BEHIND TIME.—We are necessarily compelled to issue our paper a day or two later than our usual time, owing to the delay in procuring paper.

The Character of the War.

It was a true remark recently made by Garrison the abolitionist in reply to Wendell Phillips, who said that "the gristle of the South had hardened into bone," "that it must be into the bone of a skeleton." The one exaggerated, the other depreciated, but the truth lies between them.

The following cases were disposed of last week: Commonwealth vs. Anthony Sieman, Christian Waik, Lewis Suedler and W. H. Wiseman. Indictment for riot and assault and battery with intent to kill. Verdict of guilty of an assault and battery. Verdict of guilty.

"Come to Supper."

There will be a supper given on Thursday Evening, the 16th inst., at the "Beaver Hotel," the proceeds of which are to go to the Treasury of the U. S. Christian Commission.

SALE OF THE SMITH'S FERRY PROPERTY.

This state of affairs has produced in the sympathizers with treason, in the North, a most wonderful change. They hoped to see our republican institutions overthrown, but they now feel that the time is at hand when the cause of human liberty is about to prevail.

The Baltimore Nominations.

The people of the United States were not surprised that the Baltimore Convention, on the 7th inst., nominating ABRAHAM LINCOLN for President, and ANDREW JOHNSON, of Tennessee, for Vice President.

The Latest Flank Movement Foreshadowed.

A Tribune correspondent with Grant, writing on the 9th, says: It is my duty to religiously refrain from speculation when I do not know and statement when I do not know, as to future movements of the army.

The Rumored Postponement of the Chicago Convention.

The Chicago Convention is another of the many proofs that the Democrats are bewildered, just as Lee is about Grant. Some of them are turning towards Fremont, but there is little probability that he will be taken up under any circumstances.

Union State Central Committee.

The members of the Union State Central Committee will assemble in the city of Harrisburg on the 6th day of July, ensuing.

U. S. 10-40 BONDS.

These Bonds are issued under the Act of Congress of March 8th, 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by any state or municipal authority.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order.

At the present rate of premium on gold they pay OVER EIGHT PER CENT INTEREST in currency, and are of equal convenience as permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith of either private parties or stock companies or separate communities only is pledged for payment while for the debt of the United States the whole property of the country is held to secure the payment of both principal and interest in gold.

These Bonds may be subscribed for in sums from \$50 up to any magnitude, and are equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable is paid, on the 24th of March, 1864, was \$30,000,000. The interest on this debt for the coming fiscal year will be \$2,000,000, while the customs revenue in gold for the current fiscal year, ending June 30th 1864, has been so far at the rate of over 100,000,000 per Annum.

It will be seen that even the present gold receipts of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the amount of receipts from customs on the same amount of importations, to \$10,000,000 per Annum.

Instructions to the National Banks acting as loan agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the First National Bank of Pittsburgh, Third National Bank of Pittsburgh, and by ALL NATIONAL BANKS which are depositaries of Public moneys and RESPECTABLE BANKS AND BANKERS throughout the country, acting as agents of the National Depository Banks, will furnish further information on application and Afford Every Facility to Subscribers.
