COME LET US REJOICE TOGETHER!

Illumination and Procession.

Loyal men of Beaver county, the campaign is won. The battle fought and the victory ours! After the greatest contest ever known in the country, we can congratulate you upon the glorious result. We have increased our majority largely, notwithstanding the boasts of the opposition. The loyal men of Beaver county have done their duty nobly, meeting the issue as becomes freemen, Pennsylvania has gone for the Union by a large majority, and Abraham Lincoln is re-elected President, having carried almost every loyal State. The great battle of the war has been fought and won. In view of our great and overwhelming victory, we call upon the loyal citizens of Beaver and the surrounding boroughs, to illuminate their houses on Friday evening, Nov. 11th.

A procession, headed with a band of music, will parade the streets and a salute of thirty-five roonds will be fired. Gen. W. B. Clarke and Capt. George W. Hamilton will have charge of the procession and salutes. Come and rejoice with us.

☞ One of our government officials just returned from Peru, tells us that among the first and most frequent inquiries made of him there about our public men was, whether he knew or had ever seen the celebrated American Chemist, Dr. J. C. Ayer of Lowell. His remedies are found in every village from the elevated slopes of the Andes down to the coast, and their remarkable cures seem to attract even more attention there than in this country. The sentiment of wonder at their effects, takes a far deeper hold on a half civilized and superstitious people than it does with us where the rationale of medical problems is so much more generally understood. No other American has made himself so familiarly known to the masses of the people in foreign countries or excited in them so lively an interest in himself as the Doctor has by his skilful application of chemical science to the treatment of disease.—*National Era, Washington D. C.*

He says that he had been for some time sick of the whole business, and was only waiting to receive replies to letters addressed by him to Peter Cagger and other prominent Democratic politicians in New York, which would prove their complicity beyond all peradventure, when he intended to voluntarily make a complete expose of the whole thing, and that if the arrest of himself and his confederates had been postponed another week, he would have been able to fix the guilt of the transaction from its incipiency where it properly belonged.

JOSEPH LEDLIE, Sheriff.
Beaver, Oct. 5th, 1864.

The peculiar taint or infection which we call SCROFULA, lurks in the constitutions of millions of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces against vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses**, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

of ancient times used honey to beautify their complexion; but the combination with palm-oil and other valuable ingredients, makes it still more valuable. For bathing suffering infants, a few drops poured into a basin of water will dispel all fever, fetter, &c. A few drops poured on your shaving-brush makes a beautiful soft lather, leaving the face pure and white.

When used for washing night and morning, it eradicates all *Tan, Pimples*, and *Freckles*, rendering the skin soft and white and free from blemish.
