NOW.

THE sciences of Chemistry and Medicine have been taxed their utmost io produce this icet, must perfect purgative which is known to man. Innumerable proofa-ure shown that there Prize have virtues which surpass in excellence the ordinary medicines, and that they win un-ABE DR. DURB'S PREFIRITIONS GOOD The best evidences that they are is, that ther birmest friends and best patrons are those who excellence the ordinary medicines, and that they winch surpass in precodentedly upon the sates of all men. They areas and pleasant to take, but powerful to cure. Their pene-trating properties simulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggisch or disor-dered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of servy body, but also formidable and dangerous diseases that have balfied the best of human skill. While they produce powerful effects, they are at the same time, in diminished does, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures that is to forhid a supprise bellef we're they not cub-stantiated by men of such explicit positions and character as to forhid the surplace lead to early in the stantiated by men of such explicit positions and character as to forhid the emploin of untrath.
