

Notice.

Those of our patrons who are indebted for subscription, advertising, &c., are requested to make immediate payment. Subscriptions will be payable to the undersigned until January 1st, 1885. Mr. Scott is authorized to receipt in my name. D. L. INBAIR.

EDUCATIONAL.—The Directors of Independent School District of Logan town have employed J. B. Rhodes and J. F. Dunlap to teach the schools under their supervision for a term of four months, at \$35 per month. Jas. Irons is President and J. C. Ritchie Secretary of the Board.

The Johnstown Democrat, the organ of the Copperhead Democracy in Cambria county, has hidden its readers farewell. Its last number was issued on Wednesday.

CHANGE OF FIRM.—The Pittsburg Chronicle, heretofore under the management of Charles McKnight, Esq., is now controlled by Charles McKnight & Co., Mr. Joseph G. Siebenack having purchased an interest in the paper. Mr. S. has been the business manager of the Chronicle for several years, and is familiar with the duties of the newspaper business.

A GOOD WORK.—The Beaver M. E. Church has been tastefully refitted and repaired. The pulpit has been modernized and must now be a charming place to speak on. The walls have been re-papered and wood-work of the building re-painted; besides a neat new fence now surrounds the church. It has thus been made a beautiful and comfortable place for worship.

In consequence of the great demand for surgeons in the Pennsylvania regiments now in service, Surgeon General Phillips has been compelled to organize a permanent State Medical Board in Harrisburg. This Board is daily in session, and affords an opportunity to the members of the profession in good standing, who are desirous of entering the services as Assistant Surgeons, to present themselves for examination.

The first newspaper known to history was published in London, and dated July 23, 1588, called "The English Mercury," and it was issued by the Government during the progress of the Spanish armada. To prevent the circulation of false reports, the printer's name was Christopher Barker.

Another Death from Chloroform.

A sad occurrence took place in the dental establishment of Dr. Spencer, No. 259 Penn street, Pittsburgh, on Friday. The facts, as stated in the Commercial, are as follows: Miss Malinda Cary, a resident of Kittanning, aged about seventeen years, had been on a visit to some relatives in this city. Yesterday, in company with her aunt, Mrs. Collins, who resides in Allegheny, she visited the office of Dr. Spencer for the purpose of having a number of teeth extracted. The ladies were ushered into the operating room by Dr. Spencer, who is at present too unwell to attend personally to his professional duties. Miss Cary stated the nature of her call and desired Dr. Spencer to extract her teeth. Before he undertook to extract her teeth, the usual questions as to her physical condition, the Doctor, believing her to be a fit subject, complied with her request, and administered chloroform, which is a compound of ether and chloroform, and proceeded to extract her teeth. After he had succeeded in extracting some four or five teeth, Miss Cary suddenly raised up in her seat and commenced to struggle in a violent manner. Discovering that something was wrong, Dr. Spencer at once sent for Dr. Duncan, but before his arrival the young lady expired. Dr. Spencer, immediately after proper attention had been paid to the remains of the deceased, repaired to the Mayor's office and gave himself into custody to await the result of the coroner's jury. As soon as Coroner Donaldson was apprised of the melancholy occurrence he summoned a jury, and after hearing the evidence of Dr. Duncan, Mrs. Collins, aunt of deceased, and a young lady residing at Dr. Spencer's, the jury returned a verdict that the deceased came to her death from the use of chloroform administered, at her own request, in the usual manner, by Dr. Spencer, and fully exonerating him from all culpability in the matter.

The jury, however, outside of their official verdict, strongly condemn the use of chloroform by the dental profession, and call upon the Legislature to pass a law inflicting heavy penalties upon all who persist in the practice.

The Best, Most Reliable Sewing Machine Now in Use!

These Machines make the lock-stitch alike on both sides, and use less than half the thread and silks than the single or double thread loop-stitch Machines do. It will Stitch, Hem, Fell, Quilt, Tuck, Plait, Gather, Cord, Braid, etc., all without previous basting; and are better adapted than any other Sewing Machine in use to the frequent changes and great variety of sewing required in a family; or they will sew from one to twenty thicknesses of Marseilles without stopping, and make every stitch perfect; or from the finest gauze to the heaviest beaver cloth, without changing the feet, needle or tension, or making any adjustment of machine whatever!

It has the following advantages over all other machines: Far greater variety of work; beauty and excellence of stitch; speed and quietness of motion; simplicity of construction; ease and management; elegance of design and finish. These are peculiar facts, and will go far to determine the choice of an intelligent buyer.—Please call and examine.

aug 17] Sole Agt for Beaver co. NEW BRIGHTON RETREAT

AN ASYLUM FOR THE RECEP-TION, CURE AND TREAT-MENT OF MENTAL ALIENATION OR DISORDER

And Other Nervous and Chronic Diseases. EXCLUSIVELY FOR FEMALES.

THIS institution is now open for the reception, care and treatment of the insane class of patients who are laboring under mental derangement; or other nervous and chronic disease. We make special mention of nervous and chronic diseases, from the fact that seven tenths of the female patients that are committed to our public Asylum, are treated for disordered minds, or reduced to that lamentable condition through previous physical disorder. By a well timed and judicious treatment of chronic and nervous diseases, all physical disorders, and the majority of cases may be removed; and thus, mankind, having suffered through the medium of the body, will when free from the exciting physical cause, throw off the shackles that has bound it to worse than midnight darkness, and resort to an early and judicious course of remedial agents.

The Institution is a large brick building with a stone basement—four stories high, and well ventilated. It is situated on an elevated town-adjacent hills—groves and neighboring streams; all of which are calculated to produce favorable impressions upon the disordered mind.

The ventilation is complete in all of its appointments. Having been tastefully fitted up at great expense, in order that it may meet the approbation and views of the most fastidious.

The water closets and bathing apparatus have been gotten up upon the most approved modern scientific principles. This department embraces not only the ordinary baths but, also, the medicated, warm air and ascending and descending douche for the more effectual and successful treatment of pulmonary and other serious diseases.

We beg leave to say to all those who may be disposed to commit the interests of a dear wife, sister or daughter, to our charge, may be assured that no means will be spared or efforts wanting on our part to ameliorate their condition or to effect a restoration to their accustomed health and vigor of mind.

For further particulars send for a circular. All communications should be addressed to: E. KENDRICK, M. D., Sept. of New Brighton Retreat, Beaver Co. Pa. Nov 12 '82.

The Best, Most Reliable Sewing Machine Now in Use!

These Machines make the lock-stitch alike on both sides, and use less than half the thread and silks than the single or double thread loop-stitch Machines do. It will Stitch, Hem, Fell, Quilt, Tuck, Plait, Gather, Cord, Braid, etc., all without previous basting; and are better adapted than any other Sewing Machine in use to the frequent changes and great variety of sewing required in a family; or they will sew from one to twenty thicknesses of Marseilles without stopping, and make every stitch perfect; or from the finest gauze to the heaviest beaver cloth, without changing the feet, needle or tension, or making any adjustment of machine whatever!

It has the following advantages over all other machines:
