For Supremo Judge,

HON. DANIEL AGNEW, OF BEAVER COUNTY.

HAVING disposed of my interest in the Beaver Argus, all those indebted to me...

NOTICE TO CREDITORS.—No announcement of name will, hereafter, be made without payment of Two Dollars...

OPENING AND CLOSING OF MAIL.—Eastern mail will be open at 9 a. m., and close at 4 p. m.

We call the attention of our readers to the advertisement of W. H. Marshall, of the Rochester Marble Works.

We learn from Jas. Lyons, Esq., that the body of a man was found in the river opposite Economy, on Friday last.

STATE AGENT OF PENNSYLVANIA.—We learn from the Harrisburg Telegraph that Gen. R. Biddle Roberts will take the position of Agent for the State of Pennsylvania.

The exhibition given by the pupils of the Rochester Union School, under the superintendence of Prof. S. H. Pierson, was an entire success.

We learn that Mr. Pierson will open a school in the new building of the House in Rochester, on the 11th of May, and will continue four months.

Robbery.

The shoe shop of Stokes & Tallon, of this place, was broken open on Thursday night last, and about Eighty Dollars worth of cash stolen.

Capt. John Robertson has been appointed, by the President, Provost Marshal for the 24th District of the State of Pennsylvania.

HON. DANIEL AGNEW.

In our last issue we published two communications, urging in forcible language, the claims of Judge Agnew for the nomination of Supreme Judge.

That the Judge will be conceded to the West, we hardly doubt. The Supreme Court is composed almost exclusively of Eastern men.

Judge Agnew has been identified with the Western Metropolis of Pennsylvania for nearly forty years, being the home of his youth and earlier manhood.

Judge Agnew is intimately acquainted, from many years experience, with the intricacies of this branch of the law, and could well take charge of deciding that class of cases.

We shall recur to this subject again, and trust that our cotemporaries in other counties of the State will unite with us in urging the claims of so peculiarly fitted a man for the position.

Our Soldiers in the Army have almost unanimously passed resolutions denouncing "copperheads" and recommending a vigorous prosecution of the war.

The Convention of School Directors met in the Court House, in Beaver, on Monday, May 4th, at 10 o'clock.

Capt. John Robertson has been appointed, by the President, Provost Marshal for the 24th District of the State of Pennsylvania.

Mr. Error.—Allow me, through your paper, to contradict the report that I am not a candidate for the nomination of Treasurer.

As I will be unable to see the people of the county, I respectfully solicit their support.

"Copperheads."

The battle-field for the life of the American Union seems of late to have been transferred from the bloody fields of the South to our own quiet homes in the North.

A series of the most brilliant victories crowned the arms of our Western armies in the spring of 1862, which struck consternation into all States in rebellion.

The title of victory tarped, but we did not profit by the example of our enemy engaged in a most unholty cause.

We do not realize the great truth that it is as noble to preserve as to establish States, founded upon just and righteous principles.

The sad reverses which we have met have stirred up a wicked and accursed race of the vilest "copperheads," as they are appropriately called.

Resolved, That in the death of Brother Campbell his beloved wife has lost a kind and affectionate husband, the community a worthy and highly esteemed member.

Resolved, That the above resolutions be published in the Western Star and Beaver Argus and New Brighton Times, and the Secretary forward a copy thereof to the wife of the deceased.

In the copperhead papers of the North, including the one published in this county, the good sense and patriotism of the people are constantly insulted by the most insolent abuse of our government and laudations of the slave power.

Encouraging desertions from our army, and in creating amongst the people as far as they can distrust in the constituted authorities.

wretches disgracing our Bar, our Churches and the social circle.

Let them be driven from every place and position in Society where their presence can insult the pure and upright, or where they can do injury by their evil example and pernicious doctrines.

Let every man frown upon them in society, and let our ladies meet them only with scorn and contempt.

Army Correspondence.

The letter, from which the following extracts are taken, was written by a soldier from Crawford county, but formerly a resident of this county.

The Committee shall do what they can to secure speakers for the Township meetings, when applied to, or if they see fit shall appoint and attend or secure some person to attend said meetings.

The Committee shall endeavor to have sewing societies organized in each school district in this county, which shall be auxiliary to this Committee, and shall endeavor to apply as far as they can donations in the way desired by the donor or donors.

The meeting of this Commission shall be opened with prayer, and all the public meetings shall be opened with prayer and closed with the benediction.

It is not unlikely that there are motives for this movement, the first and most important of which is to create alarm, and induce the Government to retain troops in the border States to protect them from incursions of this kind.

It is probable, therefore, that there was no intention on the part of these bold invaders to attempt to take the great western campaign of our State.

Congratulatory Order from Gen. Hooker—Our Troops Across the Rappahannock.

Washington, May 2.—The following dispatch has been received at headquarters of the Army in Camp near Falmouth, Va., April 27, 1863. It is with heartfelt satisfaction that the commanding General announces to the Army that the operations of the last three days have determined that our enemy must either ingloriously fly or come out from behind his defenses and give us battle on our own ground.

The main body of Hooker's army crossed last below Falmouth. About 20,000 crossed above Falmouth under Gen. Slocum, who made a detour of the enemy's position and captured some 1,500 rebels.

It is said that our communications with General Stoneman have been cut off by guerrilla bands between Warrenton Junction and Ball Bluff, and will probably be restored.

Another Raid into Pennsylvania.

The intelligence that a rebel cavalry force had captured Morgantown, Va., very naturally created a considerable excitement for it appeared probable that so advanced upon Pittsburgh would be made before it could be reconstituted to its defense.

Morgantown is on the Monongahela river, within a few miles of the Pennsylvania line, and about seventy miles directly due south from Pittsburgh.

It is probable, therefore, that there was no intention on the part of these bold invaders to attempt to take the great western campaign of our State.
