NEW BRIGHTON RETREAT

AN ASYLUM FOR THE RECEPTION OF PATIENTS SUFFERING FROM ALIENATION OR INSANITY.

EXCLUSIVELY FOR FEMALES.

This institution is now open for the reception, care, and treatment of the insane, and of patients who are suffering from mental derangement, or other nervous and chronic diseases. We make special mention of nervous and chronic diseases, from the fact that seven tenths of the female patients that are admitted to this institution are afflicted with deranged minds, are reduced to that lamentable condition through previous physical disorder. By a well timed and judicious treatment of chronic and nervous diseases, all physical disorders, in the majority of cases may be removed; and thus the mind, having suffered through the medium of the body will when free from the exciting physical cause, throw off the shackles that have bound it to worse than midnight darkness, and reason will, once more, resume its sway.

The institution is a large, brick building with a stone basement—four stories high and well ventilated. It is situated on an elevated position, and is surrounded by a high wall, and is accessible to all the roads and neighboring streets; all of which are calculated to produce favorable impressions upon the disordered mind.

This institution is complete in all its appointments. Having been tastefully fitted up at great expense, in order that it may meet the approbation and views of the most fastidious.
