places. Monday morning, remarked on the fact to chief of police N. R. Lamoreaux. That official, accompanied by Squire E. R. Hancock, went to Clarkson's apartment over the Grand Union store, where he lived alone. On entering they found his dead body lying on the kitchen floor. The only clothing on the body was his underwear, and appearances indicated that he was in the act of taking a dose of phosphate of soda when stricken by death. A doctor pronounced death as the result of natural causes and that he had evidently died some time Sunday night.

He was a son of Calvin and Emeline O. Clarkson and was born in Phillipsburg 67 years ago. As a young man he learned the trade of a printer and for years worked in the Phillipsburg newspaper offices. He married Miss Laura Adams who died some years ago. They had no children and he is the last of his generation. Burial was made in the Phillipsburg cemetery on Wednesday afternoon.

**HUNTINGDON PRESBYTERY MET AT CENTRE HALL**

The June meeting of the Huntingdon Presbytery was held at Centre Hall on Monday. Rev. J. Max Kirkpatrick, as moderator, presided at the meeting.

Rev. Henry A. Riddle, of Lewisport, presented a plan for four meetings of the Presbytery yearly, in January, April, June and October, with the April meeting being the first in importance.

The pastoral relation of Rev. J. W. Francis D. D., with the First Presbyterian church of Altoona, was dissolved at his own request.

Routine reports of work within the Presbytery were presented and adjournment was made at the conclusion of the evening session.

—Eleven years ago, while doing the family wash, Mrs. Edward Wolf, of this place, ran a needle into her right hand. In an effort to extract it the point was broken off and efforts to remove it at the time proved futile. Ever since she had suffered with a pain in her hand as the needle point worked through the flesh. Some time ago she went to Lock Haven where an X-Ray disclosed the exact location of the broken needle, which had lodged against a bone, and it was removed by a slight operation. Her hand has now almost healed up and she will soon be able to use it as freely as she did before the accident.
