AN ASYLUM FOR THE RECEPTION OF MENTAL CURS AND TREATMENT OF ALIENATION OR DISORDER

And Other Nervous and Chronic Diseases.

EXCLUSIVELY FOR FEMALES

This Institution is now open for the reception and treatment of the insane and other classes of patients who are laboring under mental derangement; or other nervous and chronic diseases. We make special mention of nervous and chronic diseases, from the fact that several of the first patients who were committed to our public Asylum, to be treated for disordered minds, are reduced to that lamentable condition through previous physical disorder. By a well timed and judicious treatment of chronic and nervous diseases, all physical disorders, in the majority of cases may be removed; and thus the mind, having suffered through the medium of the body will when free from the exciting physical cause, throw off the shackles that has bound it to worse than midnight darkness, and re-assume its wonted position, its way clothed in all its primitive beauty and wondrous excellence. Hence the necessity of all those who are laboring under the predisposing, or exciting causes, calculated in the end to impair the mind to resort to an early and judicious course of treatment.

The Institution is a large brick building with a stone basement—four stories high, and well ventilated. It is situated on an elevated table land which commands a view of entire town—adjacent hills, groves and neighboring streams, all of which are calculated to produce favorable impressions upon the disordered mind.

The Institution is complete in all its appointments. Having been tastefully fitted up at great expense, in order that it may meet the approbation and views of the most fastidious.

The water closets and bathing apparatus have been gotten up upon the most approved modern scientific principles. This department embraces not only the ordinary bath, but also, the medicinal, warm air and medicinal and descending baths for the more efficient and successful treatment of cutaneous and other scrofulous diseases.

We beg leave to say to all those who may be disposed to consult the Institution, that if their wife, sister or daughter, to our charge—may be assured that no means will be spared or efforts wanting on our part to ameliorate their condition or to effect a restoration to their accustomed health and vigor of mind.
