SUBSCRIPTION TERMS.

It is not possible to continue the publicaion of The Angus under the old arrangement of sending the paper to subscribers who may not pay within five or ten years. Printing paper costs thready four times as much as it aid in 1860, and besides we must have the money to get it even at that price. Frinters' expanses are very much greater, which must be equalized by an increase of their wages. To meet these demands, and so continue the publication of THE ARGUS, its subscriptions must be paid invariably in anyance. Club rates have also been established by which we expect to furnish THE ARGUS somewhat cheaper to its subscribers, and, their number to be largely increased.

One copy, one year. Five copies, one year, to one address. 9 50

Any larger number, \$1,75 each. Additional subscribers from time to time, as they may be obtained, may be added at the club price.

\$1,00 per year.

No subscriptions received for a less Postmasters are authorized to act
