

COUNTY CONVENTION.

From Washington.

WASHINGTON, June 18.—Mr. Chase urges amendments to the tax bill which will add largely to the revenue. He is known to favor a tax of two dollars a gallon on whisky and ten per cent on incomes.

It appears that it was Gen. Wadsworth's intention at the close of the war to pay over a sum of money equal in amount to that he received from the Government to some permanent institution founded for the relief of disabled soldiers. "This," he said, "is the least invidious way in which I can refuse you for fighting for my country in her hour of danger."

The 18th, Ohio, (100 day troops) having in its ranks lawyers, clergymen, and others of the best infer in the State, on Saturday voted unanimously to go to the front and fight.

They then marched to the White and had an interview with the President who addressed them, thanking them for their prompt resolution and saying, "wherever you go I know you will do your best."

There are indications that all the railroads by which Richmond is supplied will soon be rendered useless.

Sheridan on an Important Raid.

NEW YORK, June 14.—A special to the *World*, dated Washington, May 13th, says: Several boats have arrived from White House to-day, leaving there last night. They bring no news proper for publication. But little skirmishing has occurred for a few days. There was much anxiety to hear from Sheridan's raid. It was to be a long and an important one.

The city has been filled with a rumor that Fort Darling has been largely invested and must soon surrender, thus allowing the gunboats to pass up the James river further towards, if not into Richmond. The army may come up to-day, and also the 2d Wisconsin regiment, whose term of service has expired.

The Kentucky Raid Over.

CINCINNATI, June 14.—Reports received at Covington last night say that Morgan's forces had been scattered in all directions. A party of five hundred that took the Augusta road were overtaken and whipped yesterday near Clayville, by Colonel Gerrard. Stranglers are being picked up through the country. The hospital train from Cynthiana arrived last night, bringing one hundred wounded; among them were twenty rebels. The wounded remaining when they visit New York. We claim to be able to supply them with every article in our line which they can possibly purchase elsewhere.

Orders by mail intended to go to New York. Do not fail to call when you visit New York.

Gen. Grant's Change of Base.

NEW YORK, June 14.—The *World*

says: It is now disclosed that the army under Grant has effected a change of base to the James river. All the movements of that army since the battle of Friday, the 3d, have aimed at this consummation, which was shadored forth, though not declared in the following dispatches.

The raid of Sheridan, the destruction of railroads, and the investment of Fort Darling, with a view of opening the James river, for our gunboats, seem to indicate that every available force is to be employed in the next offensive movement.

Gen. Burbridge and Gov. Bramlette, of Ky.

A Washington special to the Pittsburgh *Commercial* says that it is a matter of record that the gallant General Burbridge, who routed Morgan at Cynthiana, silenced, a few months ago, the threats of Gov. Bramlette, to the effect that he would resist further recruiting of negro soldiers, by saying that at the slightest attempt to translate those words into acts, he would march with his whole command against all who should join in such attempts.
